## Timmins News in Brief

Mr. and Mrs. Geo. S. Lowe are visiting in the East.

Directors of the Coniagas Mine visited the Anchorite last week and it is understood that they decided on the closing down of operations for the present.

Mr. Ken. Deacon, who has been overseas with the C.E.F. for several months, arrived home at South Porcupine on the late train on Saturday evening last.

The "Cafe Chantant" given on Friday last by the Women's Auxiliary of St. Matthew's church proved a pleasing success and netted a goodly amount for the W. A. funds.

Provincial Officer Ackroyd moved last week to his new headquarters at South Porcupine where he occupies the residence recently vacated by Chief J. Wilson.

The Birthday Party given by the Ladies' Aid of the Presbyterian church last Thursday proved a delightful success. It was largely attended, a very pleasant time was enjoyed by all, and over \$120 was realized for the Building Fund.

South Porcupine merchants are having their weekly summer half-holidays this year on Thursday, the South End stores closing each Thursday afternoon during June, July and August.

Mr. Chas. Pierce received a card last week from Corporal P. Bardsone, who is now in England. "Pete" says that Cecil Lloyd, Dan Dooley and the most of the rest of the boys from here are now across in France. He also says that all are "Jake" all right.

About sixty members of the Masonic Lodge attended the annual church parade of Golden Beaver Lodge on Sunday afternoon. The brethren marched from their hall, around the block, and then to St. Matthew's church where they listened to an inspiring and able sermon by Bro. Rev. R. Cushing.

The Dance and Social Evening given by Golden Beaver Lodge, A. F. & A. M. in the Masonic Hall last Friday evening was one of the most successful and enjoyable social events of the season and reflected credit on those in charge of the evening's programme. There was a large attendance of Masons and their friends, and all enjoyed the evening.

Gold Nugget Rebekah Lodge is giving a Social Evening in aid of the enlisted brethren (Oddfellows). The event will be held on Friday evening, June 21st., and the former pleasant successes under the auspices of the Rebekahs is guarantee that the evening will be an enjoyable one for all attending. The program includes: cards, from 9 to 11; refreshments; dancing at 11 o'clock. Tickets \$2.00.

There was an unusually large demand for copies of The Advance last week, and the news stands were all sold out the day after publication. One of the chief reasons for the special demand was the information given regarding the Registration for June 22nd. The Advance this week is republishing the information, with some additional pointers for the benefit of its readers. Remember:—ALL over 16 years of age must register on Saturday of this week, June 22nd. For Timmins, the place of registration is the public school, which will be open for the purpose from 7 a.m. to 10 p.m.

One of the most successful advertising "stunts" was pulled off at the Curtis Drug Store on Thursday evening. A window was filled with articles of various kinds, all retailing for a dollar or more, and many being worth as high as \$5.00. Each article was attached to a string and these strings were brought back over a bar and the customers drew a string from the bundle and pulled up his "draw" in this way. Crowds lined the sidewalk for a couple of hours during the drawing, watching the luck of those drawing. Practically everybody got "on the string" and there was much interest in the event. One lady drew a string only to find she had won a safety razor, and laughingly trying her luck again she landed a razor strop. Some of the foreigners who could not read seemed expert in drawing books. However, practically everybody was pleased at the lucky drawings, and the whole window was cleaned right out in a couple of hours or less. The crowd from the show could not get by the "drawing" window, and as it was Hollinger Pay Night there was a special tendency to see how the luck was.

Constable Greer left on Friday for a visit to his old home at Shawville.

Mr. E. Guppy left last Wednesday for Toronto where he has a good position. Previous to his leaving, the Timmins Fire Brigade presented him with a cheque and an address expressing the appreciation of the Brigade for his faithful service as a member and his many excellent qualities as a citizen. The best of good wishes follow Mr. Guppy to his new home from this Camp where all will miss his cheerful good humor and friendly good citizenship.

An alarm of fire was turned in about 5:30 p.m. on Thursday, first by telephone and then from Alarm Box No. 25. The firemen made a quick response, and when the scene of the fire was reached there were over a dozen of the firemen on hand in readiness. The blaze was at the residence of Mr. Ed. Pritchard, where a spark from the chimney had set fire to the roof. The blaze was not able to get any headway, and, though the water was turned on, it was not necessary to use much of it. The fire was extinguished with a damage of about \$25 being done.

One of the interesting photographs taken recently in the North Land was a picture of the two pillars or pedestals shipped in to Timmins a couple of weeks ago, with plaster of paris coating outside, and inside the goods—several gallons in each pillar—that causes people to get plastered inside and out. In the photograph, standing by the pillars, are Inspector Rowell and License Inspector Blackwall and Provincial Officer Robert Sharp. This is the first picture Inspector Blackwall has had taken in twelve years, and he thinks it will be the only one he will possess taken in such high-spirited company.

