No reasonable citizen can object to the exemption of the Rink from taxation, so long as it is conducted along the present lines.

What about a big ice carnival for the benefit of the Patriotic Fund? The ice should be available about a month from now, and it would require that length of time to complete arrangements.

Just as soon as possible after the winter passes, a general clean-up day should be held in Timmins. Health comfort, and convenience demand it. Get rid of the rubbish in the back yard. It is enjoyable work when everybody's doing it.

Mr. F. W. Schumacher and Mr. Earl S. Davis, of Columbus, Ohio, came in on Thursday, on a visit to the Schumacher Mines. They are registered at the Goldfields.

The Board of Trade might well give some thought to the problem of accommodation for travelers visiting the camp. The Goldfields Hotel is going to be taxed to the utmost this spring, unless an addition is built.

A St. Valentine's Dance is being held under the auspices of the St. Matthew's Church Guild, on the evening of February 14th, in the Masonic Temple, Timmins. A first-class program of music will be provided and an enjoyable evening assured.

5000 FACTS ABOUT CANADA

The public will welcome the new issue for 1916 of "5000 Facts About Canada," the popular and valuable encyclopedia of Canadian dates, compiled by Frank Yeigh of Toronto, the well known writer and lecturer on the Dominion. No up-to-date and intelligent Canadian can afford to be without this "hardy annual" which is a revelation in concrete form of the wonderful growth of our country in a single year, despite war conditions; indeed, it circulates all over the world, and as such is a splendid advertisement. The chapter of "War Facts" is, by the way, both timely and illuminating. Fifty other chapters are devoted alphabetically to every phase of our national life, from agriculture to the Yukon, while several sketch maps are of high value. Copies may be had from newsdealers or by sending 25c. to the Canadian Facts Pub. Co., 588 Huron Street, Toronto, Canada.

The man who expects to get to heaven ought to pay his subscription for the local paper and not tempt the poor mortal of an editor to swear. Honesty counts with St. Peter.

Mr. Hayde, Accountant of the McIntyre Mines, received news yesterday of the death of his mother. His many friends will sympathize with him in his sad bereavement.

Councillor Melnis wants what he wants when he wants it. He has a way of getting what he wants, too. Lights are to be installed near the bridge between town and the Hollinger, and at the point where Moneta begins, thanks to his insistence. The firemen are to have their rubber boots after all, the Mayor notwithstanding, due to his strenuous advocacy. He also had the water rates on the taps for discussion, in the hope of striking a fair equation, and raised the urgent, very urgent, question of wiring and fire inspection, for discussion and settlement. We might do worse than send Dr. Melnes to parliament after he is through with town work.
