Fresh Chopped Steak per lb.	25c

Try our Pure Pork Sausage

It is in a class by itself, made from choice, selected, Government-inspected young Pork, mildly seasoned with pure spices and made fresh

Every Day

DON'T buy Sausage made four or five hundred miles away. It is generally about 10 days old and liable to be sour, causing gas and fermentation. Our PURE PORK SAUSAGE has a sweet, nutty flavor, is easily digested, and proves a real treat. Once tried, you will use no other.

Poultry Dept.

Milk Fed Chickens
Fancy Fatted Fowl.

Fish Department

Fresh Nipigon Trout and
Lake Superior White Fish
The Best Fish in Canada.

Just Received:

Full car of Choicest Fruit and Vegetables. Take advantage of the present prices. Looks as though next car would cost more. Frost will advance prices.

Grocery Dept.

Gunn's or Clarks Cooked Corned Beef, 1 lb. 40c.
Gunn's or Clarks Cooked Corned Beef, 2 lbs. 75c

TIMMINS SCHUMACHER
SOUTH PORCUPINE

Timmins News in Brief

Morris Dahar is spending a two weeks' holiday in the south.

Mrs. Robt. Sims and daughter, Miss Edia, have returned from their vacation in the east.

Mr. Harry Owens and family have moved from South End to make their home in Haileybury.

Mr. W. J. Asseltine, superintendent of the Trethewey mill, Cobalt, spent a couple of days last week renewing acquaintances in the Porcupine Camp.

Mr. P. Taylor received a wire last week informing him of the death in New York of his uncle who was killed in an auto accident.

A very successful and pleasant dance was given in the Masonic Hall on Thursday evening by the Women's Auxiliary of St. Matthew's.

Mr. Hugh Boyle, of the Dominion Diamond Drill Co., has gone to Weyburn, Sask., to superintend some extensive diamond drilling work in the coal fields there.

Mrs. D. Laprairie, 5 Spruce St., Timmins, has been appointed Spirella Corsetiere, for this district, and will take all orders here for this famous line of corsets. 43-45p

The next meeting of the D.Y.B. Club will be held at the home of Mrs. M. A. Ellis on Monday evening. The D.Y.B. acknowledge with thanks recent donations as follows: Mr. Groch, Cobalt, \$2.00; Mrs. Ewer, \$1.50.

There were 65 cases at the Division Court in South Porcupine last Thursday, most of them being for the collection of accounts. For the next court, at Timmins on October 31st, there are several hundred cases already on the docket, practically all from Timmins.

Col. H. C. Bickford, of Toronto, has been gazetted Brigadier-General to go to Siberia in command of the Allied troops now being recruited for the expedition. Col. Bickford will be well remembered in the Porcupine as one of those most largely interested in the Connaught Hotel at South Porcupine—one of the finest hotels in the North Land.

Tickets are selling well for the big Euchre Party and Box Social, in the Timmins Rink, tomorrow (Thursday) night, under the auspices of the Knights of Columbus. For the ready sale of tickets there are two chief reasons. First, everyone knows that the event will be a pleasant one, and in the second place, the cause is one of the best—for funds for the Catholic Army Huts. These Huts provide comforts, recreation and pleasure for the soldiers overseas, irrespective of class or creed, and they are generally recognized as doing the best kind of work for the soldiers.

The Dominion Police here had an 18-mile trip to the Lally Mines on Friday evening and Saturday morning. They went out on instructions from North Bay, where information had been given that some defaulters were hiding at the Lally Mines. The Dominion men started off late Friday night and were able to reach their destination without being noticed, but no one was found in or near the old camp though a very thorough search was made. The officers were able to ride half the way, but then had to follow the trail on foot for the rest of the journey. From appearances the camp had not been used for some time.

On Tuesday morning the T. & N.O. regular train was delayed 20 minutes through five horses getting on the track and running before the engine. Apparently, the engine could not overtake any of the five, to say nothing of passing them, so the train was late but still was the regular train. Several times recently horses and cattle have delayed the trains by getting on the track before the engine. One of these days this will be stopped by the engineer hitching up the horse and so conserving coal.

Col. Sherwood, Chief Commissioner of the Dominion Police, has been given special charge of the enforcement of the anti-loafing law in Canada and it is understood that the measure will be given wider application than hitherto. So far as can be learned, the plan is for local police to see that none in their district are idle, but in those cases where the local police are careless, neglectful or incompetent, the Dominion authorities will attend to the matter. Col. Sherwood has full authority to appoint special men for the enforcement of war measures in any localities where the local police are incompetent or out of sympathy with British law.

