Pte. J. N. Levine, who recently returned from overseas on account of being under age, and who is now at his home at South Porcupine, was a Timmins visitor last week and was warmly greeted by all who knew him. He has many interesting facts to relate regarding his experiences since joining up with the 228th in the North Country.

The Financial Times, of Montreal, last week says:—"Julius Cohen, brother of Samuel Cohen of the Crown Reserve Mine, has been appointed a first lieutenant in the United States Reserve Corps. Mr. Cohen is manager of the Croesus Gold Mines at Matheson, Ont.

The new time-table on the T. & N. O. went into effect on Sunday of this week. One of the chief changes is the running of the "Nationals" on Sunday. As a consequence of this change there is a strong effort being made at Timmins, South Porcupine and other points along this branch to have a Sunday service to and from Porquis Junction to connect with the "Nationals." It is putting the case too mildly to say that such a service would be a convenience. It is practically a necessity in the interests of the people under the changed conditions. Under the new time-table in force this week the National train leaves here at 6:40 a.m., instead of 6:15. The Montreal train also arrives here at 10:56, instead of 11 p.m. The Toronto train leaves here at 11:40 a.m., and arrives here at 5:15 p.m. The Buffalo train, under the summer service, makes connection with the Montreal train at North Bay, thus giving practically a one-day express service from Toronto.

A wedding party of about 100 men, women and children, in honor of a Finlander marriage, went down the river to Sandy Falls on Sunday in a flat-bottomed steamer. Coming back after a perfect day, the engine developed some sort of corrugated trouble, with the result that the steamer was stalled at about five o'clock. All efforts to get the steamer to steam proving unavailing, Capt. Lafraniere went down in the Steamer Agnes and brought off the stranded weddingers, the party arriving back here between twelve midnight and one o'clock.

The members of the D.Y.B. Club met at the home of Mrs. Charles Cumming, on Monday, June 25th with a large attendance. The usual work of the Club was taken up until later in the evening when a number of the "male sex" joined the gathering, the remainder of the evening being spent in dancing. During the evening Mrs. Cumming served a very dainty lunch, assisted by her sister, the Misses Lesard. The D.Y.B. Club are grateful to Mrs. Cumming for the very pleasant evening enjoyed. Owing to next Monday being a public holiday, there will be no meeting; the Club will therefore meet on the following Monday evening, July 9th, at the home of Mrs. H. Peters. Work taken in—10 prs. socks, 2 shirts. Work given out—12 prs. socks, 2 shirts.

Services will be conducted at St. Matthew's church on Sunday by one of the clergymen of the diocese. Sunday School at 10 a.m. Morning and evening services as usual.

A benefit night was given Sunday evening at the New Empire in behalf of the Y.M.C.A. military fund and \$16.17 netted from the collection. A number of good motion pictures were shown.

Mr. Thos. Dowler, who has been principal of Timmins Public School for the past two years, has sent in his resignation which will be considered at the next meeting of the School Board.

Chief Craft took down three prisoners as far as North Bay on Friday morning. One of them was going to the Ontario Reformatory for a year, while the other two were about to visit North Bay's popular resort, because they found it more convenient to give three months of their time than \$200 and costs each for infractions of the Ontario Temperance Act. At South Porcupine another prisoner was added to the group, and Inspector Rowell of the Provincial Force, went along for company.

Provincial Officer Allen has resigned from the force, and is at present simply finishing out the work in hand. The new Provincial Officer for South Porcupine has not yet been announced. Provincial Officer Allen has given faithful and able service in this district, and his retirement will be a distinct loss to the Provincial force. While the work is not such as to give a man general popularity, it will no doubt be found that time will justify the classing of Provincial Officer Allen's work as faithful, fearless, fair and in the public interest.

A Montreal financial house is offering \$100,000 six per cent. mortgage bonds of the Northern Ontario Light and Power Company, at the price of 85 and accrued interest, yielding 2½ per cent. The bonds are in denominations of \$500 and \$1000. Speaking of the offering, The Financial Times says that over a period of the last three years the average annual income available for bond interest has been more than twice the amount required. For 1916, the net income amounted to \$611,994 against bond interest of \$273,360. Since 1912, regular dividends have been paid, at the rate of 6 per cent. per annum, on the preferred stock. The Company was organized in 1911, and has exclusive franchises for the supply of light and power to Cobalt, Haileybury, New Liskeard, Cochrane, Porcupine, South Porcupine, Timmins, and Sturgeon Falls. Also it has telephone systems in three of these towns.

The Home Mission Board of the Canadian Baptist church has appointed, as Superintendent of its work in Ontario and Quebec, Rev. H. B. Cummins, now pastor of the Cobalt Baptist church. The position of Superintendent of Missions was formerly filled by the late Rev. W. E. Norton. Mr. Cummins will take over his new duties as soon as he can arrange to leave his present pastorate at Cobalt. He is a graduate of McMaster University, a forceful and able preacher, and one with an inside knowledge of mission work. He has been in charge at Cobalt for the past six and a half years, previous to which he occupied pulpits at New Liskeard and Binbrooke.

The local brigade made a very prompt response to an alarm of fire on Thursday afternoon, and though it was not necessary to use the hose the work of the Fire Chief and a little bucket brigade prevented a more serious blaze. The fire was at a house owned by Mr. J. Paey, at No. 1 Birch street, and the origin of the blaze is a mystery. Mr. Paey was down at the post office getting his mail at the time the fire was discovered, and when he returned it was only to find the house broken into and a little fire in progress. There had been no fire in the stove for some hours previously, and though the fire seemed to have started from around the chimney it was hard to understand how this could be as the stove was cold. It may have been that the breaking into the house was caused from someone seeing the fire or smoke and entering the house to fight the fire, but that does not explain how the blaze itself started. Outside of some damage from smoke and water, etc., no material harm was done. Mr. Paey had no insurance on the property.

SAIL BOAT for sale, in good condition. Apply George Johnson, West Dome Mine 33-34.

WANTED—60 MEN to cut logging. \$3.50 per day, or on contract, or piecework. Worthington's Camp, Mattagami River. 31-32.

Some local men are reported as having been very ill recently from overdoses of a patent cod-liver oil concoction with a kick concealed in it. The overdoses were self-administered, not with the idea of self-destruction, but in the hopes of extracting the kick-y feeling from the cod liver. Some claim that this dope has more of alcohol than 2 per cent., while others confuse it with one per cent; or one cent, or something. However, it is "bad medicine," as the Indians say. One man remarks, "Go dry, rather than drink that stuff. You have to drink too much to get a feeling. Then you are so drunk you haven't sense enough to know that you are sick; and you're so sick that you can't enjoy being drunk."
