Mrs. Roulston, of Toronto, will institute the new Rebecca Lodge in the Oddfellows' Hall on Thursday evening, December 7th.

The Northern Ontario Fire Relief Committee of Toronto have made another grant of \$4,750 as farther assistance to the fire sufferers in this district. A meeting of the local committee was held to-day, particulars of which will appear in the next issue of The Advance.

The Bachelors and Benedicts of the Porcupine district are giving an informal dance on Thursday evening of this week, and as it promises to be the best of the season, all who delight in this kind of a good time, should make it a point to attend. The same excellent musicians who furnished such appreciated music for the Masonic At-Home last week, will be present, and luncheon will be served.

Mrs. L. E. Christie, who has successfully conducted a Ladies' Wear and Millinery business in Timmins and South Porcupine for the past five years, has retired from business and left last week for the South. She will visit her mother in Toronto for a time, and from the Queen City will journey to Florida to spend the remainder of the winter. No doubt many of the ladies of Timmins and district will miss the capable milliner who gave good service in the lines of ladies' wear.

The fire brigade had a run on Monday afternoon about four o'clock. The team, brigade and equipment responded in good time. It proved, however, to be a false alarm, in honor of the presence of the new Fire Chief, Mr. Dey, of Collingwood, as one citizen said. It is thought that the alarm was turned in by someone who found the glass broken on the alarm box and could not resist the temptation. If a glass too much causes trouble sometimes, this was a case where lack of a glass caused trouble.

Complaints are being heard regarding the practice of some of selling a load of wood for a cord of wood, the load sometimes being little more than half a cord, while the price is the price for a full cord. This addition to the high cost of living is bringing up the whole question of short weights and measures, and there is a growing disposition to call for the prosecution of offenders. It is also suggested that the Town secure a public weigh scales for the protection of the citizens in the matter of weights. Such a move would not only be a benefit to the consumer, but it would also be an advantage to the honest seller who would thus escape the unfair competition of his less honest brother.

An extra large assortment of children's story and picture books on display at
