\$9.00 to \$35.00

The most beautiful watch in America

Note that the second hand, as in every Gruen Verithin, is at the bottom of the dial. When the second hand appears up towards the centre of the dial, it means that thinness has been obtained by patching a small lady's size movement in a man's size case. We carry also the beautiful Gruen Watch for Ladies: very acceptable wedding gift. Let us show you.

REV. S. M. BEACH POPULAR IN DISTRICT

Asked to Return to Charge for Another Year. Church Making Satisfactory Progress.

General words of appreciation of the good work of Rev. S. M. Beach were in evidence at the meeting of the Quarterly Board of the Methodist church held in South Porcupine last week. There was a full attendance of members of the Board, and it was unanimously decided to forward to Conference a resolution earnestly asking that he be returned to this charge for another year. The various reports for the year showed the church work to be in a very satisfactory condition. In missionary collections an increase of about 60 per cent. was shown, and, as church workers know, giving to missions is usually the healthiest sign of the general interest and earnestness of a church.

On Wednesday the District Meeting of the Methodist church was held at Schumacher. Here, again, reports were encouraging and showed the increasing interest and effort being given to church work in the district. Rev. Mr. Beach was chosen as the representative of the District on the Stationing Committee of the Conference.

Owing to the recent arrangement by which the Presbyterians take over the services at Schumacher, and the Methodists take over those at South Porcupine and the Dome, Rev. Mr. Beach will leave Schumacher in the course of the next month. The regret at this in Schumacher is general, for both Mr. Beach and Mrs. Beach are very popular there among all classes. The people, however, will be pleased if they do not leave the immediate district.

At a very largely attended meeting of the Ladies' Auxiliary of the Methodist church on Wednesday evening last week at Schumacher, Mrs. Beach was presented with a beautiful silverware dish and an address expressing the appreciation of the ladies for her services during her stay in Schumacher, the regret felt at her expected removal, and the good wishes that would follow her to her new home.

LIEUT. H. R. BANKS WOUNDED MAY 21st.

Came all the Way From Arizona to Enlist. Now in Boulogne Hospital.

Mr. Thos. Banks received the following official telegram from the Records Office this week, regarding his son:

"Sincerely regret to inform you that Lieut. Hubert Raymond Banks, Infantry, officially reported admitted to Seventh Stationary Hospital, Boulogne, May 21st. Gunshot wound, right arm, slight. Will send further particulars when received."

Lieut. Hubert R. Banks is well known through the North Land where he spent several years, and his many friends will be pleased to see that his injuries are officially marked as "slight." He spent five years in Gowganda in the earlier days, and all through the North he has friends. When war broke out he was following his profession as mining engineer in Humbolt, Arizona, and he came all the way from that far southern spot to join up with the Canadians. He enlisted about a year ago, and has been at the front about six months. Only a few days ago his father here received a bright letter from him in which Lieut. Banks spoke of the good progress made by the Allies and mentioned the fact of his own luck in escaping wounds or injury.

"WHEN THE TONGUE SHALL CEASE FROM WAGON"

"What's this dull town to me," says one of the Imperial Oil Co's team on Monday. "Going to be a pretty exciting town for a while," replies the other. Then they both got away with it for a while, "it" including the heavy wagon and the big oil tank. In a very short time, however, they took different sides in passing a telephone pole. "Divided we fall," quoted the high horse. The wagon struck its tongue out at the telephone pole, and that brought the team to their knees, but not in prayer. And it wasn't in prayer either that the driver spoke to them when he came up, though some of the words might be used in prayer, perhaps. That's right, "some" of the words! It was on Maple street that the team thus spilled the beans, but they spilled no oil, and little damage was done except to the two poles concerned, wagon pole and telephone pole, the latter saying it could stand it if the former could.

PASSPORT SYSTEM FOR CANADA NOW

No Male of Military Age Can Leave Canada Without Securing Passport.

Under an order-in-council which went into effect on Friday in Canada from coast to coast, it is illegal for any male person within the ages of 18 and 45 years inclusive, to leave or attempt to leave the country without a proper passport from the proper authorities. Application forms for passports by those who wish to leave Canada on business or for other legitimate purposes may be obtained from station agents and ticket offices of railways and steamships, etc.

The information called for on the application schedule is:

Name and address.
Date of birth.
Nationality and length of residence at present address.
Names and addresses of four persons for reference as to identification.
Destination and reasons for desiring to leave Canada.
Expected length of absence.
Height, weight, color of eyes and hair.

Each schedule must have attached thereto a photograph that is a good likeness of the applicant.

The declarations must be signed by the applicant and sworn to by him before a notary public, justice of the peace or commissioner.

Applications must be signed by a sponsor, who must be a bank manager, chief of police, clergyman, or Dominion Government official who must state how long he has known the applicant, that he recognizes the photograph as a good likeness, and that he believes the statements in the information are correct.

For breach of this order-in-council a fine of \$5,000 may be imposed.

