Nicholson of the Timmins Platoon, 159th Battalion, wishes to acknowledge the following kind donations to the boys during the past couple of days: Mr. Matt Boivin and Chief Courtemanche, one box cigars and a carton of 50 packages of cigarettes; D.Y.B. Club, one barrel of apples, 100 cigars and 50 packages of cigarettes; and also the generous gift of \$50 given by Mr. Charles Pierce a short time ago. Also the Knights of Columbus are presenting the boys with a gymnasium set which is very much appreciated.

M. Abraham, who was in the stationery business in South Porcupine in the early days of the camp, was a visitor in Timmins over the week end. Since Mr. Abraham's departure some three years ago, he has been in business at Vancouver, but owing to the war he was forced to discontinue like many others in the west. It is his intention to open a business in Timmins in the near future.

Rev. J. H. Dyke, Field Secretary and Lecturer for Muskoka Free Hospital, will give an illustrated lecture with lantern views in the Miners' Union Hall on Wednesday evening, April 19, at 8 p.m. Everyone should hear the lecture. It is its own best recommendation. It is brightly illustrated, intensely interesting, thoroughly instructive, eminently practical. A collection will be taken up in aid of Muskoka Free Hospital for consumptives.

A fire broke out in the dry-house at the North Thompson mine about 1 p.m. Saturday morning, which destroyed the interior before it was got under control by the volunteer fire-fighters of the mine. They had a stream of water playing on the building in less than five minutes after the outbreak was discovered. Between \$200 and \$300 will cover the loss.

Dick Andrews, who has joined the American Legion, left town on the noon train Friday for a visit to his home in the Michigan Soo. A large number of friends were at the station to see him off, and a number of employees who worked under him at the Aene Gold Mines, where he was shift boss, handed him envelopes which no doubt contained some token of their esteem.

About 2:30 on Saturday afternoon the Fire Brigade were called out to a chimney fire which occurred in a Finland boarding house about a stone throw from the fire hall. A chemical extinguisher was used inside the house and one stream of water was thrown on the roof for a couple of minutes. The fire consisted chiefly of dense smoke, and very slight damage was done to the premises.

If seeing the first robin is the good omen that it is supposed to be, then J. S. Spence, the well known teller at the Canadian Bank of Commerce, is due for some good luck. Mr. Spence reports that while walking to Schumacher last Sunday he saw a sure enough robin.

An air pump for use of motorists and also an automatic gasoline pump have been installed by the Marshall-Ecclestone Co. at the curb on the Pine street side of their store, both of which will undoubtedly be a great convenience to those using autos and motorcycles.

The collection taken up at the recruiting meeting in the Empire Theatre on Sunday night totalled some \$76. This is much better than on previous occasions, but considering the large attendance, will have to be materially increased before it can be described a "handsome collection."

The Juggernaut**

If you want to see what Moving Picture realism can really mean, see 'The Juggernaut' tonight. You will find the romance of the workaday world and with it one of the most thrilling incidents the camera has ever recorded. Nothing less than the wreck of an express train.

You see it all, the giant locomotive hurling itself with its train of cars through space into the rushing river below, you see the smashed up cars and struggling passengers, and seeing you have hard work to refrain from shrieking aloud. It is the sensation of a lifetime. *The Juggernaut* is a 5 part feature film and it comes to you direct from The Vitagraph Theatre, New York.
