#### \$500 TO DISTRICT SOCIETY

There was a largely-attended meeting of the Porcupine Children's Aid Society yesterday afternoon, with Mr. C. G. Williams, the President, in the chair. Many matters of importance in the work of the C.A.S. were dealt with and arrangements made for the dealing with all cases before the attention of the Society Included in these cases was, the arrangement for special medical attention to some children in the district who needed special medical care but, whose families at present could not afford to pay for same. The District Society, or account of calls on its finances in connection particularly with the Children's Shelter at Haileybury, needed funds badly and so the Porcupine So-Some neighbors noticed a man ap- ciety authorized the issue of a cheque Society, under whose auspices the local branch is conducted. The matter of clothing for children coming to the notice of the Society was referred to. There were often calls for all kinds of clothing and usually the clothing was needed in a hurry. In past cases it had always been possibe to get a supply of outgrown garments from kind families in the town or district, but it was felt that if there were a central place where people could leave good clothing that had been outgrown or discarded for other reason it would be a convenience all round. Mr. Carter, Principal of the Public School, gifts of clothing that might be made have any good garments to contribute

### CITIZENS' BAND, MONDAY

The annual meeting of the Timmins Citizens' Band will be held in the Band Room on Monday evening, April 10th, at 8 o'clock sharp. All members of the Band are urged to attend. The election of officers for the ensuing year and other matters of importance will be before the meeting.

#### BY PORCUPINE PENINSULAR

A shipment of a couple of tons of eyanide, etc.
