Do you ever wonder what used to run on the railroad track before they invented trains

No one seems to be safe in these progressive days. An Oregon woman has kissed Eugene V. Debs.

It isn't "Turkish Delight" which the Bulgarians are handing out to their ancient enemies.

A good many door mats with "welcome" can be safely classed as dirty liars.

It might be well to remark before some one beats us to it, that it is time to commence your Christmas shopping.

A girl in New York has received \$500 for an injury to her patella. A common knee-pan would have been worth only about a hundred.

There is always an excuse for failures and if all men got to the top there wouldn't be sufficient foundation for them to stand upon.

What queer things evolve from brutes. Men who kick at a soiled towel will fondle and kiss good-bye the dirtiest kind of a \$10 bill.

President Taft said he would be elected for obvious reasons and the betting men offered odds against him for various reasons.

It will soon be the "swearing off" season, and habit, that sly dog of Satan chuckles softly, when it hears its victim say he is going to"shake it off."

A man arrested in Vancouver by the name of Scott Brown, says he was paid \$60 to commit bigamy. The high costs of husbands is coming down.

A woman in Chicago was struck by lightning while playing the piano. The provocation may have been great, but the method of punishment is a little severe.

One could not blame the Turk these days if he should happen to ask his way to the Hague Peace Palace.

Dealers are again going to raise the price on hams and probably put on an extra wrapping of paper. What a bargain and a luxury that old fashioned soup bone would ..ow be for 10 cents.

A love letter has been unearthed which is said to have been written five thousand years ago. Change the date and even a judge in a divorce case would not know but what it was one of the every day, up-todate ones.
