NO BOLSHEVIKI NOW ALLOWED IN CANADA

Criminal Offence to Belong to Any of
These Groups, or Have Their
Literature.

These in Timmins who have been foolishly inclined to sneer at the activities of Officer Allen and former members of the police force in their efforts to curb the growing menace of Bolsheviki agitation here may now take note of how seriously the danger to the country is noted at last at Ottawa and what stringent measures are being used to crush out the campaign in this country to create here for Germany's advantage conditions similar to those now suffered by Russia. Timmins, on account of its large foreign population, has been one of the centres of agitation and had it not been for the good work done by certain police officers here conditions would undoubtedly have been serious. As it developed, however, the Officers here were able to give very material assistance to the authorities at Ottawa in "getting a line" on the aliens trying to disorganize industrial and social conditions here. Ottawa now is aroused to the seriousness of the situation. Revelations both in Canada and across the boundary line have shown that the menace is a very real and a very serious one. Accordingly the Government of Canada by Orders-in-Council last week is taking the most stringent measures to stamp out the anarchistic and Bolsheviki propaganda. Under the provisions of an Order-in-Council just passed, the following organizations are declared unlawful and it is a criminal offence to belong to them or to attend any of their meetings:—The Independent Workers of the World (I.W.W.), Russian Social Democrats, Russian Revolutionary Group, Russian Social Revolutionists, Russian Workers' Union, Ukrainian Revolutionary Group, Ukrainian Social Democratic Party, Ukrainian Social Labor Party, Social Democrats of the Bolsheviki, Social Democrats of Anarchy, Workers of the International Industrial Union, Chinese National League, Chinese Labor Association. The penalty for belonging to or attending meetings of any of these societies is a fine of \$5000 or five years' imprisonment. As a large number in Timmins belonged at one time to one or more of these banned societies, and a few yet maintain their connection, special notice should be taken of the fact that any connection with these evil organizations will be severely punished. All aliens here should take warning.

In addition, any association which advocates political, economical or socialistic changes by means of force, whether included in the above list or not, is also subject to the same ban.

No meetings in any enemy language or in Russian, Finnish or Ukrainian, shall be held in any part of Canada.

Further, it is provided that papers or any other publications in German, Austrian, Hungarian, Russian, Ukrainian, Finnish, Esthonian, Bulgarian, Serbian, Croatian, Livonian and Turkish, shall be banned publication except by license of the Secretary of State. Publications in such languages, (excepting in the case of religious or scientific publications which contain no objectionable matter), are also forbidden entry into the Dominion.

At one time the Ukrainian Social Democratic party was quite strong here and held several public meetings. The Russian Revolutionary party also had many friends here. The fact that even to belong to one of these groups is now counted a criminal offence shows how seriously the matter is viewed at Ottawa in the light of facts gathered at Timmins, Sudbury, Windsor, Brantford and other points and from information given by the Secret Service of the United States and Great Britain. Those who have worked for the stamping out of these evil organizations here are completely vindicated and upheld.

Mr. H. Leverton is home for a few days recovering from injuries received in an assault made upon him by one of the workmen employed by the pulp company for whom Mr. Leverton is acting as superintendent. Mr. Leverton says that he was asleep in bed one night last week when the man came into his room in a half drunken state. Eventually he set upon Mr. Leverton beating him up about the head and face and rendering his unconscious before he could leave the bed. Mr. Leverton was rescued by one of the other employees and hurried to the Cochrane hospital. He was battered up about the face and head, but not seriously injured, though his nose may be fractured. His assailant was brought to Cochrane by the Provincial police and was fined for the assault, as well as having to pay the hospital, medical and other costs incurred. Mr. Leverton expects to return to his duties with the pulp concern in the course of a few days.

To every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

* * *

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he

would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

Sealed Tight—Kept Right!

Report has been made of the stealing of \$350 worth of goods from the Tommy Burns property in Shaw Township during the absence of the man in charge. Inspector Rowell has the matter in hand.

The local K. of C. campaign for funds for the C. A. Huts for overseas soldiers was very successful. From the Enchre, sale of boxes, collections, etc., about \$200 was netted. Figures for other parts of the district are now coming in and a more complete statement will be published in these columns next week.

Mr. J. V. Angrignon was the lucky winner of the first prize for gentlemen at the K. of C. enchre recently. He and Mr. J. Dalton had to draw for first place and Mr. Angrignon won the draw and the prize. Through a misunderstanding or misinformation last week first place was given Mr. Dalton who is famous as a winner at such events, but Mr. Angrignon was the winner on this occasion.

Some weeks ago Officer Allen seized some liquor coming in here as "Olive Oil." It was addressed to an Italian who has not yet been located. A similar incident occurred last week at Sudbury, and this would suggest that some firms in Montreal are making a specialty of shipping out "Olive Oil," with a kick to it. Taus Nazareno, the acknowledged "king of the Italian colony" at Copper Cliff, called for part of the Sudbury shipment which comprised 120 gallons of liquor addressed to an Italian who can not be found. His connection with the liquor east Nazareno \$1000 and costs. Several other "Olive Oil" shipments were seized at Sudbury last week, as well as a case marked "merchandise." Two other cases marked "medicine" were found to contain "bad medicine."
