N.O.H.A. TO HAVE SAME GROUPING AS LAST YEAR

Other Matters of Importance Dealt With at Annual Meeting at North Bay on Saturday.

The decisions of the Northern Ontario Hockey Association at the annual meeting on Saturday in North Bay, were very satisfactory.

The big point at issue was the grouping. New Liskeard and Haileybury wished to group with North Bay, making three groups; Sudbury and the Soo in the southern; North Bay, Haileybury and New Liskeard in the centre; Timmins and Iroquois Falls in the North. The discussion on this point was very long and it was finally left to the Executive which voted six to three in favor of last year's grouping; that is, two groups—Iroquois Falls, Timmins, New Liskeard and Haileybury in one; North Bay, Sudbury and the Soo in the other. The delegates in this group got together and drew up a schedule which was satisfactory.

The big question as far as Timmins is concerned was the grouping. Tom Duncan of Haileybury opened the discussion by the simple statement that they wished to group with Liskeard and North Bay. Geo. Lake of Timmins came out strongly in favor of the same grouping as last year. G. W. Turk of the Falls took the view that dividing into three groups, two of them having only two teams, would hurt hockey. Roy Grills, of New Liskeard, in supporting Mr. Duncan said that it was not so much a question of distance as a question of train service, that owing to the train schedule there was great loss of time in going up the line to Timmins and Iroquois Falls. A. A. Pinkney of the Canadian Soo objected to three divisions, saying that three team divisions were no good to start with, and besides the play off among three divisions would take too long and run into soft ice. Sudbury threw a bomb into the camp when Mr. Morrison calmly proposed that Liskeard, North Bay and Haileybury were to be grouped together, and Sudbury be grouped with them. This action of Sudbury's was taken because the meeting previous had voted to ask the O.H.A. to include the Michigan Soo in the southern group, which was strongly objected to by Sudbury. Fred Thompson, of New Liskeard, claimed that Timmins and Iroquois Falls games at New Liskeard were a losing proposition, that they only got fifty per cent. of the receipts and the accommodation was small. The result was that the travelling expenses from Timmins and the Falls more than took up their share of the gate. He said that they ran from \$40 to \$100 behind every time Iroquois Falls or Timmins played at Liskeard. He also claimed that it took five days for the trip north and only one day for the trip to North Bay. Alec Dewar of the Falls, quoted the mileage from Liskeard to North Bay and from Liskeard to Timmins and Porquis Junction, to show that Liskeard joining with North Bay would not improve the situation, but make it worse, that as far as the mileage is concerned they would only be a few dollars ahead and expenses and that North Bay would not prove the drawing card at Liskeard that Timmins or the Falls would. As regards the time occupied in the trips north and south he pointed out that Mr. Thompson had omitted to say that they played two games in the five days or in something less than five days, loss of time; whereas the trip to North Bay occupied almost two days for one game and that they would have to make a second trip, so that there was very little difference in time.

Mr. Tessier of North Bay, backed up Mr. Duncan's grouping. D. Merkley, of Haileybury, made another suggestion,—that they would prefer, when it came down to the fine point, to play home and home games with New Liskeard and the winner play with other groups. Jas. Heppleston, of Timmins, said that he could not see why two good groups should be weakened and made into three poor groups in order to please Haileybury, which had defaulted to New Liskeard last year after it had had a home game. It was finally decided to leave the matter to the Executive.

The new Executive met after the annual dinner, which finished up about one o'clock, and the decision was to have the same grouping as last year, the vote being six to three.

The election of officers was a tremendous tribute to Angus Campbell and H. P. Charlton, as President and Secretary respectively. When Angus Campbell was nominated for a third term there was enthusiastic and long

ANNUAL MEETING C.A.S. WEDNESDAY EVENING NOV. 30

Reports for Past Year to be Received And Officers Elected for Ensuing Year.

The annual meeting of the Porcupine branch of the Children's Aid Society will be held in the Council Chamber, Timmins, on Wednesday evening of next week, Nov. 30th. at 8.15 p.m. At this meeting the reports of the officers for the past year will be received and officers elected for the ensuing year.

The Porcupine Branch of the Children's Aid Society has passed through a successful and very useful year. The work accomplished may be considered remarkable in view of the general difficulties always facing such efforts and the fact that this was the first year of the Branch. During the year just passed the Porcupine Branch has done a large amount of very useful and helpful work for the community,—much more than is generally recognized. The very nature of the work does not lend it to advertising of particular cases or details. But it may be stated that during the past year the Porcupine C.A.S. has more than justified its existence.