### HIGH-GRADER GETS 6 MONTHS

(Continued on page 4.)  
The woman who supplied the liquor. The woman also made quite an exhibition when being arrested. As a consequence the woman was fined \$25 and costs while her partner escaped with the usual \$10 fine. The woman was allowed out to get her fine, but went to Schumacher and got loaded again. Constable Rayeroff picked her up and took her to South End in the evening, when the Magistrate's opinion was that she might better be sent down to serve the sentence imposed in the morning.

Mr. Ralph Elston's case against Mr. A. Booker charging the latter with allowing his dogs to run at large was dismissed. The Magistrate said that the evidence was so conflicting that he could reach no other decision than to dismiss the case, but if the complainant were dissatisfied with this he could try his luck in the Division Court. More evidence was submitted on Thursday by both sides. For Mr. Booker's side, several responsible witnesses gave evidence showing that the dogs were at the Mine at the time they were supposed to be down street, while for Mr. Elston's side there were respectable witnesses to swear to having seen the dogs at large, one witness having taken the numbers of their tags while they were on the street on the morning the chickens were killed. Mr. Booker's reply to the latter was that if the dogs were down street they were with him. There was also the evidence of Chief Wilson that there were another couple of dogs that were very similar in appearance to Mr. Booker's. Mr. Elston handled his own case very ably, while for Mr. Booker, Mr. Martin summed up the situation as one clearly of mistaken identity as to the dogs, the evidence, he pointed out, clearly establishing that Mr. Booker kept his dogs with him at the mine in the day time and locked in his yard at night.

Pere's room. Pere elected to be tried by Magistrate Atkinson, but could give no reasonable excuse for unlawfully having the gold. The Austrian, Guta, who faced the charge also of unlawfully having gold ore in his possession, through his counsel, Solicitor Cook, elected to be tried at Haileybury by the next court having jurisdiction. Officer Allen gave evidence telling of searching Guta's room, and finding one piece of ore on the window ledge, another small piece in his trunk, and a tin box and a small bag full in an attic that opened only from Guta's room. In this attic also were found letters of Guta's and a mauser rifle also said to belong to the Austrian. Guta told a couple of conflicting stories regarding the stuff, his latest

# HERE IS THE DAY YOU REGISTER

ON June 22nd, Saturday, every man and woman, resident in Canada, who is 16 years and over, must attend at one of the places provided for registration, between the hours of 7 a.m. and 10 p.m., and there truthfully answer all the questions set forth upon the registration card. Upon signing the card, vouching for the accuracy of the answers, the man or woman will receive a Registration Certificate, as shown below, which must be carried upon the person thereafter.

### Why the Certificate is so Important

For failure to register a maximum fine of \$100 and one month's imprisonment is provided, also an added penalty of \$10 for each day the person remains unregistered after June 22nd. Persons remaining unregistered cannot lawfully be employed, and cannot draw wages for work done after June 22nd. Employers who keep unregistered persons in their employ will be liable for fines equal in amount to those recoverable from the unregistered employees. Unregistered persons cannot lawfully purchase transportation tickets, and may find themselves barred from travelling on railroads, steamboats, etc. Similarly they may be denied board and lodging at any hotel, restaurant, public house or boarding house. In a word—All persons remaining unregistered, and all persons having dealings with unregistered persons, knowing them to be such, incur heavy penalties under the law.

**REGISTRATION IS LAW—**  
Don't Fail to Register.

**This Certificate is YOUR Protection.**  
Get it and Carry it

### ATHLETIC ASSOCIATION SHOULD BE ORGANIZED.

Every healthy man enjoys clean, amateur sports and every man who is not healthy needs some such form of recreation. As a means of relaxation after the day's work and as a tonic for cheerfulness and added effort in these days of stress, the value of clean sports should not be overlooked. It is for this reason that The Advance suggested the organization of a Twilight Baseball League for Timmins this summer. Perhaps, a better suggestion, however, would be the organization of an athletic association to look after the various sports,—baseball, football, racing, etc. The need for some such organization has been emphasized recently in the seeking after teams to compete in the various field sports here on July 1st. An Athletic Association here would be not only an organization to maintain and encourage clean sport, but it could also be a clearing house for suggestions along the line of the various sports. There is some tendency to think that sports might be dropped until after the war, but all thoughtful people are agreed that for reasons of health, strength and morality there should be a reasonable amount of good sport maintained for the purpose of keeping up the physique and the cheerful spirit of those remaining at home, and to give a wholesome and helpful form of recreation and relaxation to compete with the less desirable amusements that will otherwise monopolize the leisure time of the young men. It would be a good plan to call a meeting and organize an Athletic Association with these purposes in view.

Last week in referring to some rich samples coming from Munro Township some short distance from the Croesus, The Advance referred to the claims as the Pierce claims and left the impression that the property was owned by Mr. Chas. Pierce. Mr. P. Lescarbo and original staker of the property calls

### Second-Hand Equipment For Sale

- 1 Steel Pulley—54" Diameter, 12" Face—New.
  - 3 7½ ton capacity Cranes—Injured by fire.
