

DRUG STORE SERVICE

You expect and rightly so, that your Drug Store service should be of the very best. There can be no delay over mistakes if you are still to retain your confidence in the store. The line of goods carried must be the best obtainable, and the prices right. We want you to know that we run this kind of drug store.

Prescriptions

Take no chances with your prescriptions. In cases where the Doctor has given you a prescription be sure it is filled by a qualified dispenser as mistakes are dangerous. At our Store you may always be sure of proper dispensing. Bring your prescriptions to us.

These are the days when any trouble in reading shows up very plainly. Dark, dull days where every effort has to be used for reading or close work, brings out the deficiency very quickly and brings home to us forcibly the fact that our eyes are not right. Eye troubles require an optometrist. Bring your eye troubles to us.

The Curtis Drug Co.

Timmins News in Brief

Mr. Geo. Ecclestone and Miss Irene Ecclestone, of Bracebridge Ont., are visiting their brother, Mr. Walter Ecclestone.

Mrs. Duncan Gray and Miss Mary returned on Saturday from an extended visit to Blind River, Sault Ste. Marie and other towns in northwestern Ontario.

Major J. D. Mackay has been appointed deputy sheriff of the northern part of the District of Temiskaming with headquarters at Cochrane. He took up his new duties on September 1st.

Dr. J. A. McLanis, Mayor of Timmins, is away on a well-earned holiday in the south. During his absence his practice here is being looked after by Dr. Harris, of Toronto.

Col. Race, of the Muskoka Hospital for Consumptives, was a visitor to Timmins last week in the interests of the cause with which he has been associated for many years,—the battle against the White Plague.

The baseball match at Iroquois Falls on Saturday of this week is the second in the series of games for the championship of the N.O.B.A. Need anything more be said as to the kind of a game it will be? Unless it rains Timmins should be there in a body to cheer the boys on the victory.

The Dancing Classes being conducted by Mr. C. E. MacDonald in King's Hall are meeting with much success. They are proving very popular and drawing a large number of pupils who report satisfactory progress under the teaching of Mr. C. E. MacDonald and the lady assistant.

Liskeard and Haileybury druggists seem to be featuring Tanlac, advertising "large shipments" as being received. Tanlac at one time used to be very popular as a tonic among sad people whose religious convictions prevented them drinking honest booze. But this is no advertisement for Tanlac. Rather it is a warning:—the doggone stuff hasn't any kick at all these days.

According to a postcard from Mr. Peter Bardessen this week, he is now giving the State Fair at St. Paul, Minnesota, the once-over, and is to dine with the Governor of the State after the Fair. In which case the Governor will have pleasant company and all will hope Pete also has a good time. Pete is expected back here in the course of the next week or so.

In view of the general situation promising to prevail in the lumbering business this fall and winter, it is interesting to note that the J. R. Booth company will have four camps in the Elk Lake district as well as four hundred men employed at Dane. The firm will have between 30 and 40 camps in the North. Wages will run from \$26.00 to \$32.00 per month,—a big drop from recent years.

A couple of weeks ago Andy Westburg, a farmer living near New Liskeard, shot two big bears, a lady and a gentleman bear, but let three young cubs escape. Last week Andy was fined \$800 and costs for selling liquor contrary to the wishes of Attorney-General Raney. Not having the \$800, Andy went to jail where now he is thinking no doubt that he should not have let the cubs get away. In any case it is evident that a shot or two from Andy reached the wrong quarters.

Mr. Mark Bowie left this week for a holiday visit to Toronto, Montreal and other points south.

Rev. Y. C. France, of Thornloe, is expected to take the Baptist church services in the new school at Moneta on Sunday, Sept. 18th.

"Better times ahead for the North Land soon," says a mining man. Sure thing. The certain or uncertain Cobalt paper has already reduced its size and it is hoped that it will have left the North Country altogether in the course of this week or next. North Bay is an unlucky town, all right.

Effort is being made by the Secretary of the Temiskaming Associated Boards of Trade to have the French National Train stop over at a number of places in this part of the North Land on its way back from Winnipeg in October. Timmins is one of the towns that it is desired to have the French Train call at.

"Slim" slipped over to the post office on Sunday to post a letter. He had the letter up to the slot to drop in the box when he noticed a cop coming along. "Slim" held the letter till the cop came up. "Say, is it all right to post a letter on Sunday?" Slim asked. "It is," said the cop. "Well, safety first, but thank goodness I don't have to send it by express," says Slim.

Messrs. J. D. Campbell and A. J. Dickson, representing the Maritime Motion Picture Company of Sydney, N.S., are in town this week in connection with the sale of a limited amount of the company's stock in Timmins. The company is a picture producing concern that has opened up at Sydney. Their first picture, "Big Timber," a story of the North woods, has been sold already, without a first screening. Other news and feature films have found ready sale. Sixteen actors and actresses have been busy at Sydney since Aug. 20th in productions for the Maritime Motion Picture Co.

Five men who escaped last week from Guelph Reformatory were captured near Woodstock last Friday night. One of them gave the name of Archie Stone and his address as Timmins. The local and Provincial police say they know of no one of the name of Archie Stone being sentenced from Timmins or ever living in this district. They are inclined to the opinion that either the name or the address has been falsified. The five men were hiding in a clump of weeds and before they were aware they had been detected the police were on top of them. They were arrested without a struggle.

Mr. A. E. Ridell came back to Timmins last night after a holiday at his home in Parry Sound. He leaves tomorrow morning for Cobalt to relieve the H. B. Wills & Co. operator there for a couple of weeks after which he will go on to Toronto to the head office of the H. B. Wills Co. It was understood that Mr. Riddell would go from here to the new office at Sudbury, but this plan has been changed and Mr. Riddell will instead be on the other end of the line at Toronto, thus able to be in more or less daily touch with his many friends here, all of whom will have added confidence in what may come over the wire because "Rid" is at the sending end. Maybe "Rid" was very much annoyed because he happened in here in time for the game with the Falls to-day,—and maybe not.