The purpose of the Children's Aid Society may be summed up as "to assure a fair chance in life for every child." This means a chance for health, education, decent living and the better things of life. It means a good home for every child. If a poor home can be improved by advice and attention, then the C.A.S. works along that line. As a last resort only is a child taken from its own home, and then only to be placed in a foster home where the youngster will have its fair chance.

As noted above the work of the Porcupine Branch of the C.A.S. has been very successful during the past year and has been well-supported by the public. If the public fully understood the ideas and the methods of the C.A.S. the support would be even more pronounced. Every good citizen should make a point of attending the meeting in the Council Chamber on Wednesday evening next, Nov. 30th at 8.15 p.m.

PORCUPINE I.O.O.F. OBSERVE THEIR 7th. ANNIVERSARY

A very pleasing and enjoyable evening was spent in the I.O.O.F. Hall at South Porcupine on Monday evening, the occasion being the observance of the seventh anniversary of Porcupine Lodge No. 453. The event was in the form of an "At Home," and every one of the seventy-five or so present had a regular good time from start to finish. Cards and other games were enjoyed, there was a fine entertainment programme, and the refreshment served was of the best and lots of them. Many from Timmins, Schumacher and other points were present and all agree it was a very happy evening. There were solos, recitations, sketches, and good orchestra music, the latter by Messrs. Wilson and Rudolphe. The musical sketches by Miller Bros. made a hit. Addresses by Messrs. W. M. Whyte and A. H. Pritchard were also enjoyed and appreciated.

LIBERAL PARTY MEETING IN THEATRE TOMORROW

The Liberal Party are holding a public meeting in Timmins tomorrow (Thursday) evening in the New Empire Theatre in the interests of Mr. D. McEachren, the candidate for this riding. Among the speakers expected to address the gathering on the public issues of the day are Mr. McEachren, the candidate, Mr. Mac Lang, M.P.P., Mr. Geo. A. Smith and Mr. Deslisle.

ADJUSTOR OF INCOME TAX IN TIMMINS THIS WEEK

Mr. W. D. Cuthbertson, adjustor of Dominion Income Tax, of the Department of Finance, Ottawa, is in Timmins again this week and as usual is ready to give any advice or assistance in regard to Income Tax matters. Mr. Cuthbertson has been in Timmins on a number of occasions in connection with income tax matters and he has given very valuable assistance to those in doubt about income tax questions. His experience, knowledge and patience are always able to make the intricacies of the Income Tax Act clear to nearly anyone.

The next meeting of the Associated Boards of Trade of Temiskaming will be held in Timmins early in February next.

1736 NAMES ON TOWN LIST FOR DOMINION ELECTION

Of This Number Only 120 Were Added by Appeals to Revising Officer. None Taken Off.

Mr. E. H. Hill, Revising Officer for the Town of Timmins for the Voters' Lists to be used in the coming Dominion Election, on Monday night completed the work of holding sittings for the revision of the lists as prepared by the local registrar some weeks ago. The sittings for the revision of the lists as certified by the registrar were continued for a full six days, concluding Monday night. The list, as prepared by the registrar, had 1616 names, and in the week for revision 120 names have been added, thus bringing the total on the list as now finally revised to 1736 names. There is reason for believing that there are a number of names that might be on the list that are not there. The work of the registrar was done as thoroughly as possible but it would be impossible for him to get all the names. It was for this very reason that the revising officer was appointed and the sittings held, so that those left off the registrar's list might get on the final list. Many could have had their names added had they taken the trouble to make the necessary application. Now their opportunity is past and they have no one to blame but themselves. As the applications to be placed on the list had to be made personally, each voter had to look after the matter for himself or herself.

There was not a single application made to have any name removed from the list as prepared. There may be some on the list who are not entitled to vote on account of not being British subjects or for other cause. No applications, however, were made for the striking off of any such names, the work of the registrar being generally recognized as having been carefully done so far as the names placed on his list were concerned.

If there is any man or woman who should be on the list and who has been left off and who is determined to blame the Government for this, despite the fact that the Government is in no way directly or indirectly to blame,—still if any person is absolutely set upon blaming the Government then please blame the Farmer's Government.

