

The Growing North Wants Real Representation

WHEN the delegates of the National Liberal and Conservative Party met to nominate a candidate in Temiskaming they had in mind nominating a man whose ideas were constructive, a man whose life had been devoted to up-building, and a man of progressive ideals. These considerations rose above the possession of political fame.

The delegates chose Mr. A. J. Kennedy,

He is a successful man of Temiskaming. He is a leading farmer in the pioneer part of the District. He knows the country; he has engaged in many lines of its business life, and he is an upbuilder. His success speaks his ability, and his municipal honors speak his public spirit.

He can get things done.

It is now up to the people of Temiskaming. Do we want a man with the ability and the experience to fight successfully for our north country? We certainly do. Then vote for Kennedy.

And the whole Dominion wants as never before legislators who will work on constructive lines, men who will not rock the boat.

Let Temiskaming's representative be a strong, steady man. The man is Kennedy. We KNOW where he stands. HIS platform is safe, sane, and specific. No hazy notions, but clean-cut proposals for the upbuilding of the North, and the making of Temiskaming a Greater Part of a Greater Canada.

Let Temiskaming have a REPRESENTATIVE, not merely a member. A man who will speak for ALL Temiskaming,

Vote for Kennedy, a man who knows what the
North wants, a man who CAN GET THINGS
DONE.

Vote for Kennedy, Strong Representation,-and
ACTION!

Temiskaming National Liberal and Conservative Association.

God Save The King.
