## ALEXANDER TRIO MAKE BIG HIT AT NEW EMPIRE

The big audience at the New Empire Theatre last night was delighted with the music furnished by the Alexander Trio. This entertainment proved one of the finest heard in Timmins for some time and all present express enthusiastic commendation. The Alexander Trio show an outstanding talent and effectiveness in the playing of a large number and variety of musical instruments, while vocal numbers are also effectively given. Piano, violin, guitar, cornet, saxophone, etc., are played by the Trio with musical skill of rare type. Those hearing the Trio last night speak about their pleasing musical programme in superlatives. They were to be here only

the one night, but their entertainment proved so much out of the ordinary in excellence that the theatre management has secured the Trio for another night here and so those who missed hearing them last night may have the opportunity for this undoubted pleasure this (Wednesday) evening. In addition to the Trio there was a full programme of pictures last night and the same will be true to-night.

## PORCUPINE AGRICULTURAL SOCIETY MEETING, JAN. 2.

As will be noted by the advertisement elsewhere in this issue a meeting of the Porcupine Agricultural Association will be held in the Township Hall, Porcupine, on Monday, Jan. 2nd, at 7.30 p.m., 1922, for the purpose of electing officers for the year 1922. Last year the Porcupine Agricultural Association held a Fair that was a decided credit to the Camp, and the coming year's event, with time for preparations and arrangements should be a still more outstanding success. All should get behind the Porcupine Agricultural Association.

## THE NEW LISKEARD SPEAKER IS NONE TOO WELL PLEASED

The New Liskeard Speaker had a front page article last week which shows a farmeriferous peevishness hardly in keeping with The Speaker's usual calm and collected tone. Now that Christmas is over it is to be hoped that The Speaker is full to the neck of a more joyous spirit.

It is all apparently over the question of secession. The Speaker says that talk of secession is nonsense. At the risk of being tried for contempt of court, lese majesty and blasphemy, The Advance would suggest that secession or anything else is not necessarily "nonsense," just because The Speaker thinks it so. Isn't that awful, Mabel? But it is true nevertheless. There are people who have been just as long in the North Land as The Speaker and who are almost as clever and well-balanced, who honestly believe that secession may be the only method by which the North Land may be able to secure a square deal.
