YOUR CHILD'S EYESIGHT

The future of the nation will be in the hands of the boys of today. Nothing should be over-looked that will prepare them for clean, intelligent, wholesome manhood. Their eyes must be right now if they are to be right later in life. Consult us about your boy's eye-sight.

There is nothing in all the world so heartening as the bright, active, clear-eyed boy. It has been our good fortune to fit glasses that work remarkable changes in the dull, "don't care" boys.

Consult us about your boy or girl.

The Fire Brigade made another of their usual record runs on Sunday afternoon. The alarm came in by phone and the firemen were at the premises in question, corner Balsam and Broadway in less than a minute and a half. The alarm was sent in following someone dropping a cigarette behind a stairway. There was a pile of "excelsior" under the stairs and a merry blaze threatened. A couple of pails of water put the fire out before any damage was done.

This week The Advance published a blotter whereon it was suggested that a Mattagami pioneer had recommended "Hay-Wire," as the "National Flower of the North Land." Another Mattagami pioneer seeing this, comments as follows:—"With all due love and faith in Hay-Wire, no single flower can be the national flower of this North Land. The national flower will have to be a bouquet and the bouquet will have to include the native flowers of the North, Hay-wire, prunes, raisins, tar-paper and canned milk."
