**The Klim Demonstrators are Here
Ready to Show You How You Can Have
Rich, Pure, Fresh Milk Whenever You Want it.**

Milk is one of those things you can't get along without. That's why you'll welcome this opportunity of learning all about the new KLIM---"Whole" milk in powder form.

With KLIM Powdered "Whole" Milk in your home, you can have the richest, purest milk---milk with the real fresh country flavor you want---at a moment's notice.

Winter and summer alike, it's there for any need---for baby's food, table use, drinking or cooking.

You don't have to take anyone's word for that. Satisfy yourself. Let the KLIM demonstrator prepare some KLIM for you---taste it---decide if it isn't the creamiest, nicest milk you've ever tasted!

Have the Lady Demonstrator Call at Your Home.

The KLIM demonstrators will be in these stores. Be sure to call at the store and try this new KLIM. Get one of the new KLIM Kiddie cut-outs for your children and a handy kitchen beater for yourself.

During the week, a lady will call from house to house demonstrating the new KLIM Powdered "Whole" Milk. Invite her in---let her mix a pint of KLIM for you to use. To be sure she will call at your home, telephone one of the stores below.

Visit One of These Two Stores
