

THE CURTIS DRUG COMPANY

The Gift of Good Eye Sight

is one to be thankful for, and yet how we do abuse it. Hour after hour of close work under a poor light is enough to make the best pair of eyes in the world feel strained and tired.

Give your eyes a chance. If suffering from Headache or Eye Strain, see a competent Optometrist and have a thorough examination.

Our Eye Examinations are complete in every way and are conducted with the latest and best of Optical Equipment.

Your Medicine

When illness enters your home it's comforting to realize that the medicine your physician has prescribed, has been dispensed by a graduate dispenser, and that all care has been used in making up the mixture.

Each Prescription dispensed here is done so by a licensed graduate.

This makes it safe for you. Bring your Prescriptions to us.

THE CURTIS DRUG COMPANY

Timmins News in Brief

(Mrs. Geo. Dewar and children left on Monday for a visit to Toronto.)

(Miss Evelyn Carson is spending a week's holiday with friends at Swastika.)

(Mrs. A. Roberts and Miss Jean Roberts are visiting Toronto and other points south.)

BORN—At the Cairns Hospital, Timmins, to Mr. and Mrs. T. W. Bird, Iroquois Falls, a daughter.

(Mrs. Burton and family moved here last week from Cobalt to join her husband who is on the staff of the Hollinger mine.)

The game here to-day between Coburn and Timmins in the District League promises to be the liveliest ever this season.

(Mr. Don Campbell is acting express office manager at Cobalt to relieve the permanent agent who is away on a vacation.)

The Band Concert given Sunday evening by the Timmins' Citizens' Band after the church services was much enjoyed by all.

Forty-five bands from Halifax to Vancouver have applied for information regarding the band competitions at the Canadian National Exhibition at Toronto this year. The famous Huntsville Band will appear for the week, Aug. 29th to Sept. 3rd, and H. M. Grenadier Guards Band of Montreal will also be one of the features in the attractive musical line.

The week-end game in the Porcupine Mines League is Dome at McIntyre on the 21st. On the 28th McIntyre plays at Hollinger, and the following week, Timmins plays at the Dome. This concludes the Mines League schedule, with the exception of a couple of games earlier in the season that were postponed.

In connection with the accident on the Masonic Hall hill on Tuesday several motorists have referred to the danger caused by boys attempting to climb on moving autos. The danger of accident to the boys is of course quite apparent, and there is the further danger caused by the natural nervousness forced upon the motor driver. A man either attempting to avert an accident to some mischievous boy or even galloping to make sure an accident has not occurred through a lad's foolhardiness is very apt to lose control of his machine for the instant necessary to cause grave danger. The boys should keep away from the autos. If they don't the police will be picking them up to avoid the danger of the hospital getting them or others.

WANTED—Two or three rooms suitable for light housekeeping. Apply Box 33, Advance Office. —33p

SEALED TENDERS FOR WOOD

This sixteenth day of August I offer for sale by sealed tenders one hundred and twenty-five acres of wood.

Tenders will be accepted up to the seventh day of September, 1921. This wood can be seen on the north half of Lot 2 in the Fifth Concession in the Township of Mountjoy.

This would be an ideal opportunity for several citizens.

Terms can be arranged on purchase. Address all tenders to

R. J. CONVERY,
Box 33, Mattagami Heights, Ont.
33-34p.

(Mr. W. Rinn left to-day for Montreal and Toronto on a buying trip.)

(Mr. and Mrs. Fred Hornby and little son are spending a holiday in Haileybury and other points south.)

The Timmins Business College will open next Monday, Aug. 22nd, in the Ansara block, Third Avenue, occupying the suite of rooms upstairs.

BORN—At the Cairns Hospital, Timmins, on Saturday, Aug. 6th, 1921, to Mr. and Mrs. David Moffatt, a son.

(Mrs. Mark Bowie and little daughter left yesterday for a holiday at her old home in the southern and to visit other centres south and east.)

