

TIMMINS NEWS IN BRIEF

Mr. A. S. MacDonald, Haileybury, was a visitor to Timmins this week.

Mr. Len. Hill, of New Liskeard, is a visitor to the Camp this week.

Mr. Ernest Mounter, of Toronto, was a visitor to the Camp this week.

Mr. Sam. Bucovetsky left this week for Toronto, Hamilton, Montreal and other centres on a buying trip.

Mr. T. F. King was one of the jurors at the sittings of the Supreme Court at Haileybury this week.

The prizes for the Euchre being given in the Union Hall Friday night of this week by the Ladies of Charity are on display in the window of Mr. Gagne's millinery parlours, and are attracting much favourable attention.

This week The Advance received a letter commenting on matters in connection with the proposed annexation of Mattagami. This letter can not be published, owing to the fact that no name is attached to the communication. It is a rule of The Advance, repeatedly referred to in these columns, that all communications must be accompanied by the real name and address of the writer, not necessarily for publication but as an evidence of good faith. A little consideration will show anyone that newspapers can not be expected to take responsibility for the publication of anonymous communications of any kind.

BORN—In Timmins on Sunday, Nov. 20th., 1921, to Mr. and Mrs. Wilfrid Deacon,—a daughter.

Mr. Jas. Hepplestone, manager of the Timmins branch of H. B. Wills & Co., is on a visit to Toronto this week.

The regular meeting of the Town Council is scheduled for Monday afternoon next.

Among those elected to the Executive of the Ontario Associated Boards of Trade at the recent annual meeting of that body were:—Mr. R. A. McInnis, of Iroquois Falls; Mr. J. G. Henry, Sudbury; and Mr. J. A. Hussey, Sault Ste Marie.

Her many friends in the Camp will extend very sincere sympathy to Miss Shaw, principal of the South Porcupine public school, in the death last week of her brother who was killed in a building accident in the south. Miss Shaw left on Tuesday last for her home in the south on account of the sad occurrence.

Monday morning the fire brigade had a couple of calls to which they made their invariable ready response. Indeed they were to the scene of action, saw everything O.K., and got back to the hall again before most people knew there was even an alarm. Both calls were for chimney fires and no damage occurred in either case.

Early Saturday morning thieves gained entrance to the dry goods store of P. Adams at North Bay and stole fur coats and other clothing to the value of \$450.00.

The local Knights of Columbus gave a very pleasing and successful "At Home" last night. A more extended reference to this enjoyable "At Home" will be made in the next issue of The Advance.

Friday evening of this week the Ladies of Charity are giving another Euchre Party in the Union Hall, commencing at 8 o'clock. The Ladies of Charity always make a success of the arrangements for their parties and other social events, so a good time is assured to all attending.

Mr. Geo. A. Smith, now of Cochrane, is a visitor to town this week in connection with election matters. He will be one of the speakers at the meeting to be held to-morrow night in the interests of Mr. D. McEachren, the Liberal candidate.

The ladies of the R. C. Church, Schumacher, wish to thank one and all who in so many different ways assisted in making the Euchre Party on Friday evening such a noteworthy success.

Mr. S. Howard Lyons, who has been conducting the auction sale at Stock Bros. jewelry store, left on Sunday for the south. The sale was unusually successful, practically all the large stock of jewelry, etc., etc., being disposed of. Mr. Lyons again proved himself an expert at auction sale work. The amount of goods sold and the prices paid in cash prove that Timmins is one town at least in the Province with the ready money to spend when occasion arises.

Mr. Mac. Lang, M.P.P., for this riding, was a visitor to town this week.

Arrangements are now well under way for the famous Hudson Bay Dog Derby at the Pas, Man. The plan of the Pas of getting away to an early start in preparing for the Dog Race is a good one. Also it is a hint to Timmins.

Mr. J. D. MacLean, who has charge of the Timmins Rink this year, says this is a beautiful world for making ice, and if the weather man continues to be as sensible as for the present week, it will not be many days before the rink will be ready to open.