A Dance is announced for Friday evening of this week, Nov. 25th, at the McIntyre Recreation Hall, Schumacher, to which all are cordially invited.

MARSHALL-ECCLESTONE BUILDING \$40,000 STORE

Fine New Structure Started on Old Site, Corner Third and Pine. Will be a Credit to Town.

Work commenced on Monday morning of this week on the modern store building to be erected for Marshall-Ecclestone on their corner lot, Pine street and Third Avenue. Messrs. Hill-Clark-Francis have the contract and work is to be pushed forward at the top rate of speed. It is expected that the building will be all complete and ready for occupancy for February.

The new store building, to replace the good structure destroyed by fire a couple of years ago, will be modern in every respect and will be a credit to the town in every way. It will be two storeys and basement for the present, with the structure left so that a third storey can be added in the near future. The building will be 108 by 60 feet, the full size of the lot. It will be of hollow tile construction, with stucco finish on the outside, and also with solid piers along the face to add to the attractiveness of the building. The main floor will have a 16-foot ceiling, the second storey a 10 foot ceiling and the basement a ceiling 7 ft. 9 inches. The main floor and basement will be used for the Marshall-Ecclestone hardware and furniture stocks. The entrance will be on Third Avenue, the hardware department being at one side and the furniture at the other side of the modern entrance way. This method of arrangement will allow good show windows on Third Avenue, and remarkable window display space on Pine street. Few stores anywhere have such a magnificent window display space as will be possessed by the Marshall-Ecclestone firm in their new building. There will be over 170 feet in length of straight plate glass window display space.

The upstairs part of the new building will have fourteen beautiful large offices. One of these offices for instance, will be 22 by 30. The others, while not so large, will be most commodious. The whole building will be equipped in every way in the most modern manner, and the store when completed will undoubtedly be a worthy addition to the business structures in Timmins. The estimated cost is understood to be around \$40,000.

Among those returning last week from the hunt with trophies of the chase were Messrs. A. Prout and J. T. Easton, both of whom being skilled, and experienced hunters were able to secure their big moose.

A. J. KENNEDY HOLDS HIS FIRST TIMMINS MEETING

Good Attendance. Policy of Party And the Candidate Expounded.

Last evening Mr. A. J. Kennedy, the National Liberal and Conservative Candidate for Temiskaming held his first meeting in Timmins. There was a large attendance and the addresses were listened to with much interest and attention, though three or four who preferred the sound of their own voices to that of the different speakers kept up a running fire of interruption. Mr. T. H. Torrance presided at the meeting and introduced the three speakers for the evening, Sergt.-Major McNamara, M.P.P., who was expected to speak here, was unable to be present on account of illness. His place was taken by Mr. Stockdale, of Toronto, a prominent Labour Union man. Mr. Stockdale said that as a working man and a Union man he was supporting Hon. Arthur Meighen in preference to either Mr. King or Mr. Crerar, the leaders of the other parties. He detailed his reasons for this stand. He thought an alliance between Labour and the Farmers as class groups unnatural and not in the interests of the country. Mr. Crerar was a high-salaried employee of one of the most far-reaching corporations in Canada, the Graingrowers, and Mr. Stockdale said that every time a working man bought a loaf of bread he indirectly paid tribute to the Graingrowers Company whose profits he suggested ran over 400 per cent. last year. The speaker explained the necessity of tariff protection to save the workers of this country from the unfair competition of European and Asiatic workers whose pay was ridiculously inadequate to maintain any standard of living equal to that desired in Canada. In emphasizing the evils of class government Mr. Stockdale paid special attention to the Farmers' Government of Ontario, which, he said, in its comparatively short time in office had appointed 27 commissions to look after public affairs, hiring 70 lawyers at big fees to look after the commissions. Mr. King and his policies, or lack of policies, also came in for criticism, and Mr. Stockdale urged the electors to study the questions at issue and make a wise decision on Dec. 6th.

