AND HE FINES CAME IN RIGHT MERRILY

Some Were Booze Artists and Some Were Artless Austrians at Thursday's Court.

Chief Clark had two Austrians before Magistrate Atkinson on Thursday for travelling without a permit. Joe Koop to escape the coop had to pay \$25 and costs, \$31 in all, and Alex. Charmiehek had the charm of chucking another \$25 and costs, \$29 all told. Both agree now with the Chief that it is best for alien enemies to observe their undertakings, and the Chief is going along with the fair hope that sooner or later the aliens will learn the lesson. Chief Clark also had charges against Andrew Uron and Tom Musiek for being drunk. Andrew paid \$25 and costs and Tom escaped with \$0 and costs by telling where he got his liquor.

Constable Greer charged Sam Waraehuck with being drunk. "Ten dollars and costs," was Magistrate Atkinson's verdict. Mary Klemp, the Austrian lady in court on some recent occasions on account of her pugilistic proclivities was charged by Constable Greer with having liquor in a public place, namely the boarding house she keeps. It cost Mary \$200 and costs. Provincial Officer Aekroyd had charges of drunkenness and indecent exposure against Alexdrino, who was fined a total of \$58 on the one charge, the other not being pressed. Candelio, another drunk charge, resulted in the fine of \$20 and costs being named. Pressio, who was drunk and had a bottle in his room, was fined \$200 and costs. A charge against the propriet-

or of the Windsor, where Pressio stopped, was withdrawn as there was nothing to connect him with the liquor which Pressio admitted owning.

POISON SAFETY PINS REPORTED IN WEST.

A reader of The Advance calls attention to one of the latest reported evidences of Germanity on this continent. According to word from Portland, Oregon, a pedlar supposed to be a German has been selling from door to door safety pins with poisoned points. A lady who purchased some of the pins noticed that there was a dark-colored substance on the pins near the points, and she immediately took them to the police, as she remembered that the pedlar spoke with a noticeable German accent. The authorities are investigating and chemical analysis is being made. The idea that a nation would do such things under the name of war would be unbelievable, were it not for the similar devilties already proven against Germany. Among the proven cases on this continent it may be mentioned that one was a plot that came near to being successful,—the infection of Red Cross surgical supplies. Another recent evidence of "Germanity" may be quoted,—the circulation in Russia of counterfeit Russian paper money. In the latter connection it would be well for all Russians here to beware of apparent Russian money for some of the counterfeit goods in this line has reached this side of the ocean. As the newspapers all say now: "Buy Victory Bonds!"

AUSTRALIAN GOLD OUTPUT DECREASING

Australia is handicapped in its gold production by labor and other conditions even more than the Porcupine, to judge from the figures recently published. Western Australia, for instance, in the first half of 1917, had a small decrease, while the falling off in the three important states of Victoria, Queensland and New South

Wales was from 20 to 30 per cent. For the first six months of 1917, Australia's gold production was 747,331 ounces of a value of \$15,447,332, as compared with 850,728 ounces of a value of \$17,584,548 in 1916, and 1,005,173 ounces of a value of \$20,777,133 in 1915.