NEARLY A HOLIDAY AT POLICE COURT

The Twenty-fourth of May Was a Quiet Court Day.

The Twenty-fourth of May was a quiet day in town—even in the police court here. There was a variety of cases, but most of them were remanded, and the others did not mean much work or worry for the authorities. About the only case of "fireworks" didn't produce any "fireworks" in the court—just \$2.00 and costs. It was the case where a town citizen was charged by Chief Craft with breach of the by-law forbidding the setting off of fireworks inside the town limits. It seemed to be more a case of thoughtlessness than anything else, so Magistrate Atkinson let the offender down easy with \$2.00 fine.

The only other approach to "fireworks" was when a leading citizen started to tell the court how much booze was consumed in Timmins right along, but this gave rise to more report than light. Provincial Inspector Rowell was wearily standing at the door of the court room wondering why life should be so dull and drab and nothing doing, when he heard

some strenuous noise and saw some men just a few yards away across down the road over yonder, as it were. "That man has a bottle, pick him up," he said to Provincial officer Ackroyd. The Officer did the bidding of his Chief and returned in a few minutes with J. Hussey and the bottle. He was fined \$200 and costs. It all happened in a few minutes, which, perhaps, prompted the other citizen to think that if a man could be stopped, detained, tried and fined \$200 in ten minutes, there must be a whale of a lot of booze coming into Timmins in a hundred years.

A charge of theft against Mr. Morrison laid by his former partner, Mr. Laeoste, was dismissed as being a dispute that should be settled by the civil courts.

The charge of theft against Mrs. Morrissey was remanded for a week. A week's remand was also made regarding the case in which A. Gentile was charged with perjury in swearing falsely as to the age of the girl whom he married some months ago. At the time of the marriage, which was performed by Rev. J. Macdonald, the bride's age was given as 19, while her age is now stated to have been only 16 at that time. Her parents are bringing the action. The case will be continued this week.

WEEKLY HALF-HOLIDAY STARTS NEXT WEEK

According to Understanding it Should be Changed From Wednesday to Tuesday or Thursday.

According to the amendment to By-law No. 53, proposed by Councillor Brazeau, seconded by Councillor Williams, and passed by the Council on June 19th, 1916, the stores of Timmins are required to close every Wednesday afternoon during June, July and August, at 1 p.m. At the time this amendment was passed it was understood that in case the pay days for the mines came on a Wednesday the half-holiday should be taken the day previous or the day following the Wednesday, that is, on Tuesdays or Thursdays. As the pay day for the Hollinger now comes on Wednesday, the merchants should get together and decide upon the half-holiday at once, as the Wednesday afternoon closing will remain in force until they do. It should be easy to agree either on Tuesday or Thursday as the day for the weekly half-holiday during the summer months, and if the question is settled promptly it will avoid needless confusion. Wednesday, June 6th, is the first legal half-holiday under the by-law. Those interested should arrange for the change to a Tuesday or Thursday half-holiday before another nine pay-days come along. With the interest in greater production, etc., this year the weekly half-holiday seems to be more necessary than ever for the benefit of merchants and employees, while its general benefit to health, comfort and convenience are in no wise lessened during the hot months.

FORMER TRAIN SERVICE AGAIN BY JUNE 24TH

Resuming of Nos. 46 and 47 Will Wait on Change of G.T.R. Summer Timetable?

It was confidently expected by many, following the direct suggestion to this effect from Chairman J. L. Englehart, of the T. & N. O. Commission, that the former train service on the People's Railway would be resumed by June 1st, at latest. Apparently, however, this is not to be. At Cochrane recently the information was officially given out that Nos. 46 and 47 would not resume their old time-table until around the 15th of June, owing to the Grand Trunk starting their summer service then with a new time table, the T. & N. O. having to wait for that new summer time-table. Enquiry at the local station this morning brought the answer that the old service would not be resumed on June 1st, but the date of resumption would likely be June 24th. Perhaps, the People's Railway, like so many of the people, is waiting for Conscription. At the same time, perhaps, the People's Railway might kick as hard at the mere mention of Conscription, as so many of the people. However, it will not take even the 24th of June long to roll around in beautiful weather like the present.

Just before going to press, the Mayor informs The Advance that Mr. Geo. W. Lee, Commissioner, of the T. & N. O., phoned him this week saying that while the People's Railway desired to resume the old service on June 1st, and were quite ready to do so, they were prevented by the refusal of the G.T.R. to put on the necessary connection before the change in that railway's timetable. By this it will be seen that the fault does not lie with the T. & N. O. who were anxious as usual to give the people the best service possible.

Baseball & Tennis Supplies

We shall have on hand in a day or two a Complete Stock of Baseballs, Gloves, Bats, etc., Tennis Balls, Rackets, Shoes, etc. Special Price on Tennis Balls per dozen. Ask for a FREE Spalding's Sporting Goods Catalogue.
