INSURANCE MEN ALSO

EXCLAIM:—"ON TO TIN CAN!"

About co-incident with the gathering at Cochrane for the turning of the first sod on the T. & N. O. threatened extension to Tin Can, there was a gathering of the agents in the district of the Confederation Life Insurance Association to meet their general manager of agencies, Mr. J. Tower Boyd, and their superintendent of agencies for Ontario, Mr. Charlie D. Devlin, who were in Cochrane for the occasion. Mr. G. S. Drew and Mr. F. C. H. Simms of Timmins were among those present. Speaking of the event the last issue of The Cochrane Post says:

"After a short business meeting, held in the District office, the party of twelve adjourned to Brownlee's Tea Rooms, where a dainty banquet was served, after which Mr. E. C. Ward called on Mr. Boyd to address the gathering, which he did, expressing his optimism of the North Land, also his appreciation of the work Mr. Ward had done for the Company and the community at large, congratulated him on having such a fine staff of agents. Dr. Moore, Medical Examiner for the Company at Timmins, also addressed the meeting, while Mr. F. C. H. Simms, the Company's genial agent at Timmins, spoke on behalf of the agents, outlining the fact that he supposed that at the next gathering of the Cochrane Agency Staff that no doubt we would have a representative from Moose Factory. Mr. Devlin was then called upon, and he gave a general outline of the agents' work and especially the Cochrane District, commenting on the able manner in which Mr. Ward had increased the Company's business. The meeting then closed by singing "It Isn't Any Trouble Just to S-M-I-L-E."

ORIENTALS HAVE BIG NIGHT OF FUN AND PLEASURE

Friday evening was a big night for the Timmins Oriental Lodge, of the "Order of Humility and Perfection." Whatever may be said about their "humility," all present at their "At Home" Friday night will cheerfully admit that when it comes to giving a social evening and a night of care free fun and enjoyment the Orientals sure come close to "perfection." Friday evening the proceedings started with a parade around town of the members of the Order, the members all being dressed in Oriental costumes and most of them otherwise disguised beyond general recognition. At the head of the procession leading the sacred goat was a member the only clue to whose identity was his height. The identity of the policeman in uniform, on the other hand, could only be guessed from his breadth. And only his depth gave any hint as to the personality behind the black goatee. The parade, with its clever band, attracted several hundred children and others. After making the rounds of the town, the "Never Sleepers" repaired to the I. O. O. F. hall, where disguises were shed and they and their guests settled down to a delightful evening of fun and enjoyment. There were about ninety present at this "Moon Feast" or "At Home" and every mother's son and adopted child present had a great old time. First, crib and euchre were enjoyed, the contestants progressing up and down the tables as the time slipped along. Mr. Geo. Pond won the crib championship, and Mr. R. Richardson the euchre trophy. Then Mr. W. Nicholson took the chair and an impromptu programme of music, dances, etc., was enjoyed. A feature of the fun was the barn dancing numbers, for which Bro. McCarthy did the calling off, and the music was supplied by a crowd around the piano that included Bros. R. Richardson, S. Shankman, M. Daher, W. Pierce, and others, generally voted as "some orchestra." Another special was the duet by Messrs. Richardson and Pierce. Mr. J. Cowan's rendition of "Paddy McGinty's Goat," brought down the house and an encore was insisted upon, Mr. Cowan's response to this being equally pleasing and appreciated. Later in the evening Mr. Cowan also won very hearty applause by a reading very effectively rendered. An impromptu address by G. A. Macdonald, concluding with a pathetic story, also pleased the good-humored gathering. There was dancing and more dancing, and everything free and

social and pleasant. A special number on the programme, and one particularly enjoyed by all present, was the luncheon served. In quality and quantity it was O.K., A.L., first class, and the coffee was specially good. Anybody who would not have a good time at an event like the Oriental Moon Feast on Friday should see a doctor about his disposition.

POWER SUPPLY CERTAIN UNTIL END OF NEXT MARCH

Mr. J. H. Black, of the Northern Canada Power Co., is credited by The Mail & Empire and other dailies with saying—"Without taking into account the rains of the last few days, we figure there is enough water in storage to supply the Porcupine mines until the end of next March as much power as they are now using." This definite announcement will be considered as good news for the mines of the North and the mining interests generally. It means that there will be no power shortage this year such as handicapped operations last winter. It means that the mines of the Porcupine will be able to "carry on" at their present rate throughout the winter.

