

Timmins and District Notes

(Mrs. H. F. Schroeder and baby are visiting in the south.)

Mr. Jas. Webber was a visitor to Cobalt last week.

Cobalt Town Council figures that it will receive about \$20,000 less in taxes from the mines this year than last.

Mr. Wm. Howitt, of Boston, spent a few days in the Camp last week.

(Mrs. Frank Mahon has returned after a very pleasant visit to Mr. and Mrs. John Mahon, of Sudbury.)

Boost the hockey by attending the concert, Thursday night.

The North Bay Council is excited these days over the disappearance of the town roller. What a terrible fate, even for a road roller,—to be lost in North Bay?

His many friends here are pleased to see Mr. Bruce Pilsworth back in the Camp.

(Swastika has formed an Athletic Association, with Mr. Walter Little as honorary president, Dr. J. T. Ellis as president, and Rev. J. Anderson as secretary-treasurer. Arrangements are being made to form a baseball team and a football team.)

Thursday of this week being Ascension Day, divine service will be held in St. Matthew's church at 7 p.m.

The Ladies Aid of the Presbyterian Church are giving a Tea and Sale of Home Cooking in Warren & Finlay's Store Third Avenue, on Friday afternoon of this week, May 26th. The stove is to be specially arranged and decorated for the occasion and the event is sure to be a very pleasing one.

(Mrs. W. Curtis left on Monday for a visit to her home in Norwood, Ont., and other points south.)

Mr. Alex. Dewar, editor of The Broke Hustler, Iroquois Falls, was a visitor to town on Monday. Mr. Dewar is much interested in getting Junior Baseball going in the district and took his question up with Chief Bolland, President of the Timmins Baseball Association.

The famous Quintile Trio, one night only, Thursday, May 25th. Reserve seats, \$2.00. Rush seats \$1.00.

Mr. Tom Sibbald, well-known T. & N. O. employee, recently at Porquis Junction, and for many years previously stationed at Cobalt, left last week for Barrie where he will reside. He has been with the T. & N. O. for fifteen years and is now on a three-months' leave of absence, but it is understood that he is retiring from the service of the railway.

Mr. L. Stadelman was last week re-elected president of the Cobalt Tennis Club, with Mr. H. E. Tommey as secretary-treasurer.

Mr. Herbert A. Day, assessor and tax collector from 1910 to 1918 at Haileybury, and since 1918 Town Clerk at the County Town, has resigned from the last post owing to poor health. Mr. Day has given excellent service to Haileybury as a municipal official and there is general wish that he will recover his health and strength at a very early date. The Town of Haileybury is looking for a new Town Clerk as a consequence of the resignation.

Mr. and Mrs. W. W. Wilson, of South Porcupine left this week for Palm Beach, Florida, to take up residence there. Mr. and Mrs. Wilson have been residents of South End since the early days and will be much missed by hosts of friends in the Camp.

Mr. P. Dougall returned on Wednesday last from his holiday trip to the Old Land. Mrs. Dougall and son are staying for a further visit to relatives and friends in the Old Land. Mr. Dougall found business and general conditions in the Old Country very poor and is more convinced than ever that Canada is the land of progress and opportunity. However, his visit was a pleasant one, and he returned with additions to his health and weight from the trip.

Last week at Swastika proceedings in the police court were halted on account of charges made against a "special agent" working for Mr. Raney in the cases. The lawyer for the accused declared that the "special agent" had been guilty of certain illegalities in his dealings with alleged blind-piggers and alleged disorderly houses. The Magistrate held the cases over so that investigation could be made into these counter charges. In the meantime Mr. Herb Lennox, M.P.P., may hear about this case!

The power was off for a short time in town on Friday last through an odd accident. A man on the Hill moving a garage let down some wires for his convenience and one of these wires having a voltage of 2200 fell on the telephone lines. A number of phones were put out of commission and operation of the telephone system for the time was impossible. The power had to be turned off to work at locating the trouble on the telephone system. As soon as the trouble was located the power was promptly turned on again.

Mr. Alex. McKinnon, who died recently in Toronto, is credited with very noteworthy work in the matter of securing funds for mining development in the North Land. It is said that in the past fifteen years he has been responsible for the investment of around \$750,000 in various North Land mining enterprises. He was associated with Mr. Shirley Ogilvie and other Montreal financiers. Through his efforts finances were secured for silver properties in the Cobalt Camp, copper prospects in Teek, and gold mining in the Bourkes, Lebel and Boston Creek fields.
