## Timmins News in Brief

Mr. W. H. Wilson is spending a few days this week at Jacksonboro.

Rev. J. Macdonald left on Monday to visit Mrs. Macdonald at Englehart.

Mrs. Dr. Fraser and Mrs. Rod Fraser, of Cochrane, were guests last week at the home of Mrs. John Clark.

Mr. E. J. Stewart, whose eye was badly injured in a hockey practice at the rink recently, returned from Toronto on Saturday where he had gone for treatment.

Mr. Neil J. MacAulay, Mining Recorder, ex-Mayor of Haileybury, and well-known and esteemed all through the North Land, was married on Wednesday evening, February 20th., at Haileybury, to Miss Phoebe Vanessa Devine. Good wishes will be many and sincere in the district.

The regular meeting of the D.Y.B. Club was held Monday evening at the home of Mrs. R. J. Jemmett and a very pleasant evening enjoyed by all present. A box of comforts will be packed at the home of Mrs. Ellis on Thursday afternoon of this week. Work taken in:—25 pairs socks. The next regular meeting of the D.Y.B. will be held at the home of Mrs. A. R. Globe.

Haileybury last week had another odd explosion, this time at the home of Mr. J. D. Carmichael. In the night the water pipes in connection with the kitchen range froze up solid preventing the ready escape of steam, and when the fire was bristened up in the morning there was a smash-up. The explosion resulted in a fire starting and the fire brigade had to be called out. The blaze, however, was soon extinguished. Mrs. Carmichael was injured in the head by a flying piece of metal and is also suffering from shock.

If there are any in Timmins who are in possession of any of the recent "Pastor Russell" literature they would be wise to turn it over at once to the police. The Dominion Government has recently discovered that this pretended "religious" literature is apparently part of a pro-German propaganda, and seizures of the pamphlets and book, and several arrests in connection therewith, have taken place in many places in Canada. Five persons were before Magistrate Punaville at New Liskeard last week for having this foolish (if not worse) "Pastor Russell Dope" in their possession.

The canvassers for the Victory Loan bonds in Haileybury are generously donating all their commissions to the Children's Aid Society of the district. Mr. Robt. LeHeup, Agent for the Temiskaming branch of the Society, has already received \$500 from this account and it is expected that the total will amount to about \$1000. The gift will be a godsend to the C.A.S. work, while too much praise could hardly be given to the doubly patriotic canvassers for the Victory Loan in Haileybury. Not only did they give efficient and generous service in selling the bonds for the advantage of Canada and the Cause, but they have now added to this the generosity of giving all they earned with so much effort and interest to another truly patriotic cause,—the Children's Aid Society.

One of the original and humorous costumes at the Carnival on Friday evening was that "put on" by a young man from Schumacher,—the same young fellow who won a prize through his Charley Chaplin costume at the previous Carnival. Friday evening he was outfitted to represent a seaside bather whose clothes had been stolen, and he had covered himself with a barrel, on which was the burning question, "Who stole my trousers." The young fellow carried the barrel all the way over from Schumacher and reached here about as warm physically as he would have been metaphorically if his clothes had really been stolen when he was in swimming.

Several in the Porcupine will be affected by the treaties signed last week between the U. S. and Canada and the U. S. and Britain. These treaties provide for the drafting of the citizens of each country in the army of the country in which they now reside. The United States can draft Canadians and other British subjects now in the States, the age limits being 20 to 45. Great Britain and Canada can draft United States citizens resident under the Union Jack, the age limits being from 21 to 31,—the United States draft ages. There are 250,000 Canadians and other British subjects coming under the force of the treaties in the United States, while Canada has 36,000 U. S. citizens who will be affected, and Great Britain has 24,000 more.

At South Porcupine, on Friday, Feb. 22nd., to Mr. and Mrs. E. H. Hill,—a son.

Mrs. Sims and daughter, Edna, of Dome Lake, were week-end visitors here.

Mrs. J. P. Carson, of Shawville, Que., is visiting at the home of her son, Mr. A. G. Carson.

Mr. Smith Ballyntine, Superintendent of the Farm at Macpherson on the Transcontinental, visited Chief of Police Clark on Saturday.

Dalton's livery building on Third Ave. has been improved and extended by the addition of a fine new shed for autos and carriages.

Mr. Trethewey, who has been manager of the West Dome for the past two years, has resigned, and the property is now under the management of Mr. Frank Hamilton.

Mr. Brown, formerly manager of the Dome Lake Mine, has been appointed superintendent of the mill at the Schumacher, succeeding Mr. Maurice Williams, who has accepted a position with the Hollinger.

Last week the police raided a little card party and as a result William Costello was before Justice of the Peace Montgomery charged with keeping a gaming house. He pleaded guilty and was fined \$100 and costs.

Mr. and Mrs. Karl Eyres left last week for a visit to Brockville, where Mr. Eyres' brother, Holmes Eyres, has recently returned after a long and strenuous service at the front somewhere in France or Flanders.

The hockey game last Wednesday night was the liveliest of the season. The Firemen and Empires both putting up a strenuous game and working unusually hard to win. The game was very close throughout, the final score being: Firemen, 2; Empires, 1. The fine work of the goal tenders,—W. Borland for the Firemen, and Deschamneau for the Empires, was a special feature of the game. Messrs. Macpherson and Leonard refereed the game.

There was a comedy shown at a North Bay theatre recently, and the humorous title of the play was "Proud Father." The show did very extensive bill-board advertising, the words "Proud Father" being very boldly and frequently displayed. About the same time there was a gentleman in Timmins who had just become the "proud father" of his first child—a baby girl. Duty called this Timmins gentleman to North Bay, and as he walked along the streets no doubt he often thought of the dear little girl at home. Then when he looked up, "Proud Father!" the window cards would say to him. "Proud Father!" the billboards screamed from every corner. "Proud Father!" howled the big type on the side of every vacant building. "This is altogether too personal," the Timmins gentleman thought with a smile to himself, and back he came to Timmins just as soon as he could. Now, he should humorously suggest that The Advance must be the cause of all the trouble by publishing the news and so putting North Bay wise, so that "Proud Father!" "Proud Father!" was yelled at him from every corner everywhere he went.

"When are you going to have my picture in The Advance as one of those 'Prominent in the Porcupine,'—this is a question frequently asked these days. Sometimes the questioner asks very seriously but does not mean it. Other times there is pretence at the jest, but the gink (as Jules St. Paul would say) means it quite seriously. To both kinds, and to any other kinds of questions, the answer is simply "Patience, gentle reader! Everything will come along in good time. Before The Advance finishes the series all the prominent men—the really prominent men—that is, the useful, helpful men, the men who have been of help in pioneering and building,—will be pictured for the general public. At present there is no pretence of giving the sketches with any thought of degrees of prominence. They are just "coming along,"—just as the Town has come along and the Porcupine has come along under the work and effort of the men "Prominent in the Porcupine." So, friend, if you want to be listed among those "Prominent in the Porcupine" be something and do something to help all others along. And by the way, it will be almost a hopeless task to expect to gain prominence by simply criticizing or knocking or what is scientifically called "shooting the ball,"—the competition in these things is too strong in this country.
