**RULES AND REGULATIONS
OF TIMMINS SKATING RINK**

Elsewhere in this issue will be found an advertisement from the Timmins Skating Rink, giving information as to the hours for skating, etc., and suggesting rules and regulations for the convenience and advantage of the patrons of the rink. Also rules and regulations, under the heading of "The Ten Commandments of the Timmins Skating Rink," have been posted up at the rink. The public generally should co-operate with the rink management, in the enforcement of all these rules and regulations; they are all for the advantage and convenience of the public. The rule against smoking, for instance, is designed for the benefit of the hockey players and skaters. It is a rule that is rigidly enforced in most rinks in other towns and cities. The request that skaters "skate with the crowd" is simply a rule for the convenience and comfort of skaters in general, as is also the regulation regarding skating backwards and speed skating.

The hours for skating are given as follows:—Afternoons, from 2 to 4; evenings from 8 to 10. Children under 16, skating only on Mondays, Wednesdays and Fridays from 7 to 8 p.m. Juvenile hockey matches Saturdays only from 12.30 to 1.30. Special priced tickets for the smaller children.

Band in attendance every Tuesday evening.

A number of improvements have been made at the rink this year. Alterations have been made so that the teams entering or leaving the ice do not come in contact with the spectators and do not have to push their way through the crowds. Also there are special "entrance" and "exit" doors, all skaters to enter the ice only by the "entrance" door and leave only by the "exit."

DECEMBER DIVIDENDS

TOTAL OVER \$1,278,000

Of This Amount Porcupine Mines Pay \$793,180.

The amount to be distributed in dividends this month by the gold and silver mines of the North Land totals the very handsome amount of \$1,278,000.00. These dividends are as follows:—Hollinger, \$492,000.00; Nipissing, \$360,000.00; McIntyre, \$182,014; Wright-Hargreaves \$125,000.00; Dome \$119,166.00. It will be noted that of the total of \$1,278,180, the gold mines are paying \$918,180.00, or close to seventy-five per cent. of the whole. The Wright-Hargreaves is a noteworthy contributor for the amount, and is the only Kirkland Lake property that happens to be paying a dividend during December. Of the total of \$918,180.00 from the gold mines, the Porcupine contributes \$793,180.00, which is over 86 per cent. of the total gold dividends paid for the month and over 62 per cent. of the total paid by the mines of the North Land for the month.

**HELP ALONG THE GOOD
WORK OF COACHING, BOYS!**

Mr. Frank Aman, the new coach, has taken hold and appears to be doing excellent work. He feels that he has a first-class team and the boys feel they have a competent coach, so the practices so far have been very successful. It might not be out of place in this connection to suggest that it would be a good thing if the railbirds would kindly refrain from yelling at the players during the practices. The special noisy enthusiasm at times hardly is fair to either the coach or the players. If the boys can concentrate on the suggestions of the coach, without the diversion of all sorts of calls from the crowd, the practices will be so much more helpful. The hockey fans will have lots of opportunity to yell at the regular games when their work will not interfere with the play but will actually be encouraging and helpful as it is meant to be. During practices, however, it would seem as if the best work could be done by "putting it all up to the coach."

Guest: "Waiter, wo you serve lobsters here?"
Waiter: "Yessah, boss, we serves everybody. What'll you havev'?"

Hospital for Sick Child

COLLEGE ST., TORONTO.

Through Support of Public, Ontario Maintains Greatest Children's Hospital on This Continent.

Dear Mr. Editor:—
Nowadays people look ahead more than they used to. They realize, for instance, that the child of to-day is the citizen of the future. The privilege of this Hospital is to provide a service whereby any Ontario child, who is weakly, may be made strong, or if he is crippled, may be set straight.

Part of this service consists of personal medical and surgical care of the children. Part is in the schooling of doctors and nurses to carry the light of medical science into the uttermost corners of the province. The whole is a contribution to CHILD WELFARE work which must commend the Hospital to the sympathy and support of your readers.

You probably saw a Quebec despatch deploring the great infant mortality in that province. One great factor which gives the Ontario-born child so much better a chance in life is the maintenance of public philanthropy of the leading Hospital for children on this continent. And that child, whether it be pallid of cheek or crooked of limbs, is helped over the rough spots of infancy and adolescence by this same Hospital. Here are the average day's figures of 1921 attendance:—

Cot patients 268
Other patients 158
Total 426

During the year the Hospital actually saves the lives of scores upon scores of children. It restores health or straightens limbs for hundreds more. Every contributor to the Hospital funds is a shareholder in an enterprise which wins back health and happiness for thousands of children, and thereby gives joy to thousands of anxious homes.

Remember, however, that every child to whom the Hospital's doors are opened—and none are refused—adds something to the financial burden which the GREAT MOTHER CHARITY has to carry. But it has never defaulted on its dividends, which are paid not in money, but in service.

The continued service of the Hospital depends on the continued support of the public. A minute of mercy costs fifty cents, and the clock in the treasurer's office is six months slow. So there are a lot of minutes to catch up.

The Hospital is accomplishing fifty per cent. more work than before the war. Owing to higher prices it requires almost twice the money. May I place that simple but serious fact before your readers in connection with the 46th Christmas appeal of the Hospital for Sick Children for funds to carry on another year of service?

Faithfully yours,
● IRVING E. ROBERTSON,
Chairman of Appeal Committee.

**SPECIAL TRAIN TO LEAVE
HERE AT 5 p.m. THURSDAY**

**GIRLS' HOCKEY CLUB
DROPPED FOR PRESENT**

The Timmins Girls' Hockey Club had a meeting last week in Grill's Jewelry Store and decided to drop their hockey plans for the present. The girls found it impractical to enter the ladies' district hockey league. Most of the girls here would find it difficult to get away for Cochrane and Iroquois Falls games, and in addition they see little chance of getting any opportunity for practice here, the other hockey practices at the rink here leaving no time available for the girls. The girls accordingly thought it best to drop their hockey plans for the present. They may, however, give one or two exhibition games before the season is over.
