WEDNESDAY, MAY 3rd., 1922.

**MAY 24th. LEFT OPEN FOR
TIMMINS BASEBALL CLUB**

At a meeting of the Executive of the Timmins Football Club last week it was decided to withdraw the Club's application for the athletic grounds for May 24th, so as to allow the Baseball Club to profit by the day. The Baseball Club at a recent meeting expressed the wish to go in with the Football Club on a fifty-fifty basis on May 24th, so as to raise necessary funds for baseball in town this year. The Football boys were anxious to give the baseball a boost, and so decided to withdraw their application for the grounds for the 24th, leaving the whole day to the baseball club. At the same time the Football Club went on record as offering the Baseball Club every possible co-operation and assistance and wishing them sincerely a big and very successful event.

Another question before the Football meeting was the matter of arrangement of finances as between the Timmins Football Club and the Hollinger Football Club. Mr. C. G. Williams was present, representing the Hollinger Athletic Association, and very effectively pointed out the advantages that would accrue from having the finances handled by one body, thus avoiding duplicate appeals for funds and other difficulties. The Timmins Football Club was the parent body and in charge as it were of all football in the town, and he thought that it would help the smooth running of the sport in town if all financing were centralized in the Timmins Football Club. Mr. Williams suggested that the Timmins Football Club should see to the financing of the outfitting, etc., of the Hollinger Club and the Hollinger in return would contribute \$150.00 (the estimated expense of said outfitting, etc.) to the central funds. Under this plan the

**OVER FORTY NEW AUTOS
CAME TO TIMMINS THIS YEAR**

So far this year over forty new automobiles have been brought into the town of Timmins and the most of them are now in active commission. South Porcupine has also added to its list of automobiles and the Camp in general has thus a good share of automobiles. The number of automobiles in the Camp now is estimated at 200 to 250, though many think the number will run close to 300 in all.

**MESSEURS. GOLDSTEIN AND
CROTIN BUY FELDMAN BROS.**

This week Messrs. S. Goldstein and W. Crotin have taken over the business at the corner of Balsam and Third Avenue, and will conduct it under the name of the Timmins Grocery and Meat Store. The purchase was concluded last week. Mr. W. McCrae will remain as store manager and Mr. J. Ralph in charge of the Grocery Dept. The new owners, Messrs. Goldstein & Crotin, are well-known young business men of the Camp having been connected until recently with the Bucovetsky & Co. business.

**EARLY CLOSING CARDS FOR
SALE AT ADVANCE OFFICE**

The Advance has a few cards for sale announcing the Thursday afternoon early closing. These cards may be secured at this office. Call for the card for your store at once, before the supply is taken up, and special printing is necessary.

Only membership tickets to be sold for football would be those of the Timmins Football Club and the latter would look after all gates. Mr. Williams also said that the Hollinger would fix up a practice grounds on the "slimes" for football this season. Mr. Williams' plan was very heartily endorsed by the Football Club and a vote of thanks passed to Mr. Williams for his interest and assistance, after his plan had been formally adopted by resolution.

This plan gives every opportunity for a very agreeable and successful football season here and the football enthusiasts look forward now to the season of 1922 as to be the most successful in the history of football in Timmins with everybody working together and the prospects of the very brightest for much good sport in the line of football.

**PRE-LISTING OFFERING
OF CLIFTON MINES SHARES**

Elsewhere in this issue will be found an announcement that should be of special interest. In its announcement, the Clifton Porcupine Mines Limited refers to an unusual plan in mining finance. It announces a pre-listing offering of shares in which every dollar subscribed, without any deduction whatever, goes into the Treasury of the Company to be used in completing the equipment and development of the property. The Clifton Porcupine stands high in the opinion of the people of the Camp as a promising prospect. Much work has been done on the property and the results have been highly encouraging. A noteworthy body of high-grade ore has been indicated and the old-timers here feel sure that the Clifton will make a mine of importance. The property is a quarter of a mile south of the Dome, so it has location all right. The company has a balance in its treasury and does not owe a single dollar. The original owners of the property and Homer Gibson & Co. are paying all the expenses of the marketing of the present issue of the stock, leaving every dollar obtained to go into development of the property. The Clifton looks to be a leader among the promising properties of the Porcupine.

**LAKE SHORE PRODUCED
OVER \$54,800 IN MARCH**

The official report of the Lake Shore Mine at Kirkland Lake shows that the mill ran 94.75 per cent. of possible time during March. During the month the mill handled 2,210 tons of ore with an average of \$24.83 in gold to the ton. The total production was thus \$54,870.20. With the mill holding this high record of production and the high average of the ore, the Lake Shore keeps its unique place among the wonderful rich mines of the North Land.

**PARTRIDGE KILLS ITSELF
BY HITTING STORE WINDOW**

Early this morning a large partridge flew against the window of the Timmins Grocery & Meat Store with such force that the bird died from the effect of the collision. Mr. S. Goldstein, one of the new proprietors of the store, saw the accident, and took the unfortunate bird, which is a particularly large one, into the store where it is now on display.

DISTRICT NOTES

Messrs. L. Cole and T. McConomy, of Iroquois Falls, were visitors to town over the week-end.