Mrs. Jos. Trebitout is away on a vacation to the east.

Customs Officer King has been transferred to Port Arthur from the South End office.

Rev. Ian F. Crumckshanks returned last week from his month's vacation in the south.

Bro. L. W. Buscham has been appointed secretary of L.O.L., No. 2552, Timmins, to succeed Bro. J. W. Noseworthy, resigned on account of leaving the Camp.

This week Chief Wilson has laid a charge against an Italian baker on Third Avenue for baking a class of bread alleged to be contrary to the Food Board regulations.

All will be delighted to see the older, Air Mechanic E. Schelleter, who is in the Camp on ten days' leave from his duties with the R.A.F., Toronto.

Both Cobalt and Haileybury have recently been suffering from a slight sugar famine, granulated sugar being especially difficult to obtain. Timmins so far has escaped any particular hardship in this line, but conservation and carefulness should be the watchword in the use of sugar to prevent a scarcity.

A number of his friends gathered on Saturday evening to give a farewell party to Mr. Martin Myles who leaves this week for Niagara Falls. A pleasant evening was spent in social converse and in games, etc. In thanking his friends for their good wishes, Mr. Myles said among other things: "Well, anyhow, boys, it gives some of you a mighty good excuse to give the wife for staying out so late to-night."

THE RIGHT WAY TO TURN IN A FIRE ALARM

Every Citizen Should be Informed on This Important Matter.

Too much emphasis can hardly be placed on the necessity for having the fire brigade on the scene at the earliest possible moment that a fire is noticed anywhere in town. The Timmins brigade has a record for making unusually speedy response to alarm calls and doing particularly effective work when they reach the scene of action. To see that alarms are turned in at the earliest possible moment in case of fire should be the duty of every citizen, in the general interests and the general safety. A few minutes at the beginning of a fire make a great difference. The quick response and the effective work of the Timmins firemen have had much to do with this town's proverbial "luck" in the matter of fires. There was some comment last Wednesday evening regarding the progress made by the fire on Maple street before the arrival of the brigade. The fact was that the brigade made their usual prompt response, but there had been delay in sending in the alarm after the fire had been seen. Indeed, one man thought he did turn in an alarm, but he had not done so. He had broken the glass on the alarm box and turned the handle in the door, and thought this was all that was necessary. He had failed to pull down the hook and without this no alarm goes in to the hall.

It would be well for all to familiarize themselves with the location of the alarm boxes throughout the town. The Advance recently issued blotters showing the numbers and locations of these boxes. In addition it would be well for all to know how to turn in an alarm. The use of the telephone is always a good way. The fire hall's number is 50. Just call that number and tell where the fire is, or give its location as closely as possible.

In using the alarm boxes, the procedure is quite simple. Break the glass on the box, so as to get to the door. Open this door and pull the hook down as directed, then let it go and the alarm goes in. Then it is best to stay by the box until the fire brigade arrives so that they may be directed to the fire if it is not visible. If those turning in alarms from the street boxes would remain by the box until the arrival of the brigade they would sometimes save valuable time and give better opportunity for the speedy location of the blaze.

Whenever possible it is best, of course, to turn in the alarm from the box nearest to the fire, but if the person turning in the alarm will remain by the box to give the exact location it may save valuable time if the citizen who sees the fire uses the box that he can first locate, if it is in the same section of the town.

Mrs. W. Armitage and family returned on Friday last from an extended trip to the Canadian West.

The Advance has issued pocket cards giving the number and location of the fire alarm boxes. Anyone may have a copy by calling at this office.

There will be general regret and sorrow at the news reaching here this week that Pte. Howard Totten, who left here in February for overseas, had been killed in action in France early this month. Pte. Totten was a member of the local Lodge of Oddfellows.

Mr. P. Combeau met with a painful accident while moving from Monetta to the house recently occupied by Mr. M. Greer on Third Avenue. The dray on which the furniture was being hauled struck a stump and Mr. Combeau was thrown to the ground between the horses. He was injured on the side of the face and head and on one shoulder, while the wheels passed over both legs. Luckily Mr. Combeau had no bones broken, but was badly bruised, though he was able to be out again the next day, Tuesday.

Draft Horses For Sale

Mr. J. Jacobs of Montreal will shortly arrive in Timmins with a Car of Young Sound Draft Horses.

WANTED—BY EXPERIENCED Young Woman, position in private family; no objections to leaving town; please state number in family. Apply Box 177, Timmins, Ont. 43p
