**TIMMINS SCHUMACHER
SOUTH PORCUPINE**

Timmins News in Brief

Five or six bunches of "lost" keys are hanging in the post office waiting for claimants.

Mrs. A. S. Fuller returned this week, after spending the past year in the States.

Schumacher will have some ball team according to all reports.

Harry Asseltine received word from his brother, Pte. Wm. J. Asseltine, who is now stationed at North Bay. He expects to go to Toronto in the near future to have a specialist look at one of his legs which has been troubling him for some time.

Homer L. Gibson was in Cobalt the latter part of the week on business in connection with the Red Jacket Mine.

The Dr. Moore building on the corner of Pine street and 4th avenue is going ahead very rapidly and is expected to be ready on or about the first of August.

A. S. Fuller & Co. it is expected, will move his brokerage office from his present location to the Moore building when completed.

Our subscribers will notice in last week's issue we started an "Honor Roll" of the persons from this camp who have joined for overseas service since the beginning of the war, and although we have succeeded in getting over three hundred of these names there are probably a few who are not yet on the list and we would deem it a special favor if everyone would look over the list appearing in this issue and if there are any missing to your knowledge kindly let us have same so that we may make the list as complete as possible.

Report all items of interest to this office. They will be appreciated and each item will help to make the paper that much more interesting. We can not get all the news but by your help we can get the lion's share and that is what we wish to do.

The three best selling books of this war are "Kitchener's Mob," "The First Hundred Thousand," and "My Year of the Great War." For sale at The L. Stadelman Co.

Corpl. Paddy Gallagher is back in town on a visit, looking the picture of good health and usual cheeriness.

The latest casualty list announces that Lieut. Carl Green of Haileybury is among the missing, and Lieut. Ewen Nichol of Cobalt is killed. Both these men were well known in Porcupine and although it is with deep regret we learn of the supreme sacrifice of Lieut. Nichol, the hope is expressed that Lieut. Green may still be unharmed.

A nice line of Church of England Hymn and Tune Books and Catholic Prayer Books just received by the L. Stadelman Co.

"Gasoline Gus" Mueller and his harness mate, Carl Eyre, went to Cobalt last week to qualify as proficient engineers for "benzine buggies" and it is whispered that the quality of gasoline used in the vicinity of Haileybury is of higher tension than in this neck 'o the woods. We are of the opinion that the graduates will not be able to improve their speed much by having a diploma in their pockets.

It is rumored on good authority that Dan Cupid has succeeded in adding Ed Pritchard to his list of beneficiaries for the present bridal season.

Haileybury is to make Dominion Day, July 1st, "159th Day" this year and are arranging sports for the occasion. The Timmins ball team will journey down there, together with a goodly squad of followers.

Marshall-Ecclestone had another shipment of Ford automobiles on Monday, this being the fourth this summer.

Church Notices

Soloist: Mrs. J. K. Moore.
Young Men Specially Invited.

What would a good job be worth under German rule in Canada?

Mr. P. M. Bardessono, Manager of the Empire Theatre, left last Friday for Eastern points.

To-day is the longest day of the year.

You have probably noticed that the most successful business men of the district are the ones who put the AD in AD-VANCE.

Dr. George, medical health officer for this district and whose headquarters are at North Bay, was in town the latter part of last week on his regular tour of inspection.

Chas. Shean arrived in town last Friday from South Bend, Ind., where he has been going to college. Charlie will be well remembered while playing baseball for South Porcupine in the summer of 1914.

Hudson Maxim, the inventor, asserts that there is such a thing as a self-propelling mine. Hudson should have lived in this vicinity in the days of the Cobalt boom and he would be sure of it.

South Porcupine is following the footsteps of Timmins and will close their places of business during the months of June, July, August and September at one o'clock every Wednesday afternoon.

E. M. Allworth has secured the contract for the Jemmett residence which is located on 2nd Avenue.

The town has now opened up Birch Street at the rear of the rink by cutting down the hill from 2nd Avenue to 3rd Avenue.

The following appreciative letter has been received at the Advance office. The "New Year" refers to the advent of this paper on its second year of existence from June 7th.

The Bridge Flats,
Douglas Ave., St. John, N.B.
The Porcupine Advance,
Timmins, Ont.

Gentlemen,—Will you please in future forward my paper to the above address instead of the Fairville P.O. Up to the present I have received my copy regularly each week, and have very much enjoyed reading all the local news.

Wishing your paper a successful "New Year."

Yours truly,
Mrs. F. H. Stockwell,
St. John, N.B.

MARRIED.

WHYTE-SOUTHWORTH.—On June 3rd, at Manistee, Mich., Mr. W. M. Whyte of South Porcupine, to Miss R. E. Southworth of Manistee.