R. W. Bro. R. LeHeup, D.D.G.M., will pay his official visit to Golden Beaver Lodge A.F. & A. M., Timmins, on Wednesday evening of next week, May 10th.

The question of the hour is:—When is the T. & N. O. Railway going to return to the same kind of good service enjoyed by the Porcupine district last summer?

Dividend No. 97, payable on May 20th. to shareholders of record May 5th. is announced by the Hollinger Consolidated. The dividend is for one per cent. on the capital stock issued.

There are six births reported this week from Mattagami,—all boys. Last week the Timmins Council finally passed the resolution to annex Mattagami to the Town. Now watch Timmins grow.

The annual meeting of the St. Matthew's Tennis Club for the election of officers and other business will be held at the residence of Mrs. J. W. Fogg Hemlock street, on Thursday evening of this week, May 4th, at 7.30 p.m. sharp.

Some unusually good specials are being shown these days at the New Empire Theatre. The programme for this (Wednesday) evening and Thursday includes the noted picture, "The Sheik," which has been one of the most popular of successes this year wherever shown.

The Advance has received a couple of very interesting and informative articles this week by local experts on the Radio question, but space is not available for their use in this issue. Next week, however, these timely articles will find a place in these columns.

Mr. H. W. Warren was the first to take out an Auctioneer's License under the new town by-law in this regard. This is very appropriate as Mr. Warren may well be considered first among Porcupine auctioneers. Another application for auctioneer's license was that of Mr. Edwin C. Lightfoot, who has recently come to the Camp, after a career as auctioneer in Hamilton, Winnipeg and other cities.

A postcard received last week from Mr. J. W. Reed showed a gorgeous view of the Royal Gorge at Canon City, Colorado. Mr. Reed has been on a motor trip from Duluth to Los Angeles, California, and has had a very pleasant ten days' trip. Mr. Reed is stopping now at Los Angeles where they have summer dust now, summer reigning at present in California as it does practically all the year round.

On Thursday last Messrs. McLaughlin and Delaney had a narrow escape from serious injury in an automobile accident on the McIntyre Hill. They were out in Mr. J. R. Todd's car and in some way the car got out of control and crashed through the fence, turned over and dropped to the low ground at the side of the road, a drop of six feet or so. Mr. McLaughlin had an artery severed and some other minor injuries, but prompt medical attention saved him serious consequences. Mr. Delaney only suffered slight injuries, though both men were badly bruised and shaken up.

**ENJOY "TEN NIGHTS IN A
BARROOM" HERE NEXT WEEK**

Among the specials coming to the New Empire Theatre is the play, "Ten Nights in a Barroom," on Friday and Saturday of next week, May 12th and 13th. This picture has made a decided hit wherever shown. It is full of action and interest and with a thrilling story well carried along. No expense was spared in staging this picture and there are some spectacular scenes. The picture has been described as a "volcano of action" and there is interest in every foot of the ten big reels.

Bourke's Gold Mines are dewatering the shaft and putting the plant in shape to go on with further work at the property at Bourke's Siding. The shaft is down 200 feet and a good shoot of ore was encountered in the work. It is understood that the exploration work to be done now will include a considerable amount of diamond drilling. There will also be an extensive campaign of development and it is hoped to carry along the work to success and prove the mine to be a real mine and a producer of note.

FURNITURE FOR SALE—Apply R. Todhunter, Schumacher. 17-19

Studebaker
"Built-in-Canada"

Special-Six Five-Passenger, 50-horsepower, 119-inch wheelbase, cord tires, standard equipment, \$2075, f. o. b. Walkerville, Ont.

ANY well-informed garage mechanic will tell you the Special-Six leads in value from the standpoint of endurance, comfort, power and economy of upkeep. Drive one yourself and you will realize why thousands of owners have found in it those qualities which go to make up motoring satisfaction and pride of ownership.

One-piece windshield with windshield wiper

- unusually comfortable, because of its deep, genuine leather upholstery and long semi-elliptic springs, front and rear.
- endurance and dependability have been built into it by the manufacturer through the use of high-grade materials and workmanship.
- a Studebaker-built L-head motor, 3 1/2 x 5, develops fifty horsepower.
- economy of upkeep with repair shop attention reduced to a minimum.
- refinements such as you might expect only in higher priced cars.
- Jeweled eight-day clock on instrument board.
- Cowl ventilator controlled from instrument board.
- Tonneau lamp with extension cord.
- Parking lights in lower corners of windshield base.
- One-piece rainproof windshield and windshield base.
- Large rectangular plate glass rear window—7 3/8 x 23 in.
- Tool compartment in left-hand front door with lock.
- Transmission lock which reduces cost of insurance to owner 15% to 20%.
- One key operates the Yale lock on ignition switch, transmission and tool compartment.

- Touring - - - - \$2075
- 2-Pass. Roadster - - 2025
- 4-Pass. Roadster - - 2075
- Coupe - - - - 3050
- Sedan - - - - 3250

All prices f. o. b. Walkerville, Ont.

In the Special-Six you get such value and satisfaction as only Studebaker, the world's largest builder of sixes, offers.
