

"Underneath Hawaiian Skies"

HERE is one of the finest Fox Trots released for some time, played by Paul Whiteman and His Orchestra from the Palais Royal, New York City, who are new and exclusive "His Master's Voice" artists.

"Sip Sip Sippy Shore" on the reverse side is a dashing, snappy, vigorous One Step, with too many effects to be crowded into description, also played by the same Artists on

"His Master's Voice Record" 18744 10-inch \$1.00

SPECIAL FEATURE THIS WEEK AT THE NEW EMPIRE

The special for Friday and Saturday of this week at the New Empire is the now famous comedy, "Stop Thief," a picture that has been received with the greatest approval wherever shown. Many have been commenting on the large number of extra specials of particular excellence shown at the New Empire during the past few weeks, and "Stop Thief" will be accepted as another of these specially noteworthy specials. For next Monday and Tuesday Dorothy Gish, the ever-popular, appears in a new one, "Little Miss Rebellion." The name of the actress in the leading role and the name of the picture alike suggest a very attractive feature.

MINISTER OF MINES AT HAILEYBURY THIS WEEK

The Temiskaming Prospectors' Association, of which Mr. T. M. Strain is secretary, have been endeavoring for some time past to secure certain amendments to the Mining Act for the protection and benefit of the prospectors and the mining industry generally. They have asked for a visit to the North Land by Hon. Harry Mills, Minister of Mines, so that the problems could be taken up on the ground, as it were. As a result of their efforts, Mr. Mills is coming north this week and will confer with the Temiskaming Prospectors' Association at Haileybury to-day (Wednesday). While in the North Land it is expected that Hon. Mr. Mills will visit several of the mining camps. He is expected at Cobalt as well as Haileybury to-day, Kirkland Lake on the 16th and at Porcupine Camp on Friday the 17th. He may also visit Elk Lake and Matatchewan if he can find the time and opportunity.

The special at the New Empire last Friday and Saturday, "The Last of the Mohicans," proved an unusually excellent feature and was much enjoyed by large crowds each evening and at the matinee.

LADIES' AID TEA AND SALE OF HOME COOKING

A Tea and Sale of Home Cooking will be held in the basement of the church on Saturday afternoon, June 18th from 3 to 7, under the auspices of the Ladies' Aid of the Presbyterian Church, Timmins. So many of these same events have been conducted with such a maximum of success and pleasure under the same auspices that the enjoyable success of the event on Saturday is practically a foregone conclusion.

NEXT THING IS A HIGHER FENCE FOR THE GROUNDS

This town is full of first-class good sports. But there are a few others. For example:—At the football match on Friday 337 men, young men and boys paid their little quarter like little men to see the game. Others who didn't want to see the game, or didn't want to spend their money, stayed away like good sports. But a few pikers hung around the gate peering in and thus got "something for nothing." Still others, poorer sports yet, climbed up on the fence to see what they could see without paying. And others still made use of the balconies of neighboring buildings for a free view. On the 24th of May the same sort of poor sport meanness was shown by a few. The right type of men are galled by this sort of stuff. It is not the loss of the quarter admission that annoys. It is the feeling that there should be this type of tin-horn crook taking something that does not belong to them. Legally, these cheap guys may get away with it with out any other punishment than the contempt of any who may notice them. But morally, men who steal a view of a ball game where admission is charged are just as much thieves as if they stole the price of admission. Chief Borland says that for July 1st, he thinks, he will beat the cheap sports by erecting a canvas so high as to obstruct the view of the pikers. It might be well for the Grounds Committee to beat the Chief to it, and erect some sort of a permanent screen board that would keep the cheap guys from having free view.

UNIQUE N.O.H.A. TROPHY ARRIVES AND SENT TO SOO

Cup Made from Iron, Copper, Silver, Gold.—All Minerals of the North Land.

Last week Secretary Charlton of the N.O.H.A. received the trophy that has been purchased for the winning team of the Hockey clubs of the North. After being on display in North Bay for a few days the cup was forwarded to Sault Ste. Marie, the winners of the N.O.H.A. series in 1921. It will remain at the Sault until won by some other club in the League, probably the Porcupine, eh what? Sure!

The N.O.H.A. cup was purchased with money donated by the various towns having N.O.H.A. teams, including Porcupine, Iroquois Falls, New Liskeard, Haileybury, North Bay, Sudbury and the Sault. It is unique in the particular that the cup proper is made from many minerals or metals, all of North Land production. The cup is of very handsome design, and about the only thing about it that may not be considered as distinctively North Land is the base in which it stands which is of mahogany. Gold, silver, nickel, copper, iron,—these are some of the minerals artistically used in the designing of the trophy, and these are all North Land products. The Porcupine, for instance, produced each a small quantity of silver, as well as a large quantity of gold. Sudbury is well known for its outstanding position in the world as a nickel producer, copper being also produced at Sudbury. The Sault's iron and steel industries are well known. So it may be noted that the original type of trophy represents in unusual way the towns playing in the League. The cup cost in the neighborhood of \$500, and those who have seen it affirm that it is well worth the amount and more. On the cups engraved the names of the towns contributing. The trophy this year also bears the names of the Sault Ste. Marie players,—the first winners of this handsome and original type of trophy.

but it is understood that a number of shareholders wished the cut in price as more practical. They are credited with believing that the 30 cent price will work to the effect that "insiders" would get the preference and would be able to corral the biggest part of the issue. The change in price was accordingly made, so that all would have a show in the purchase of the stock. Those who have already bought shares at 30c. will be allowed the new rate, and it is understood that this arrangement is satisfactory to all.

SUGGESTIONS ASKED FROM EMPLOYERS AND EMPLOYEES

There are few subjects in which a keener or wider interest is taken than the matter of wages, probably because 90 per cent. of the men and women in this country are dependent directly or indirectly upon their own or someone else's earnings. Realizing that there is a point below which wages for women should not be allowed to fall, the Minimum Wage Board was established by act of Ontario Legislature in 1920. It has now spent some months in ascertaining just how much a girl must spend in order to obtain the necessities of life. One of the results of their investigating has been the establishing of an order governing the minimum wage which may be paid to women workers in the laundries of Toronto. Under the terms of this ruling experienced female workers employed in such laundries may not be paid wages at a less rate than \$12.00 per week.

A survey is now being made of the following industries; Chocolate, Biscuit, Confectionery and allied industries; Paper box, paper bag, stationery and allied industries; retail stores groceries specialties; gum and jam, with a view to establishing wage rates for girls in these occupations. These orders will first apply to Toronto but, together with the laundry order, will later be extended to the whole Province. As the cost of living is lower in the smaller towns and cities, the orders for the Province generally will fix lower minimum than for the larger cities.

Dr. Macmillan, Chairman of the Minimum Wage Board, Spadina Crescent, Toronto, has announced that he will gladly furnish information to any employer or employee who may care to write to him with regard to the terms of the Board's orders. Employers throughout the Province with whom the Board has come in contact, have invariably not only given their assistance but, upon learning the methods and results of the Board's actions, have also given their approval.

SOUTH KEORA TO SELL SHARES AT FIFTEEN

According to the decision reached by the directors of the South Keora Mines, the company recently formed to buy part of the Keora Mines, the company recently formed to buy part of the Keora Mines property, the first 100,000 shares of South Keora treasury stock are to be sold at 15c. per share. It was originally intended to put these shares on the market at 30c.
