"BEAUTY POWDER" DID WHAT WAS CLAIMED FOR IT

Anderson Buchanan, a Toronto young man, was last week given a "beauty powder," which its inventor assured him would "change his complexion in twenty-four hours." It did. There were quite a few flowers at the funeral.

MORE DEVELOPMENT WORK PLANNED AT TRIPLEX MINE

An extensive development and exploration programme is planned for the Triplex Mine. This property includes what was formerly known as the Timmy Burns claims and other promising properties in the same locality. Recent arrangements have put the property on an improved footing in every way and it is intended to go ahead now and "make a mine of the claims." As will be noted by the advertisement elsewhere in this issue the Triplex is asking for tenders for considerable sinking, drifting, cross-cutting, etc. The money is ready to pay for this work as it progresses.

One shaft at the Triplex is down 100 feet and another down 92 feet. About 16 men are at work on the property and this staff will be doubled at once. There are good buildings and a good mining plant on the property. There is a large ore dyke at the Triplex and the whole property seems to be shot through with rich stringers. Work done last summer suggests a big body of pay ore. Over 1600 samples were assayed during the past few months, all running over \$6.00 per ton in gold. It is the intention now to go

REDMAC

If weak, pale, thin, or run down, try REDMAC, the King of Tonics. This remarkable medicating brings results quickly. It has helped thousands to regain youthful health and strength. Try a bottle; a large generous bottle can be procured from your druggist at a reasonable price. If you have Indigestion or Stomach Trouble, if you feel all out of sorts, REDMAC will put you on your feet in a short time. Sold by BURKE'S DRUG STORE.

on and thoroughly test out the property.

The Triplex has been fortunate in securing the services of Mr. L. K. Fletcher as superintendent. Mr. Fletcher is a well-known mining man of wide experience and good reputation. He is on the property now and will superintend the programme now to be carried out.

WRECK ON T. & N. O. DELAYS TRAIN SERVICE THIS WEEK

When Chairman Geo. W. Lee was in town on Saturday he was complimented on the fact that there had been practically no delay in the train service this winter, despite the unusually heavy snowfalls. It was forgotten to "touch wood" after this compliment. Mr. Lee had barely gotten out of town when there was a fine old delay in the train service, the camp being without trains or mails for a couple of days. All the trains were cancelled on the branch on Sunday and the morning trains Monday were also out of the running. The cause of all the trouble, it appears, was a wreck near Englehart. A snow plough went off the track and another plough and a big engine attempting a rescue went off worse than the first. Following these derailments there was a complete blockage of traffic north and south on mileage 143. No one was hurt as usual and no particular harm done, except the delays. The T. & N. O. may be slow, but it seems to be safe all right.

According to word reaching here this week Mr. Jos Berini was married last week at Buckingham, Que., to a young lady of that place. His innumerable friends here will extend to good old Joe the very best wishes and heaps of them.

REMARKABLE OFFERINGS AT HOLLINGER STORES

The Hollinger Stores this week announces its annual January Clear-up Sale. As will be noted by the advertisement elsewhere in this issue and by the posters issued this sale offers a very large list of remarkable price savings in Dry Goods, Men's Wear, Boots and Shoes, Groceries, etc. A perusal of the prices quoted and the remembrance of the fact that the Hollinger Stores carry only the right class of merchandise will convince anyone that there are remarkable opportunities offered by this sale for money-saving and good buying. People all through the district will find sale well worthy of attendance, and the genuine bargains well worth coming quite a distance to secure.

LOCAL HOCKEY TEAMS HAVE INTERESTING GAMES

During the past week there have been a number of very interesting hockey games between local teams at the Timmins Rink, including Samplers vs Hollinger Stores with the latter winning, Hollinger Stores vs Marshall-Ecclestone with Marshall-Ecclestones having 5 against the Stores 2, and the Married vs the Single Firemen, the Single fellows pulling out the winners 4 to 3. All these games were interesting and drew good crowds. There was special interest in the Hollinger Stores and Marshall-Ecclestone game and all the spectators enjoyed it much. The same may be said of the Firemen's game, 5-man hockey, in which Bill Smith was penalized for loafing and Roy Upton for sandwiching Art Carson against the boards. Joe Brennan refereed the game, and he kept calling Pete Taylor "Brydge" all the time. But she was a good old game. They all were. And there are to be more of them. The Kingston Hotel boarders are also on the hockey warpath and promise to trim all and every team that dares face them on the ice.

MERCANTILE HOCKEY LEAGUE ORGANIZED

This week a Mercantile Hockey League was formed in town, comprised of ten hockey teams, including five teams at the mines and five in the town. The Town teams are Hollinger Stores, Marshall-Ecclestone, the Kingston Hotel, the Bankers and the T. & N. O. The mine teams are the Samplers, Machine Shops, the Assayers, the Surveyors, and Jean Pare's team. A set of rules and regulations were adopted, chief among these being that N.O.H.A. rules will govern the play, and that players are not transferrable from one team to another during the season. Each team is limited to ten men signed up for each game. A list of the total members of each team must be registered at the rink before the first game. A team not on hand at the scheduled time of a game defaults the match to the opposing team. Players on regular N.O.H.A. teams are barred from this Mercantile League.