(Mr. James Sloan, who has been visiting his uncle here, Mr. Ed. Leslie, for the past three or four months, left on Thursday morning last for his home in Toronto.)

Messrs. Sam and Jules Cohen were visitors to the Camp this week in connection with their mining interests. Mr. Saneton, consulting engineer, of Montreal also paid a visit here.)

There are still super-mean men in the world. A fellow broke into St. Joseph's church at Sudbury last week and robbed the poor boxes of the change they contained.

A man about town says The Advance should change its by-word,—"It's a funny world, this North Land," to "It's a funny Government, this Farmer's Cabinet."

At Kirkland Lake in the N.O.F.A. series for the Dickson Cup on Saturday there was a keenly contested game with Timmins as the visitors. The result was a draw, the final score being 1-1.

Mr. N. Ansara is coming to Timmins this week to open up business here in the newly remodelled Ansara block, Third Avenue. Mr. Ansara has been thirteen years in business in Cobalt, but comes to Timmins attracted by the glowing prospects of this camp as a progressive and prosperous centre.

Enquiry has been made by Iroquois Falls as to securing the Timmins Band for the big Labour Day event at the big Paper Town. As most of the Band will be attending the Labour Day at the Falls anyway, and in view of the kindness and neighborliness shown by Iroquois Falls and their Band, the Timmins Band will no doubt respond in the strongest force and at the lowest expense to the Falls possible.

While driving his auto down Spruce street on the Masonic Hill, Mr. Frank Feldman of Schumacher had a narrow escape from a serious accident yesterday. A boy ran out on the road and attempted to climb on the slowly-moving auto, and Mr. Feldman, fearing the little fellow might slip under the wheel, turned his head to take a look at the boy. At that minute some of the road rocks got in their fine work and just as Mr. Feldman was shutting the machine off it headed down the deep ditch taking a header and turning completely over onto the vacant lot behind the Royal Hotel. Mr. Feldman escaped without even a scratch and the auto was nearly as lucky, no particular harm being done except the smashing of the top and the breaking of the windshield glasses.)

FOR SALE—The Club, Schumacher. Apply T. H. Torrance, Timmins.

ELECTRIC RANGE FOR SALE—cheap for cash. Electric range, 4 plates and oven, complete with vice switch, wire and conduit; used 6 months; in first-class condition. J. J. Keown, Box 103, Schumacher, Ont. 30-34p.

The Trail Breaker

SURVEYORS and sportsmen—men whose transportation requirements are intensely practical—whose work takes them to out-of-the-way places, invariably prefer the Ford.

Settlers living far from the beaten path find that the Ford gives satisfaction on crude, rough roads.

