Hard Time Dance Makes Money For Red Cross.

One of the most enjoyable events of the season was held at the Town Hall on the night of November 8th, when the regularly weekly dance was featured with special requirements for admission.

Nearly all present were togged up in "Hard Time" outfits, many of which, to quote the man who held the gavel were "outlandish." Paymaster Horsburgh was on the bench in full Judicial garb, while Frank Bovaird of the Electrical Dept. was the Officer at the Bar. Anyone present with any signs of prosperity about them were handcuffed and brought before His Honor, who proceeded to extract contributions for the Red Cross Fund from the helpless defender in the way of fines. The money taken in was turned over to Mrs. Wm. Rau, Treasurer of the local chapter. Upon looking over the Court Calendar, which was full to capacity, the following cases were found, with the disposition made of each case.

1. Mr. H. B. Sefton, charged with

flashing jewelry; fined 25 cents. Defendant protested and thereupon was fined \$1.00 for contempt of Court.

2. Mr. Walter Asner, charged with coming in late, shoes shined, hair combed; fine, 75 cents.

3. Mr. Bill Blanchard, charged with having come for the cats only, wearing rubbers and being dolled up in general, fine \$1.05.

4. Mr. R. Evans, charge, being red headed, fine 50 cents.

At 11.30 a Grand March was held in which all participated. Miss Waish of the Main Office was awarded the prize for the most striking costume. The Judges for the March were Mrs. R. M. Horsburgh and Mr. H. B. Sefton.

After the March sandwiches, cake and coffee were served following which dancing was resumed, until—well, that doesn't matter! The affair was a success in every way and a large majority of those present are looking forward to another dance of the same order.

work. Somebody asked Susanne Wesley, John's mother, why she told her children the same thing over and over twenty times. "Because nineteen is not enough," she answered.

In that greatest of earthly businesses, mothering, it is the spirit of the day's work that helps. To carry on so complicated and vital affair as the training of children there is needed above all that self-possession which comes only when we conceive of our work as lasting but one day. And it is when we look forward too much and keep expecting results that time alone can give that we fall into the petulance or fretfulness that destroys the quality of our guidance.

The clock has millions of tick-tocks to make, but it has a moment in which to do each one of them. The sun rises regularly to his duty, and sets at night satisfied with what increment of growth his day's work has supplied to living things.

And we need never expect to arrive, —our business is not to arrive, it is to travel, to cover each day our allotted span, leaving all questions of ends and values and rewards to that Mind that thinks in centuries and weaves men and the labors of men into its vast fabric.

Our plan is on the trestle-board, our lines are known for this day's duties, let us do what is marked out for us; it is for us in this world to live "by the day", and not "by the job."

By Dr. Frank Crane.

THANKSGIVING DANCE

The Cobalt Orchestra has been engaged to play at a dance to be held in the Town Hall on November 29th.

IROQUOIS FALLS POST OFFICE

Will the patrons of our Post Office kindly take notice that the mid-day train will be discontinued from Sunday the 31st, inst., and also that there will be no afternoon mail arriving. All mail, whatsoever description and from whatsoever point arriving will only be due for delivery at 10 o'clock a.m. S. G. McCoubrey, Postmaster.

IROQUOIS FALLS' GOOD MILITARY ACT RECORD

81 Men Reported for Service. 144 Claimed Exemption.

Iroquois Falls, Nov. 20th.—Iroquois Falls has a splendid record on the Military Service Act. Every man on the Plant of the Abitibi Power & Paper Company, Ltd., who comes under Class "A" called out by Proclamation is either signed up for Service or Claimed Exemption through the Post Office, and, from the figures following, it would appear that a splendid record has been established.

Out of the 225 men on the plant who came under the Class called out, 144 claimed exemption, while 81 reported for service.

The Abitibi Power & Paper Company, Ltd. themselves have not applied for exemptions for any man who was not absolutely essential to the successful operation of the Plant and their total applications, covering a force as per above totalled, was only for 13 men, these thirteen men having trained for some particular part of their Organization.

We think that this is very creditable to the Management of the A. P. & P. Co., especially as they have cut down their Operating Force in the Electrical or Hydraulic Departments to the lowest possible man.

The Local Tribunal, consisting of Mayor McCoubrey and Town Clerk, A. J. Hodgson, have been sitting continuously since the 8th instant hearing Claims for Exemptions, which takes in the District from Ramore North to Mileage 233 and their schedules are very close on to one-thousand applicants. Their present schedules are running on to 25 per day, but with adjournments, etc., from previous days the cases daily are now averaging 45 per day.

Owing to the difficulty of getting men from distances, such as Shillington and back of Nushka, Ramore, etc., adjournments are, of course, absolutely necessary and the Board has been using their discretion and extending every facility for these men to report and state their cases to the Board.

Mr. R. S. Potter, of Matheson, is the Military representative on this Board and Mr. R. J. Hart is interpreter. Up to Monday night the Board had dealt with 205 cases, the bulk of which was, however, from the outside area.

CANADA LOYAL BLACK PRECEPTORY NUMBER 851, IROQUOIS FALLS

A very successful and enthusiastic meeting was held in the Lodge Room at Iroquois Falls, Friday evening last, the 16th instant. A full membership was present and some very interesting business was gone through. There was one initiation and three more applications, which were referred to the Censors.

This Preceptory promises very much for a successful future, especially as they have the guiding hand of Worshipful Preceptor McDougall to keep them within the "straight and narrow." As Coach in Team work Sir Knight McDougall is hard to beat and the entire Preceptory have on several occasions put on record their very great appreciation of his work.

The Preceptory is now fitted out with paraphernalia at a cost of close on to \$400.00, in which they hope to be able to put on the work second to none in the North country. Their Officers are go-ahead bunch of fellows and we would suggest that any of our readers in Toronto, or elsewhere, who happen to be in Northern Ontario or any of Iroquois Falls M. they drop in and visit this newest of our Preceptories. Their meeting nights are the first and third Wednesday in each month.

The Haileyburian last week was boasting about having a bunch of Spanish Onions on display in its window "that aroused much favorable comment among passersby." The Haileyburian claims that the Spanish Onions referred to were "plump, solid and well-cured and equal in every respect to the imported variety." No wonder Haileyburians were interested.

CAN WE AFFORD TO PLAY

(Continued from page 3.) representative of the Temiskaming riding should be to see that when railroad construction is resumed, the first work shall be the building of our connecting line.

Porcupine must show the independence of virulent growing youth, and if we use our strength we shall free ourselves from the restraint of political intrigue. Let us then unite and exert our full strength in pulling for the Union Government, Frank Cochrane and the C.N.R. connection.

Yours truly,
"Interested Reader."