The schedule has been drawn up for the season, and two games are to be played every Friday night. The first two games will be on Friday evening, Jan. 27th, Samplers vs. Shop at 7 o'clock, and Hollinger Stores vs. Marshall-Ecclestone at 8 o'clock. The balance of the schedule will be published later, there being one or two features not definitely arranged. The admission fee for the two games and the skating after will be only 25 cents. On account of these games, the Children's Skating hour will be from 6 to 7.

Mr. W. Alexander, Toronto, was a visitor to the Camp this week.

FOREIGNER'S "GOOD-BYE" MEANT "GOOD-BYE" ALL RIGHT

A foreigner working at the Wright-Hargraves mine at Kirkland Lake last week called out "Good-bye" to his friends as they were coming off shift and then turned and jumped down the shaft. He dived down a distance of about 90 feet from the 400-foot level, and from all indications he met as close to instant death as he could hope to meet in his life.

BIG MASONIC GATHERING AT THE FALLS LAST WEEK

The annual installation of officers at Iroquois Falls on Friday evening last was a very noteworthy gathering of prominent Masons, thirty-six Past Masters, six District Deputies and over a hundred other Masons being present. A goodly representation went from Timmins and other points on the Porcupine Branch. The installing officer was District Deputy Grand Master R. LeHeup of Haileybury and he was assisted by an imposing array of prominent Masons from various parts of the North Land. The banquet following the work of the evening was a noteworthy one and Iroquois Falls added another star to its crown as King of Towns in hospitality.

DOUBLE OUT IN PRICES IN DALZELL'S ADVT. LAST WEEK

The Advance unwillingly played a mean trick on Mr. W. Dalzell last week. For his first semi-annual sale Mr. Dalzell had cut prices to cost and below, but the Advance went one better knocking another 75c. off some suits, through a typographical error. Mr. Dalzell had priced the suits at \$23.75, while the error made the price appear as \$23.00. "I had cut the price down so low that nothing more could possibly be taken off," said Mr. Dalzell, who added that when prices were cut like they were for this sale there was no possible margin left for any further reductions. It was enough to sell the suits at \$23.75; \$23.00 was just 75c. below the possible; the sale prices were all already the limit. Dalzell's sale has been a very successful one so far. There are only three more days in which to take advantage of the opportunities offered.

MR. JOHN W. FOGG'S OFFICE AND CONTENTS LOST BY FIRE

During the noon hour on Friday last the office of Mr. John W. Fogg in Moneta was discovered to be on fire. Before the blaze was noticed it had a good start and water not being available the building was soon beyond hope of saving. The fine office building and all the contents were destroyed, the fire having such headway that it was impossible to get inside to save anything. The loss is a very heavy one, the burning of the books, accounts, etc., of the Fogg Timber & Contracting Co. and the John Fogg businesses being an especial loss. Among the other items lost by the fire were several sets of golf sticks left at the office by players coming from the links. Mr. B. A. Brady, accountant, had desk room in the offices and he also suffered the loss of inventories and other documents that entail much inconvenience and loss to replace.

When the fire was noticed first an alarm was turned in from one of the town boxes. Although the building was outside the town limits the town brigade went out and did what could be done, the only thing to use being the chemical tanks. These did good service so far as they went but sufficient chemical was not available in time to cope with such a fire. On account of the location it was not possible to connect with the town hydrants, so water was not available. Many standing around during the progress of the fire read in the incident the moral that Moneta should be incorporated in the town so that water for fire protection would be available when needed.

The staff were all away for lunch when the fire occurred, and there is no knowledge as to how the fire could have originated. It may have been from an overheated furnace pipe or from other causes.

Mr. Fogg intends to rebuild at an early date, the new building likely to be of brick, and fire proof. In the meantime the offices of the Fogg Timber & Contracting Co. and of Mr. Fogg are temporarily in the Canadian Explosives Co. offices on Fourth Ave., opposite the public school.

MAID WANTED for general housework. Apply No. 7 Hemlock street. Phone 137. —4

IS YOUR SUBSCRIPTION QUITE WELL, THANK YOU??

At the present time quite a few subscriptions are expiring. The policy of The Advance is to discontinue sending the paper when the subscription time expires. The only way we know you want your subscription continued is when you send along your money. If you wish the subscription continued, send along your little \$2.00 or \$3.00 as the case may be. The price is \$2.00 per year to Canadian and \$3.00 per year to U.S.A. addresses. Look up the label on your paper. The first figure after your name gives the month and the second the year. For instance "2-22" means you are paid to February, 1922. Do it now! If you wish The Advance continued to your address, let us know at once by sending along the renewal subscription, which is the only acceptable way of saying "keep on advancing, Advance!"