At the R. C. church, Timmins, on October 27th, 1921, by Rev. Father Theriault, Miss Philomene Larche and Mr. Claude Desaulniers were united in the holy bonds of matrimony. "Happy bridegroom" is doubly true in this case, for the popular Claude has been taking a special pride and pleasure out of the fact that for nearly a month he has been able to keep the news of the marriage a regular secret. Now that the marriage is announced, however, the many friends of the young couple will extend very sincere good wishes.

Division Court will be held in the Finlanders' Hall, Third Avenue, Timmins, on Thursday of this week (tomorrow.) The Finlander's Hall was found at last court to be a very comfortable and convenient place for the holding of the court.

HOCKEY DANCE PLEASANT AND SUCCESSFUL EVENT

The Hockey Dance given on Wednesday evening last in King's Hall, for the benefit of the Porcupine Hockey Club, drew a good crowd and proved successful, despite the short time available for preparation for the event. All attending enjoyed the evening.

During October the Lake Shore Mine at Kirkland Lake made some pleasing new records in production. The mill ran 97.98 per cent. of possible running time. A total of 2015 tons was milled during the period, the average daily production being 65 tons per day. The average grade of ore was also of record type, being \$25.46 per ton. The total production for the period amounted to \$51,302.88, being noticeably in excess of previous months. In addition to this noteworthy showing it is interesting to know that the physical condition of the mine shows material improvement from month to month.

South Porcupine, Ontario.

November 7th, 1921

To the Electors of the District of Temiskaming

GENTLEMEN—

As the time is so short from now till nomination day for the present election of the said district of Temiskaming, I am asking your assistance and your vote at this coming election, to poll your vote on the 6th day of December next. I am running as a Liberal Independent Farmer for the House of Commons in Ottawa.

First, my program is to divide this North part of Ontario from the South part of Ontario, taking in a straight line from the east to west from the Province of Quebec, between the county of Prescott and the county of Glengarry, the line running south of the county of Russell and the county of Carleton in a straight line to the west end of the Province of Ontario.

Second, to have a government of this new Province to make the laws for the benefit of all the people of this new Province. The farmers, the prospectors and the mine owners want help and money to build good roads and to have the banks to be more liberal to help the farmers to clear and improve their farms and assist the workingmen and help the good class of labourers to take up a farm and give them a chance to start to build houses and clear land and to get our money back from the south part of the Province of Ontario, whatever amount of money they have been collecting from the timber limits and from the mining lands and the farmers' land. We do not get back Four Per Cent. of our money from the amount of money that they collect from this north part of Ontario, and the Federal Government is the only place to ask the members to give us a fair British fair play, and I will do all I can in my power to help to improve this north country, to build a railway to the James Bay and other parts of the north country where it is necessary, and to get the subsidy from the Federal Government to build these railways.

I will try to hold as many meetings as possible with my opponents and on the same platform, and the electors will have a better opportunity, other candidates, if they will accept my offer to have a meeting together which is the best way to vote for their own benefit.

We have a good class of citizens, if the officials of the Government would do their duty. As I have been following politics since 1865, two years before the Act of Confederation, I am well acquainted with the members in Ottawa and I was born in Ontario and have been most part in this north province since 1890. I will be glad to take any advice from all the electors, and I am sure, with your help and your good will, and especially with your work, and the good assistance and the good advice and the good honest votes of the ladies, that we will make this North Province one of the best and the richest parts of the Dominion of Canada. When the ladies are with us, God is with us.

I am asking for the votes of all the ladies who have done so much during the war, and I will not forget them. I own some large farms and good mining claims near Timmins, and it is my duty to work for the north country. I am paying \$460.00 this year, Municipal taxes, and I think I have a right to be a candidate and to be elected in North Temiskaming. If you vote for Bertrand, you will vote for yourself.

I remain, yours very respectfully, your obedient servant,

DAVID BERTRAND
