## Timmins News in Brief

There was a big crowd at the dance at King's Hall on Saturday, the new orchestra there attracting many.

The Caledonian Society of Timmins are giving an Open Dance in the Masonic Hall, Tuesday evening, April 5th.

The lovers of curling hereabouts should not forget the meeting called to organize a curling club. This meeting is to be held in the Council Chamber this (Wednesday) evening at 8 p.m.

His many friends in town and district will regret to know that Mr. J. Heppleston has been confined to the house with illness during the past week. All will wish J. H. an early and complete return to the fullest health.

The special last week at the New Empire "The North Wind's Malice," was a picture particularly worth while. Scenery, acting, plot and story all were good, and the crowded houses Friday and Saturday had nothing but good words for this superior picture.

A Tea and Sale of Home-made Baking, and Sewing (plain and fancy) is to be held in the L.O.O.F. Hall on Saturday afternoon, March 26th, from 3 to 6 p.m., under the auspices of Gold Nugget Rebekahs. All are invited to the event, and it promises to be a profitable and pleasant occasion for those attending.

Mr. J. L. Englehart, former chairman of the T. & N. O. Railway Commission, is in the Wellesley Hospital, Toronto, though now well on the way to recovery and expected to be able to leave the hospital this week. His present illness and the necessity for hospital treatment came from trouble with his teeth.

The Timmins Football Club is planning to put on a Big Day of Sports here on May 24th. As President Jack Faithful says "We have had Spring with us all winter, and it is going to be an early summer all this year." Accordingly good weather and a big day are expected quite confidently on May 24th. Jack Thomas says that seven years ago the 24th was a very fine day and so it is every seven years. So when the two Jacks agree, there's surely a good day coming.

Mr. J. H. Black, of Toronto, is in the Camp.

Miss Agnes Angrignon is visiting in Haileybury.

Mr. Hall Sawyer, of Portland, Maine, is visiting his aunt, Mrs. J. W. Fogg.

Mr. and Mrs. J. S. Brown, and family, of Iroquois Falls, were visitors to town this week.

Don't forget the Dance in King's Hall, Saturday night. Al. Wilson's Orchestra will furnish the music.

Report has it that arrangements are under way to re-open operations on the Bourkes Mine, further sinking and drifting being planned.

The Girls' Auxiliary of St. Matthew's church are giving an Easter Monday dance in the Masonic Hall on Monday evening, March 28th. Hishon's Orchestra will furnish the music for the occasion.

Mr. T. E. Strain, of South Porcupine, has just returned from Florida. He can see quite a difference between the climate here and in Florida at this particular time of the year but nevertheless his fancy on the whole is for the great North Land where he has spent so many years.

A number of friends and relatives gave Mrs. Max Levine a very pleasant surprise party during the weekend. A very enjoyable social evening was spent by a large number of the friends at Mrs. Levine's home and Mrs. Levine was presented with a beautiful Crown Derby Tea Service.

The Masquerade Ball at Schumacher last week was a great success. The attendance was large, the costumes original and interesting and well carried out and the music and everything else up to the usual high standard of McIntyre Recreation Hall events. Among the many striking costumes the one winning first prize as a Comic was worthy of note, though many did not understand the significance of this masquerade. This first prize was won by Mrs. Fred McAllister, her representation being a skilful one of "Topsy," the celebrated little colored lady in "Uncle Tom's Cabin."

### Why the Ford is the "Universal" Car

Down among the orchards of Nova Scotia, the farms of New Brunswick, on Sherbrooke Street in Montreal, Yonge Street in Toronto, Portage Avenue in Winnipeg, on the far flung horizons of Saskatchewan and Alberta, up through the mountains, of British Columbia, down Granville Street in Vancouver, on Government Street in Victoria—it's the same story—half of all the cars you see are Ford cars—in many sections they are two to one of all other makes.

And it's the same story in Africa, Australia, Britain, Europe, United States—throughout the world—one half of all the motors on earth are Fords.

Why?

Because the simplicity of the Ford Car adapts it to every driver.

—because the power of the Ford car carries it wherever the driver wants to go.

—because its durability and rugged strength make it the car for every condition of usage.

—because of its low first cost and low cost of operation and maintenance.

The Ford Car is a good car for you to own.