Mr. Geo. Mitchell, of Cobalt, received a flattering reception and justified it by his capable and pleasing address in which he dealt with the public issues of the day. In referring to Mr. King, he said he had heard him recently, and going to the meeting with an open mind he had been greatly disappointed. Mr. King, he said, had a great mass of what appeared to be carping criticism, but he had nothing whatever of a constructive nature. He found a lot of fault, but had on word as to anything he would do himself if his party were placed in office. Mr. Mitchell read from the records of the House to suggest how undependable Mackenzie King appeared as a financial authority and in other ways. Referring to the alliance of the Labour and Farmer groups, Mr. Mitchell showed the impossibility of this combination of class government working to the best interests of the people. The Farmer movement and Labour had nothing in common; they were opposed in such vital matters as the eight-hour day, wage scales, etc.; and the speaker drew a picture of the difficulties of his friend Angus McDonald in voting for instance on the eight-hour day question, with his farmer and Labour party friends alike having the power of recall. "If he voted for short hours the Farmer party would recall him, and if he voted for longer hours the Labour party would want his recall," suggested Mr. Mitchell. "In either case," he continued, "Long Angus would not be any longer in the House." One of the interrupters having asked for information on the Riordan Company notes for income tax, Mr. Mitchell gave a clear explanation of the matter, also pointing out that a number of farmers in the west had been similarly accommodated because there was no other sane way of dealing with people who for the moment could not pay but who had security for future payment. Mr. Mitchell said that the Riordan Company being in passing financial stringency the Government had accepted their notes for income tax and business profits tax due. The only other recourse was to push the industry to the wall and take a chance of getting part of the taxes from the wreck. The plan adopted by the Government meant that the Government was absolutely sure of the money being eventually paid with interest, the taxes being guaranteed by ample lien in the assets of the com-

SUNDAY EVENING BAND CONCERT GOOD SUCCESS

Very Attractive Programme Pleasid Big Crowd at New Empire.

The Band Concert given on Sunday evening in the New Empire Theatre by the Timmins Citizens' Band attracted a big house and all were delighted with the programme furnished. The Mayor, Dr. McInnis, presided in his usual happy manner. He spoke of the value to a town of a good band, and in referring to the new leader of the Timmins Band, Mr. Wolno, he spoke of the latter's service overseas in the Royal Air Force. "So," he commented, "if the Band ever gets up in the air, Mr. Wolno will be able to bring them down all right."

The several selections given by the Band delighted all. Under Mr. Wolno's leadership the Band promises to continue its progress and improvement. At present it is a band to be proud of. The variety of selections given by the Band Sunday evening and the uniform excellence with which they were rendered certainly pleased all. One of the specially attractive numbers was "Fraternity Overture," in which Mr. Wolno took the cornet solo part very capably. Solos by Mrs. Acton and Mr. Jas. Geils won unstinted applause and deserved the enthusiastic encores given. Violin solos by Mr. Victor Rudolphe were also given with striking talent, and delighted the music lovers. Mr. W. Dalzell's rendition of "The Wreck of the Titanic," was a recitation well given and much appreciated. Mrs. J. W. Faithful played the accompaniments in her usual capable way. Another feature of the special numbers on the programme was the instrumental duet, clarinet and guitar by two members of the Band, Mr. Pappone being the clarinet player.

A motion picture film was also shown during the evening.

In closing the meeting, the Mayor on behalf of the Band and the audience, thanked the artists contributing to the programme, the theatre management, and all others contributing to the very successful and pleasing evening.

The collection taken at the door totalled \$108.57.