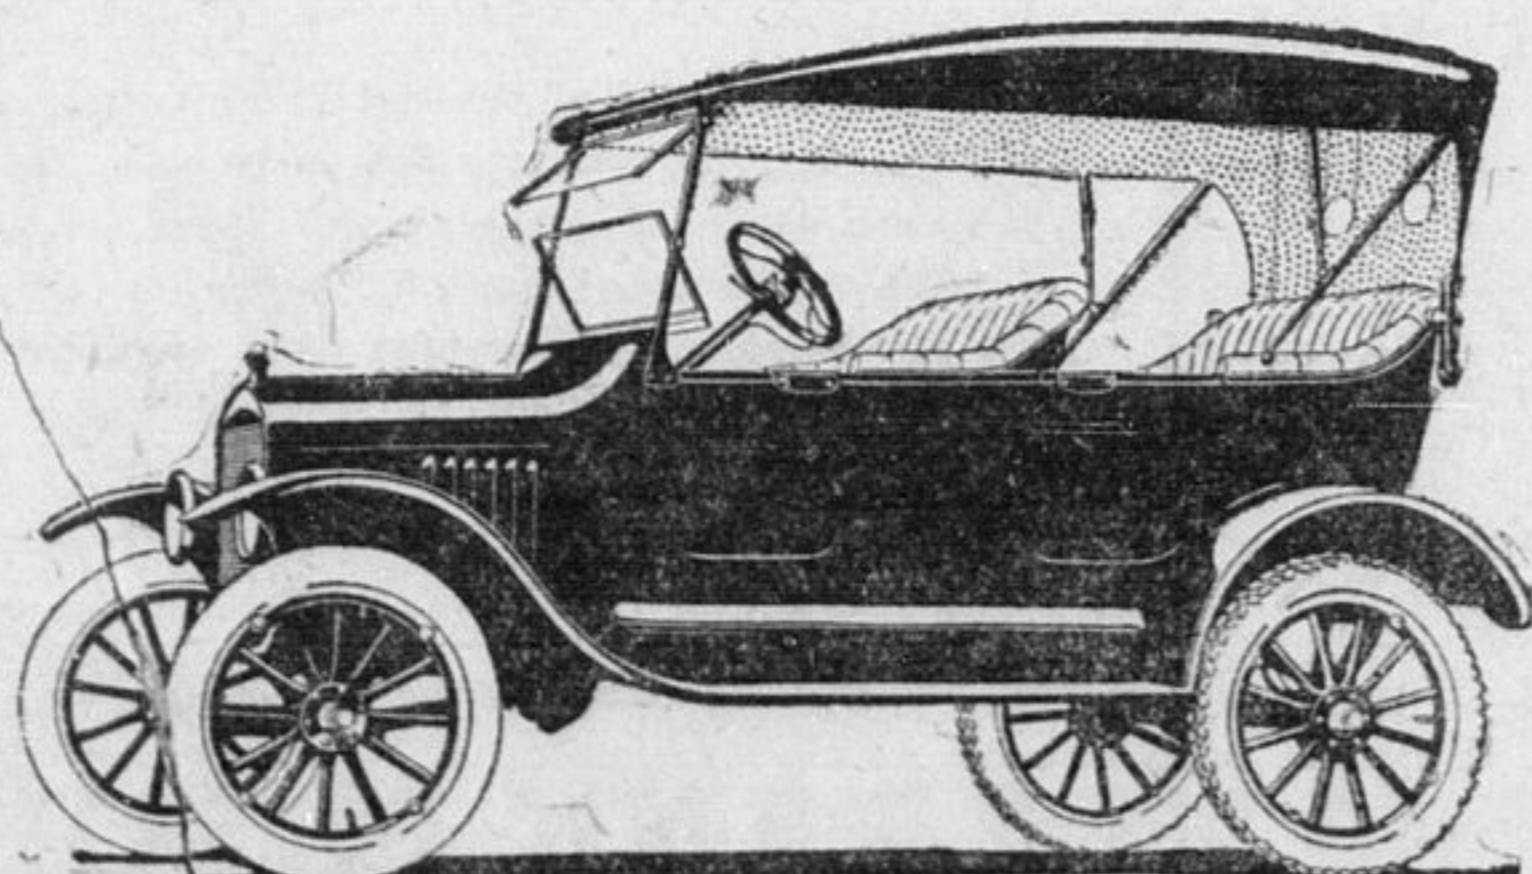

The Ford is the trail breaker.

On the regular roads of this part of the country the car that meets the test of the trails is the car that will give you satisfaction year in and year out.

The Ford is sturdy construction throughout. Vanadium steel is the costliest steel used in motor construction. Every strain bearing and wearing part is of this wonderful material. It is not the ordinary vanadium steel sometimes found in other cars. It is Ford vanadium, heat treated by the exclusive Ford method.

The same sturdy, rugged construction prevails throughout the car.

No wonder the Ford owner is master of the roads wherever he may be! We sell Ford service. We see to it that Ford efficiency, put into the car by the makers, is maintained. We keep our stocks of genuine Ford parts always complete. Our skilled mechanics are ready to answer your call for repairs at any time. Let us come to you and demonstrate the Ford.
