**FIRE RANGER T. O'GRADY
PASSES AWAY SUDDENLY**

Mr. Thos. O'Grady, brother of Mr. N. E. O'Grady, died on Sunday morning at Kenogamissique Lake. He was on the fire-ranger staff and until last Friday seemed to be in his usual good health. On Friday he was unwell and on Sunday he passed away, death being due to heart trouble. The deceased was about 60 years of age. He was popular and highly esteemed by all who knew him and his death is sincerely regretted. The remains were sent in Monday to Ottawa for interment there.

**LOSS AT WAREHOUSE FIRE
NOT AS GREAT AS REPORTED**

In the adjustment of the insurance on the warehouse of the Triangle Lumber Co. Limited, destroyed by fire last week, it developed that the loss was by no means as serious as reported in the last issue of The Advance. According to official information from the Triangle Lumber Co. the total amount of goods stored in the warehouse would not exceed \$3000.00, and part of this was salvaged. In fact, the loss would not exceed \$1000 in all from last week's fire. The Triangle Lumber Co. place their loss around \$1000.00, and the higher figure quoted last week was not given by anyone connected with the company, but was simply an estimate based on the apparent value of the goods destroyed, and like many such estimates made by outsiders, proved to be far from the actual facts.

**NEW FOOTBALL CUP ON
THE ELIMINATION PLAN**

The Goodyear Tire and Rubber Co., of Toronto, have donated a handsome cup to the Northern Ontario Football Association for competition. The N. O.F.A. at a meeting the other day decided to have competition for this cup while the other schedules are in progress, the games to be played on the "elimination" plan. All clubs desiring to compete must make entry with the N.O.F.A. before July 1st. All teams entering must be members in good standing of the N.O.F.A. This year the territory will include from Cochrane to Cobalt and as far west as Timmins. The teams to play together in sudden death games in the first round will be drawn, and there will be a second drawing to select the teams for the semi-finals, and this plan will be followed through to the final deciding game.

**SETTLER HEAVILY FINED
FOR SETTING BUSH FIRE**

Settlers and others everywhere in the North Land should read and heed the following case, not only because of the suggestion it holds out of personal loss or punishment, but because of the injury to property and the danger to human life involved in such proceedings. The forests form one of the great sources of wealth of the North Land. And at the same time the bush fires are one of the great menaces of the country. Anything that endangers this source of wealth also endangers many lives. Fires set out carelessly or without due watchfulness have done much harm in the past. For this reason regulations have been made in the hope of guarding the forest wealth and keeping human life from jeopardy. No man who carelessly or unlawfully sets out a forest fire can know where it will end or what damage it will do. To observe the law and to ensure all necessary precautions, no fire should be set out without a permit. The law requires it. Common sense requires it. Conscience requires it.

The case in question is as follows. It is from the last issue of The Sudbury News:—
"Magistrate Brodie set an example which might well be followed by other magistrates when he sentenced Otto Marks, lot 3, con. 5, Township of Secord, to \$100 and costs or 30 days at hard labor for starting a bush fire. The accused followed the practice of a great many settlers who are under the impression that they can start fires any place and then leave them to take care of themselves. This particular fire took care of 500,000 feet of pine timber before it was brought under control and the maximum penalty was imposed."

**TIMMINS I.O.D.E. TO ENDOW
COT AT MUSKOKA HOSPITAL**

At a meeting last night the Timmins Chapter of the Daughters of the Empire decided to proceed with the proposal for the endowing of a cot at the Muskoka Free Hospital for Consumptives. To do this the local I.O.D.E. will have this year to raise \$1000. When this amount is secured the Muskoka Free Hospital for Consumptives will allow the I.O.D.E. to name the cot thus endowed. The name chosen will likely associate both the Town and the I.O.D.E. The Daughters of the Empire intend to start a drive to raise the necessary funds. The amount so raised will be supplemented by a straight donation from the funds of the I.O.D.E. now on hand and it is also hoped that the Town this year will turn its contribution to the Muskoka Hospital to the endowment fund, so that the name of Timmins may be closely associated with this worthy cause.

The Muskoka Hospital for Consumptives is one of the most worthy of deserving causes. At present the institution is in special need of funds the building at Gravenhurst having been destroyed by fire some months ago.

**DRILLER MEETS SUDDEN
DEATH ON THURSDAY LAST**

Pasquel Cinnette, a driller at the McIntyre Mine, met a sad and sudden death about midnight on Thursday last while at his work. His brother who was working with him was also badly injured, having one eye hurt and his leg broken. The brother is now in the hospital, but is making excellent progress to recovery. At the inquest held last week the cause of the accident was shown to be due simply to unfortunate circumstances which can not be provided against. It appeared that in drilling, Pasquel Cinnette drilled into a "missed hole" causing the fatality. Both the safety man at the mine and Pasquel Cinnette had carefully overlooked the face of the rock to be sure there were no missed holes. No such danger spots could be seen and so the drilling was commenced as usual. The machine, however, did encounter one of these missed holes containing explosives that had missed fire and the accident resulted. The explanation of the underground engineer in charge at the mine that the hole that caused the fatality had become covered with dust and dirt so as not to be apparent to the eye is no doubt the explanation of it being missed in the search before drilling as every care and precaution seemed to have been taken. Pasquel Cinnette was a careful workman and was popular with all who knew him and his death is sincerely regretted. There will also be much genuine sympathy with his brother and very sincere hopes for his early and complete recovery from the injuries he received.