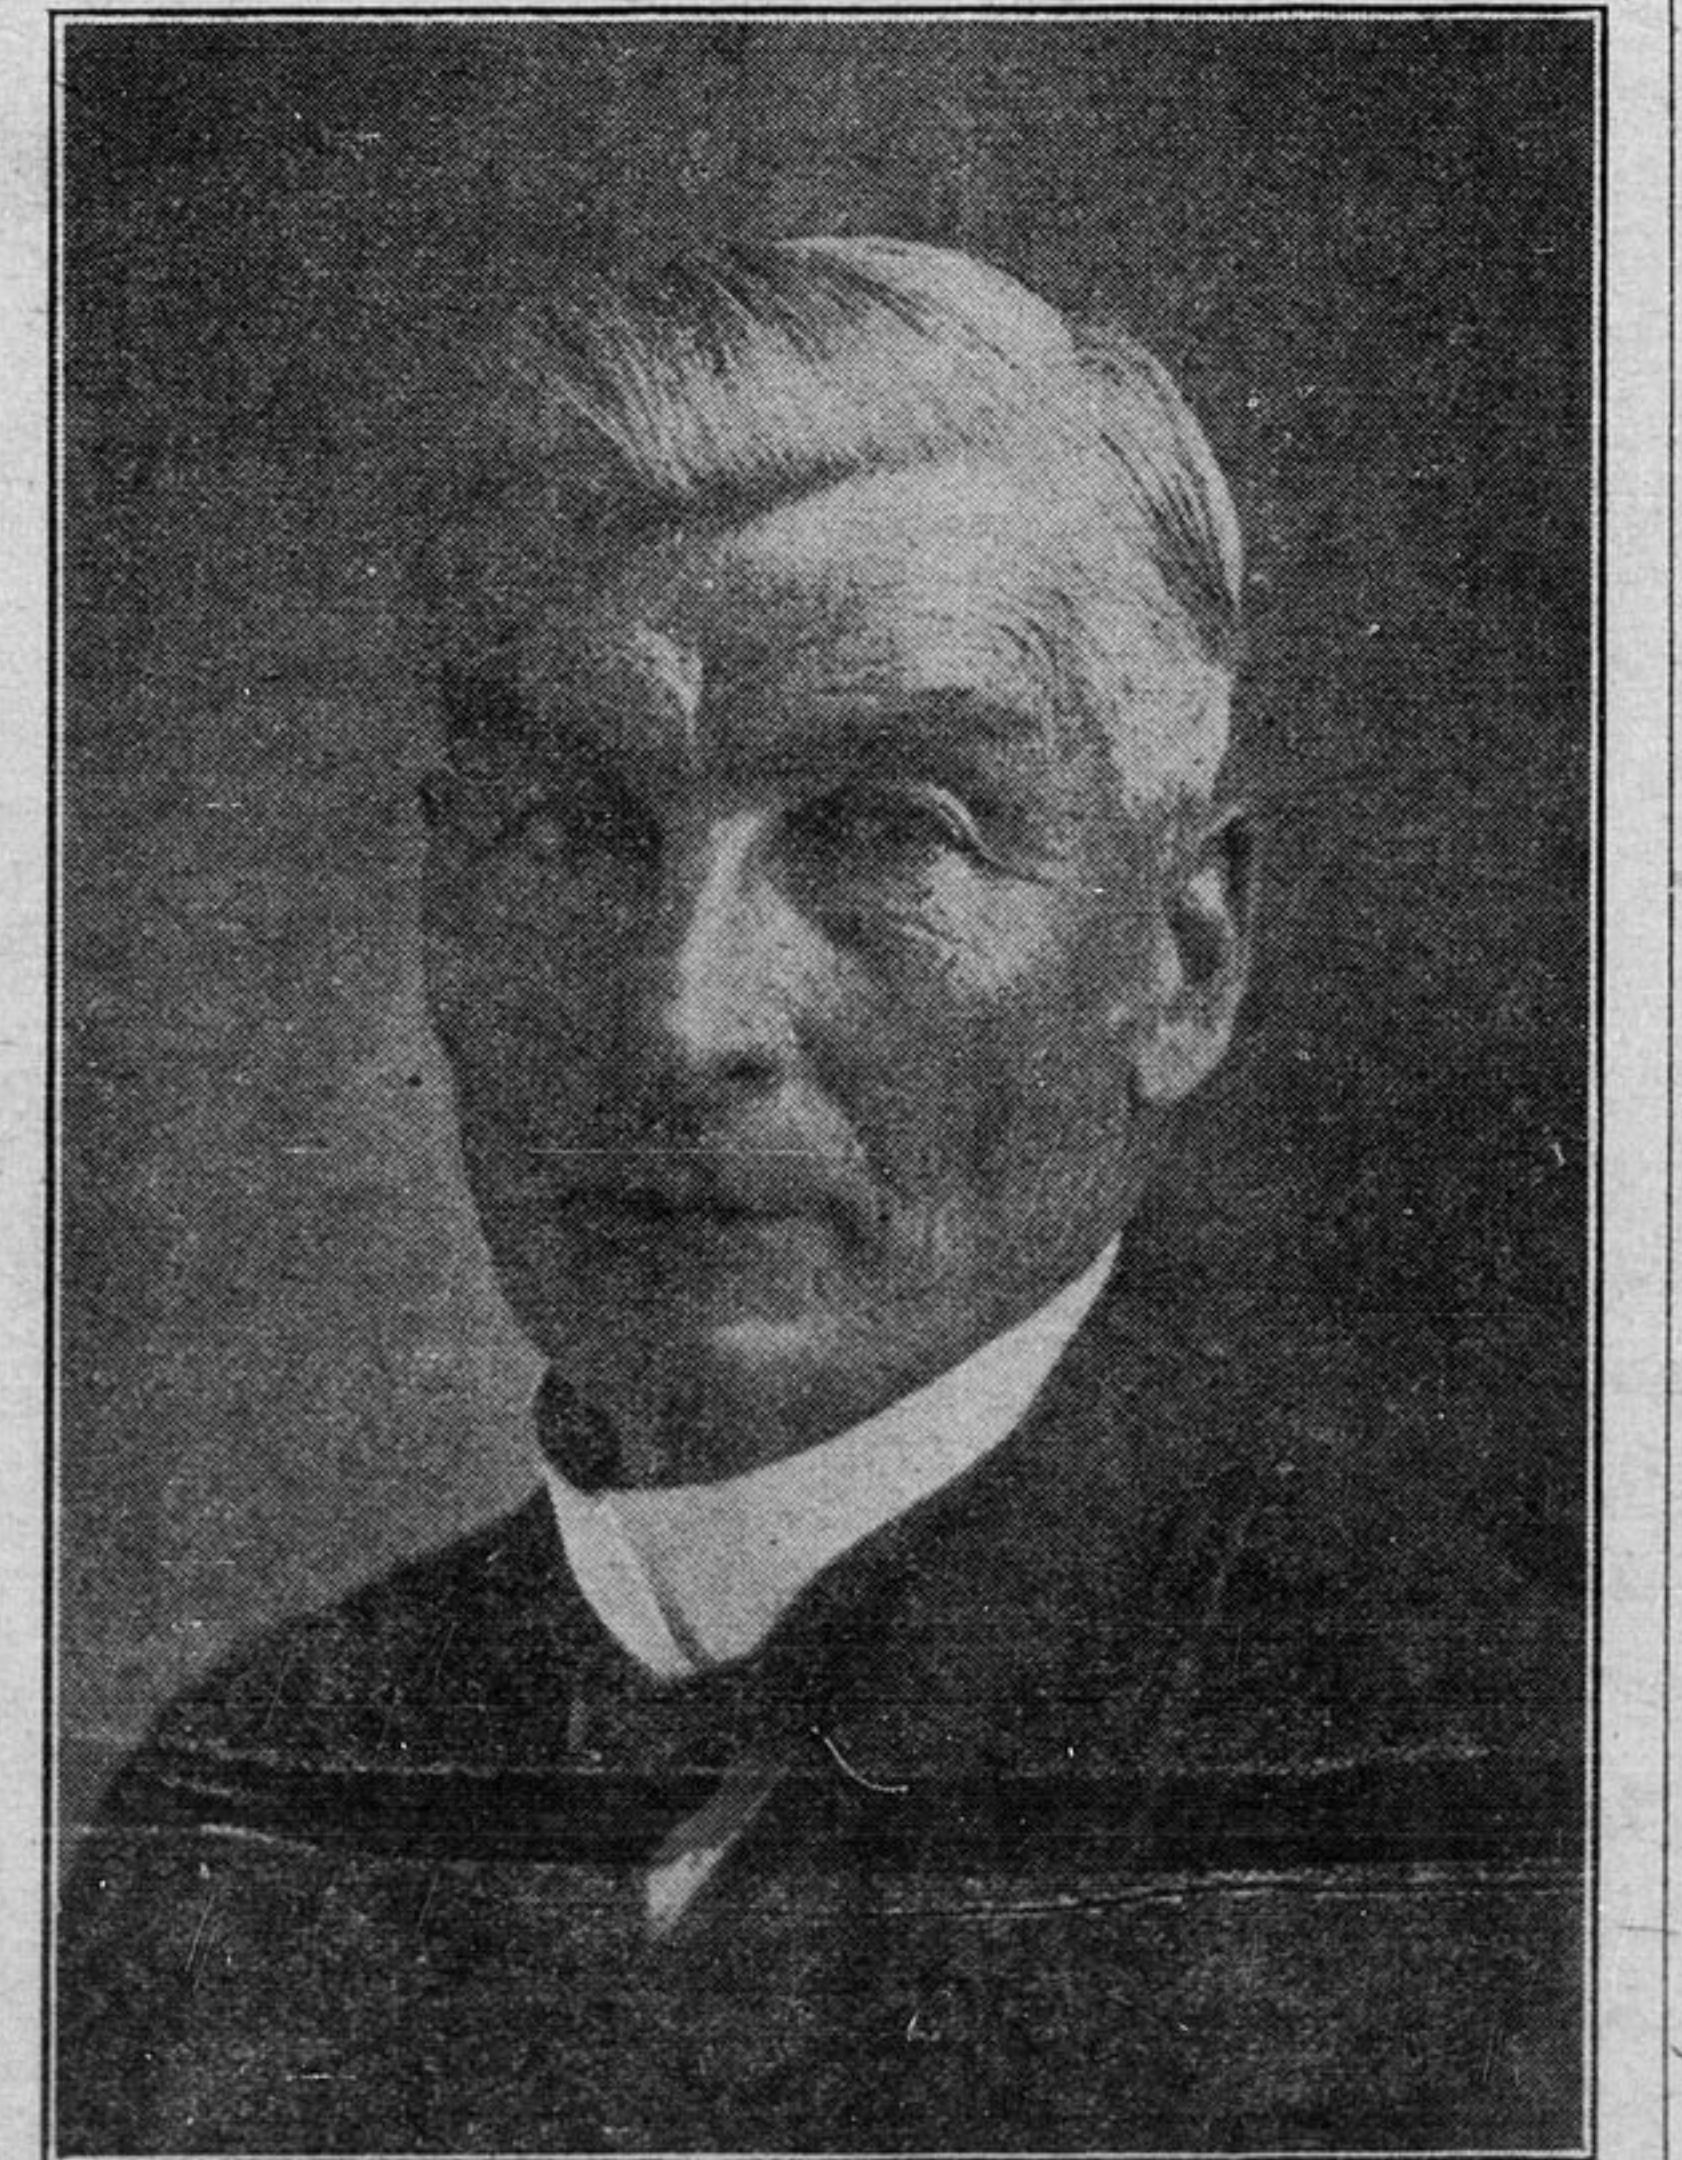

It is the intention of the Band to have similar band concerts every couple of weeks or so during the winter. This will be very pleasing news to the public, as the first concert Sunday evening last was thoroughly enjoyed and appreciated.

IROQUOIS FALLS TALENT PRESENTING COMIC OPERA

At Iroquois Falls on Saturday, Nov. 26th. and Wednesday, Nov. 30th. local talent at Iroquois Falls will present the comic opera, "Captain Crossbones, or the Pirate's Bride." There is a cast of forty, all local talent, including chorus and orchestra. Judging from the programmes issued this week, this comic opera has a very amusing plot and an attractive array of situations, with lots of very bright and pleasing music. And judging from the clever work of the entertainers at the Associated Boards of Trade Banquet at the Falls recently, just to mention one example, the Falls certainly seems to have the talent to present an entertainment of this character in very effective fashion. Iroquois Falls