But it does not provide for the expansion and enlargements of the big producers. The Ontario Government would do well to note this fact. The big mines, and especially the Hollinger, show anxiety to expand and increase production. For this more power is necessary. The Hollinger was ready, and is ready, to develop its own power for its own extra needs. All that is needed is for the Government to grant the lease, (of course under the necessary rules and restrictions that will protect the general interests of all). According to the reports in the Toronto newspapers, Mr. Black recognizes that something more than providing present needs is required. He intimates that negotiations are under way and may be concluded shortly whereby the future needs of the Camp will be provided for. It should not be forgotten, however, that while the negotiations keep on pending, the need remains and presses. Had the Hollinger been granted the lease applied for some months ago, men would be at work now on construction and the needed new power would have been ready to deliver here in the spring. The Hollinger was ready to take the lease on the Government's own terms, and put 2000 men at work at once and spend \$3,000,000 inside of a year on the development work.

COAL HEATER FOR SALE. Apply No. 1 Maple street. —45

ALEX STIRLING.
Government Road Inspector, Timmins, Ont. —45

MAYOR ASKS ALL TO GIVE THE "TRIBUTE OF SILENCE"

Throughout Canada on Armistice Day, Friday of this week, all industry and amusement, etc., is to stop for two minutes at eleven o'clock in the morning. This is a nation-wide observance, as will be noted by the item elsewhere in this issue. It is the "Tribute of Silence" of the people of this land to the brave men and women who gave their lives in the great war. The Mayor of Timmins, Dr. McInnis has asked The Advance to make special appeal to the people of this town for the fullest observance of this tribute to the gallant dead. "For the two minutes at eleven o'clock," the Mayor suggests, "every wheel should stop, every industry suspend, all work cease, and every head be uncovered in silent token of honour and respect for those who gave their lives in the special battle of humanity."

MANY LEARN ADVANTAGES OF SOLDIERS' INSURANCE

Mr. Tait, representing the Soldiers' Insurance Dept., has been in town this week and many ex-service men have been able to learn the full details of the Government's plan for the insurance of returned soldiers. The result has been a great increase of interest, for the plan is one with many very noteworthy and desirable features. There is no medical examination necessary, for one thing, and for another, the rates are remarkably low. On Tuesday evening Mr. Tait gave an address on Soldiers' Insurance, in King's Hall. There was a good attendance and much interest shown. Mr. Tait gave a clear and concise explanation of the whole plan and its advantages and many questions were asked by those present, the result being a very definite appreciation of the plan and a consequent appreciation of its benefits. Mr. Tait is at the Goldfields to-day, but leaves for Cochrane to-morrow. While here he will be pleased to go into this insurance question with any ex-service man, and after Mr. Tait leaves here particulars may still be secured by any interested by applying to Mr. H. C. Garner at the Ontario Employment Office, Timmins.

INEFFICIENCY DUE LARGELY TO IMPERFECT SIGHT.

In a careful examination of ten thousand industrial and commercial workers, active in their work and supposedly in good condition, fifty-three per-cent. showed defective vision uncorrected. It is an absolute fact that many employees are accused of inefficiency and carelessness when it is entirely a matter of imperfect vision.

It behooves every one to see that his eyes are kept in good condition and free from eye-strain coming from defects which may be corrected by glasses, or the strain due to improper lighting.

WHY DON'T YOU GO TO CHURCH?

You are too tired to go to church! What nonsense. There isn't a place on this continent so restful as the church. You are going to lie around the house all day; toll in a rocking chair; go to sleep over a book. That isn't resting, that's loafing. Tell yourself, honestly, did you ever in your life see a loafer who looked rested? Did you ever see a loafer who didn't look tired all the time? The people who try to rest are always tired. Resting is the hardest work in the world when you make work of it. Two hours in church, two hours in the quiet; the music, the sermon, the reading, the uplift which comes from the new channels into which your mind is led, will rest you more physically, morally, intellectually, than all the day spent in trying to rest. Why don't you go to church?—Bob Burdette.

Annual Stock Reduction Sale, commencing No. 11th at Ostrosser & Co.'s. See posters for particulars.

Accountant and Auditor

Experience efficiency energy equipment
Offices Reed Block Timmins, Ont. Telephone 66

A resident "auditor and public accountant" with many years of practical experience.

Commercial Weekly Bulletin

Among the latest to enroll in the Com. Dept. of the Timmins Business College, are Miss Louise Bouchard and Miss B. Leblanc, both are well known Timmins girls.

Miss E. M. Terry, who is Manager and Principal of the Sudbury Business Colleges of which the Timmins Business College is a branch, was a business visitor to the Timmins Business College last week. Miss Terry find that the large enrollment and the students' progress is most remarkable. The Timmins Business College enrollment should be larger than that of any College in Northern Ontario in a very few weeks.

Mr. P. Harrower who was formerly employed as Commercial Teacher in The Sudbury Business College is now Assistant Teacher in the Timmins Business College.
