## SHOULD BE PUT SILENCER ON BOTTLE

Liquid Talked Too Loud Too Near Police.

Sunday evening up Moneta way Provincial Officer Aekroyd and Constable Sally were walking along without thinking of anything special to see or hear. All seemed quiet and serene to "d' beeg police" and the other fellow. Then two or three young fellows came by, not making any particular noise or trouble. The officers had no objection to anything or anybody, but just as one fellow, who was carrying a cardboard shoe box under his arm, was passing the Provincial, "Slush! Slush! Slush!" came quite plainly from the box. The Provincial objected to any gurgly-toned shoe box saying "Slush!" when going by him, so he stopped the young fellow. "What is in the box?" he asked. The young man assured him that there was absolutely nothing. There was nothing that the Provincial was so anxious to see at that moment as that "nothing." When the box was opened, however, "nothing" was found to be a bottle of gin. The police took both the box, the bottle and the "nothing" all in charge, and the young man will be before the Magistrate on Thursday to answer to the charge of having liquor unlawfully in a public place. Some one will soon have to invent a silencer for liquor parcels. As it is, the stuff,—in a bottle, in a box, or in a live body,—is nearly always sure to make a noise that attracts the attention of the police and costs eventually about \$200.

## LAMED AT TENNIS.

Mr. E. H. Hill, formerly of Timmins, but now Division Court Clerk with headquarters at South Porcupine, was in town last week at the sittings of the Division Court, and gave a "lame excuse" for carrying a cane. He was playing tennis at South End the other day and injured his knee in the game, with a result that he is crippled for the time being. Tennis is considered a mild form of sport usually, but Ernie says that they do everything with great strenuousness over in South Porcupine, and solitaire over there is more dangerous than hockey or rugby football in other places, or words to that effect. However, all will wish him a safe, sure and speedy recovery from an injury that he may joke about to hide its painfulness.

## OTHER CHARGES AGAINST YOUNG MAN.

Some weeks ago a charge of perjury against A. Gentile was dismissed by Magistrate Atkinson. The case arose over Gentile's marriage to a young woman, whose age was given at the time of marriage as over 18, but who is now alleged to be less than 17. The mother of the girl was instrumental in having the perjury charge pressed, and this week she has Gentile facing two more charges,—one of abduction and the other of obtaining a marriage license under false pretences. Gentile, who is a young man of good character, industrious and well respected by all who know him, is out on bail.

## CENSUS PAPER QUESTIONS

The following answers, found on the census blank filled out by a young woman of Albany, N.Y., are puzzling officials who are proposing to classify the final census returns:

Q.—What is your business? A.—Colporteur. (According to the dictionary a colporteur is one who sells or distributes religious tracts).  
Q.—Are you in business for yourself? A.—No.  
Q.—If not, what is the name of your employer? A.—The Lord.  
Q.—What is your employer's business? A.—Forgiving sins.  
Q.—What is your employer's address? A.—The Heavenly Sanctuary.

## WOMEN IN BLACK AS "GUARD OF DISHONOR"

A cable despatch from Sydney, N.S.W., says:  
A striking idea was put into effect here recently by the Queensland Women's Recruiting Committee, when over one thousand women, dressed in sombre black robes, and everyone of whom had one or more relatives at the front, lined the approaches to the Brisbane race course and formed a perfectly silent guard of dishonor for the race-goers to pass along between, while twenty big drums beat a steady tattoo. The demonstration was intended as an emphatic protest against the continuance of racing while the war is on."

## 8,686 PRISONERS, 67 GUNS FELL TO BRITISH IN JUNE

Sir Douglas Haig in his Sunday report from British headquarters in France says:

"During the month of June we have taken in the course of our successful operations against Messines and Wytschaete-Ridge and on other parts of our front 8,686 German prisoners, including 175 officers, and have also captured 67 guns, including two heavy guns, 102 trench mortars, and 345 machine guns, besides great quantities of other war material."

## THIRTY-ONE CASES AT DIVISION COURT

Judge Hayward Presides in Timmins For First Time.

There were thirty-one cases at the Division Court sittings here last Thursday, but none of outstanding interest, the more important actions being dealt with at the last court held only a few weeks previously at South Porcupine. On Thursday Judge Hayward, the new County Judge, presided for the first time in Timmins.

The usual number of suits for debt, garnishees, etc., were before the Court. One case of more general interest was one in which Messrs. Lacaste and Laverton had a dispute as to what was included in the sale of a sawmill by the former to the latter. Judgment was reserved. Another case in which Mr. Laverton was one of the defendants was one where he was sued for wages due. He said he was ready to pay if it were a just debt, but he had simply ordered the work done for Mr. Dan O'Connor who had agreed to pay for it. Mr. O'Connor denied this. Judgment was given against Mr. Laverton. Mrs. Bergerhout, Porquios Junction, was sued by Gordon Gauthier for services. Her plea was that an agreement had been made whereby the solicitor was to be paid from commissions. She also said that the five or six letters written by Mr. Gauthier regarding the account had never been received by her. Judgment was given against Mrs. Bergerhout, who proceeded to express her opinion of the Judge's justice, etc. The Judge closed the incident by advising her to leave the court at once.

The suit for damages instituted by Geo. Capra against Messrs. Zacota and Pentescu was withdrawn.

## BIG RUSSIAN ADVANCE ON EXTENSIVE SCALE

Despatches this week indicate that the Russians have "come back." Over a front of nineteen miles in Galicia they stormed the German positions with fury and effect. Kerensky, the great Minister of War, is said to be personally leading the men, and territory and prisoners are being taken on a large scale. All will earnestly hope that the reports are all true and more, and that the renewed Russian nation will continue to advance.