always does well whatever it attempts, and the presentation of this comic opera will undoubtedly be something well worth while. It is likely that the Iroquois Falls talent will present "Captain Crossbones," at Timmins in the near future.

Mr. Mitchell dealt very effectively with the tariff issue, his facts suggesting that in the general trend throughout the world of raising tariffs, it would be ruinous for Canada to drop her trade protecting wall. Mr. Mitchell concluded with a few apt references to the candidate, Mr. Kennedy, "a man of the North, with his business, his interests, his home and his heart in this North Land."

Mr. Kennedy was given a good reception, but only made a brief address as the hour was getting late. He referred to his platform as published in circulars to the electors and in newspaper advertisements, and said he thought the electors would agree with him that it was a platform such as this that the North Land needed. He promised, if elected, to do his best for the advancement of the interests of the North Land. "Yes, and I'll do my best for the North Land if I'm not elected," he added. He asked in conclusion that the electors should give a careful reading and consideration to his platform, and if it met their approval he asked their vote and support in the election on Dec. 6th.

MR. A. J. KENNEDY

When A. J. Kennedy decided to run for election in Temiskaming, one of the North's outstanding men went into the fight. He has made a name for himself in many lines of business, railway contracting, lumbering, etc., and he owns and runs at New Liskeard one of the finest farms in the North, and a farm that would do credit to any part of the province.

With Kennedy at Ottawa his supporters contend Temiskaming will have a forceful and impressive representative, a man whose whole life has been one of getting things done.

With his platform composed of many planks designed to help the people right here in Temiskaming, Mr. Kennedy, who is the Government candidate, struck a new note in the local campaign.