District Passenger Agent,
Cochrane, Ont.

**COURT OF REVISION TO
BE HELD, TUESDAY, JULY 6**

(Continued from page 1)

Councillor L. S. Newton placed the suggestion before the Council of finding a residence for the Chief of Police and turning the upstairs of the municipal building into offices, so as to relieve the crowding of the present court room. This plan would provide more room for the court room and also suitable offices for the town officials. It would be a cheap way-out of the difficulty.

Councillor T. F. King thought there were many more necessary things. He mentioned the putting in of a concrete square at the Imperial Bank corner. Traffic was very heavy there and much money had to be spent in temporary repairs. Other members of the Council thought still other public works more necessary at the moment.

Councillor Longmore asked the various committees to get in their estimates for the year as soon as possible. The Fessenden Lumber Co. wired to the effect that a representative of the company would be here this week to take up with the Council the question of a site for the proposed new mill, etc. A special meeting of the Council is being held this afternoon to deal with this and other questions.

It was decided to have the Court of Revision sit on July 5th commencing at 10 a.m.

A general discussion took place on automobile traffic, etc. It was considered well to have sign erected at the limits of the town indicating the lawful rate of speed in the town, etc. The street corner traffic indicators bought some years ago by the Town were also referred to. Before these could be erected by the Town a by-law would be necessary.

Authority was granted for a new uniform for the Fire Chief.

The question of a band stand was again before the Council. The band could not play in the open air, giving free night concerts once a week, without some sort of band stand. For the present lights will be put upon the stand now at the fair grounds and this stand otherwise fixed up for the purpose.

The tenders for grading on Second Avenue and Pine street were considered. There were seven tenders. The lowest tender, that of C. Mallette and P. Lamothe at \$1015.34, was accepted.

Another important question dealt with by the Council was the matter of the erection of stores in residential sections. Store buildings were planned on the front of lots (fifteen feet or so in front of where residences were built) to the detriment of the residences. The Town had no by-law in the matter, but there was a proviso in the deeds given by the Townsite Co., though the latter had never been enforced. The Town could not refuse building permits until a by-law was prepared to cover the matter, so it was decided to ask the Townsite Co. to enforce the proviso in the deeds until the Council could deal with the matter at the special meeting to-day.

The Council, after passing accounts, salaries, etc., adjourned until this afternoon.

Thursday last was an easy day at the local police court, nothing more serious than a few drunks being before the Magistrate. Ten dollars and costs and some good words of advice were awarded the guilty by Magistrate Atkinson.

**TEMISKAMING & NORTHERN
ONTARIO RAILWAY**

Train Service.

See current time table or apply any T. & N. O. Ry. Agent for full particulars.

A. J. PARR,
General Passenger Agent,
North Bay.

**THIS MAN ACCUSED OF
BEING TOO GOOD A WRITER**

A man named Richard Toland is in the jail here because he is charged with writing not wisely but too well. According to the police he wrote so well that the bank gave him \$125.00 on the strength of his writing of another man's name. The other man kasing, Mr. Finlayson had been beson worked at the Hollinger and had an account in the Imperial Bank here as well as a large balance at Kapuskasing. Mr. Finlayson had been befriending Toland who seemed to be in poor luck, but last week Toland announced that he was going away. "You have been so good to me," he is reported as saying to Mr. Finlayson, "that I will want to write to you, so give me your address." Mr. Finlayson wrote down his name and address as desired. "Do you always write like that?" Toland is said to have asked. Mr. Finlayson said he did. The next day Toland left. That closed chapter one in the story.

The second chapter opened with Mr. Finlayson finding his two bank books gone. At the bank he learned to his surprise that a cheque for \$125 had been paid out in his supposed signature. Then he went to Chief Greer, and the chapters at once began to tumble after one another with lots of action and excitement.

Chief Greer heard Mr. Finlayson's story and piecing the information together he thought Toland should be located at once. Toland was traced to South Porcupine where he went by rig and there the one bank book was recovered where it had apparently been thrown away. Toland was apparently headed for Toronto, and an address was secured in the city where Toland was likely to visit his wife. His wife had moved, and by the time Toland reached the new address the city detectives were there ready for him and took him in charge. Constable Roy went to Toronto and brought the prisoner back on Saturday evening last. Toland is in jail here awaiting trial before Magistrate Atkinson to-morrow (Thursday) on charges in connection with the irregularities regarding the cheque and the bank books. He is very sorry now about the affair.

According to the police case, Toland is alleged to have taken the two bank books to the bank. He asked to have the money in the bank at Kapuskasing transferred here, suggesting that it would take some days to reach here. On the money in the bank here he is charged with drawing the cheques for \$125.00 in Finlayson's name. The whole proceeding, his possession of the bank books, the fact that he did not attempt to actually draw any money from the larger account, the signature and the endorsement he was ready to make, all kept the bank officials from being unduly suspicious.

Toland's side of the story will be a matter for interest.

"Duke" McCurry left on Sunday for Toronto.

**A. J. Sheppard
PLASTERING CONTRACTOR**

Ornamental, Plain and Rough-cast Plaster Work. Terms moderate. Best of Work. A trial solicited.

Old River Road. Timmins
