TRY OUR Pure Pork Sausage

It is in a class by itself, made from choice, selected, Government-inspected young Pork, mildly seasoned with pure spices and Made Fresh Every Day. DON'T buy Sausage made four or five hundred miles away. It is generally about 10 days old and liable to be sour, causing gas and fermentation. Our PURE PORK SAUSAGE has a sweet, nutty flavor, is easily digested, and proves a real treat. Once tried, you will use no other.

Timmins News in Brief

Born—to Mr. and Mrs. J. H. Palmer, on Tuesday, Feb. 20th, 1917—a son.

Mrs. Hibbard has returned to Camp after spending a week with Mrs. Robt. Sims at Dome Lake.

Miss Hazel Asselstine, of Verona, is visiting her brother, Mr. Harry Asselstine.

There was no regular meeting of the D.Y.B. Club this week, but the Club will meet at the home of Mrs. Meyers on Monday evening, Feb. 26.

Mr. Frank Cartwright, who has been on the office staff of the Dome Mines for several years, is leaving to take a position with the Canadian Copper Co. at Panama.

The new automobile license number plates are arriving in town this week. Automobilists who have not yet attended to the matter of securing their license plates should "do it now," as the time will soon be here when the autos will be running merrily again.

Inside of a week the police have had four or five drunk cases, all of them bearing the suggestion of being from home-made goods. Chief Craft no doubt will say that there is trouble also "brewing" for somebody, because that sort of thing can not be kept "still" in this town.

Mr. Alf. Mallette, who was manager of the M. J. Roche jewelry business here for the past year, has returned to Cochrane to continue on Mr. Roche's staff, the business here being sold to Mr. P. L. McHale, as recently announced in The Advance.

Invitations are out for a social evening in the Masonic Hall, Porcupine, on Monday evening, Feb. 26th, under the auspices of the Porcupine Lodge, A.F. & A.M. There will be dancing and cards and all the other pleasures that the Masons know so well how to gather at their social evenings.

A grand masquerade ball will be held in the Finlanders' Hall this (Wednesday) evening. The prizes for the best masqueraders are: first, \$5; second, \$3; third, \$2. From 8 to 10 o'clock only masked persons will be allowed to dance. Unmasking will take place at 12 o'clock. Masked persons will be admitted free, but all others have a fee of \$1.00 to face.

The Schumacher branch of the Canadian Bank of Commerce has announced the extension of its hours of doing business to the full regular banking hours. The Schumacher branch will hereafter be open from ten a.m. to 1 p.m. on Saturdays, and from 10 a.m. to 3 p.m. on other week days.

Mr. P. H. McHale (successor to M. J. Roche), is enlarging and improving his optical parlors, and being the only qualified specialist in town in this line his enterprise should be of benefit and advantage to the public. Mr. McHale is using the "shack test," recognized as the best—indeed the only real eye test.

A delightful social event was the dance and card party given Monday night in the Oddfellows' Hall under the auspices of the Oddfellows and Rebekahs. About thirty couples were present and enjoyed the evening thoroughly. The piano music furnished by Mr. Stanley Rawlinson was one of the appreciated features of the event. It goes without saying that the refreshments were in good taste in both the meanings of the phrase.

The social dance at the Dome on Monday evening was one of the most successful and pleasing events ever held in the district, which is just what would be expected from the Dome. One hundred couples were present, many coming from Timmins, South Porcupine and other points. The fine, big Recreation Hall was artistically decorated for the occasion, and the refreshments served by the ladies of the Dome were "a la Dome"—which being translated in this case means "excellent." Appel's orchestra furnished the best of music, and the evening's dancing and games, etc., were enjoyed by all.

ST. MATTHEW'S CHURCH
(Church of England)
TIMMINS

Services on Sunday, Feb. 25th
(1st Sunday in Lent)

11 a.m.—Morning Prayer.
3 p.m.—Sunday School.
7.30 p.m.—Evening Prayer and Holy Communion.

Preacher: Lieut. the Rev. A. C. S. Trivett, M.A.
Rev. J. Douglas Paterson, Rector.

Miss Grace Carr, of Hamilton, is visiting her sister, Mrs. W. J. Asselstine, at the Dome Mines.

Mr. Art. Latimer, one of the early prospectors of the district, re-visited the Camp last week.

The local firemen have organized a swift hockey team and are doing a little practising with a view to extinguishing all comers. The firemen have such clever puck chasers as Messrs. McLean, Austin, Phil Teare and K. F. DeLong, so they will be able to give any other local team a run for their money.

One of the employees of a local livery and transfer firm was before Mr. H. E. Montgomery, J.P., this week charged with a breach of a town by-law by driving on the sidewalk. As a warning to others—the police claiming that the accused had been warned before—the defendant was fined \$5.00 and costs.

There was a big house at the New Empire Theatre Tuesday evening for the show, "Charlie's Aunt," put on by a Cobalt company. The Cobalt actors, under the leadership of Mr. Roy Feldon, did credit to their training and their ability. The event will be repeated this evening at the New Empire.

On Tuesday of last week a meeting of the Anglican clergy of the district was held at Monteith, and in addition to the religious services, there was a general discussion of the progress and opportunities of the Church in the North Land. Among those attending was Rev. J. D. Patterson, who was accompanied by Lieut. the Rev. A. C. S. Trivett.

PATENT RIGHT FOR SALE

Canadian Patent No. 173156 is hereby offered cheap for cash or on deferred payments, subject matter being a double acting and reversible air feed applicable to mounted pneumatic hammer drills of the water Leyner type. The object of the invention being that the machine is fed forward by means of compressed air on the same principle now used on the well-known stopping drill until the drill is run out and by reversing the valve handle the machine is brought to its retracted position in a period of two seconds, the slow and clumsy feed screw being entirely eliminated, and the efficiency of a machine being increased from 15 to 20 per cent. Must be seen to be appreciated. Can be applied to machines now in use. The owner of this patent can easily control the Drill trade of Canada. Correspondence solicited. Address all communications to J. C. H. Vaught, 467 West 22nd street, New York City. 15-17
