

SCIENCE AND INDUSTRY AID
VICTORY LOAN

As an instance of how science and industry have co-operated in helping to win the war, it is interesting to note that Sir Thomas White, K.C.M.G., Minister of Finance, has made a special "His Master's Voice" Record for the purpose of actually informing the Canadian Public in his own voice concerning the need of the second Victory Loan. Science has thus made it possible for the voice of the Finance Minister to be heard in thousands of places in every part of the Country at the same time. The illustration shows Sir Thomas "caught in the act" as he made his special recording at the laboratories of the Berliner Gramophone Company, Limited, Montreal.

PATRIOTIC CLUB
REPORT FOR MONTH

Treasurer's Report for Porcupine Consolidated Patriotic Club and Patriotic Fund.

The following is the report of Mr. J. P. Taillon, treasurer, for the Patriotic Fund, as at October 31st, 1918:—
Receipts:—Balance in bank, Sept. 30th, \$839.58; Ottawa treasurer's remittance, \$500.00; total, \$1339.58.

Disbursements:—Paid to soldiers' wives, etc., during month, \$519.10; October 31st, balance in bank, \$820.48; total, \$1339.58.

The treasurer's report for the Porcupine Consolidated Patriotic Club as at October 31st, 1918, is as follows:—
Total Pledges, \$37,664.

Receipts:—Total contributions to date for 1918, \$24,868.32; received from Timmins Red Cross Society, \$72.35; received from D.Y.B. Club, \$106.65; total \$25,047.32.

Disbursements:—Canadian Patriotic Fund, Ottawa, \$9,000.00; Timmins Red Cross Society, \$3900.00; Schumacher Red Cross Society, \$2,350.00; South Porcupine Patriotic Society, \$2,500.00; D.Y.B. Club, \$749.97; Salvation Army, for overseas war work, \$250.00; Frances's Day Fund, \$300; Knights of Columbus Army Huts, \$200.00; sundry administration expenses, \$304.72; balance in bank, \$4,592.63. Total, \$25,047.32.

J. P. TAILLON, Treasurer.

The Advance notes from the above report of the Porcupine Consolidated Patriotic Club that while the subscriptions received in September totalled over \$2500.00, those for October were only \$1640.97,—a falling off of nearly \$860.00. No doubt the prevalence of illness during the past few weeks and the resulting disorganization of affairs in general have had much to do with the decreased contributions. It is well, however, to make a note of the decreased giving, so that in the remaining two months an extra effort may be made. The Camp has done unusually well, in view of the special difficulties and drawbacks, during the year, and it would be too bad if the contributions should fall off at the last. The need is great now and all should do their part, without any wearying in the well-doing.

STORY OF INTERESTING
PORCUPINE LAW SUIT.

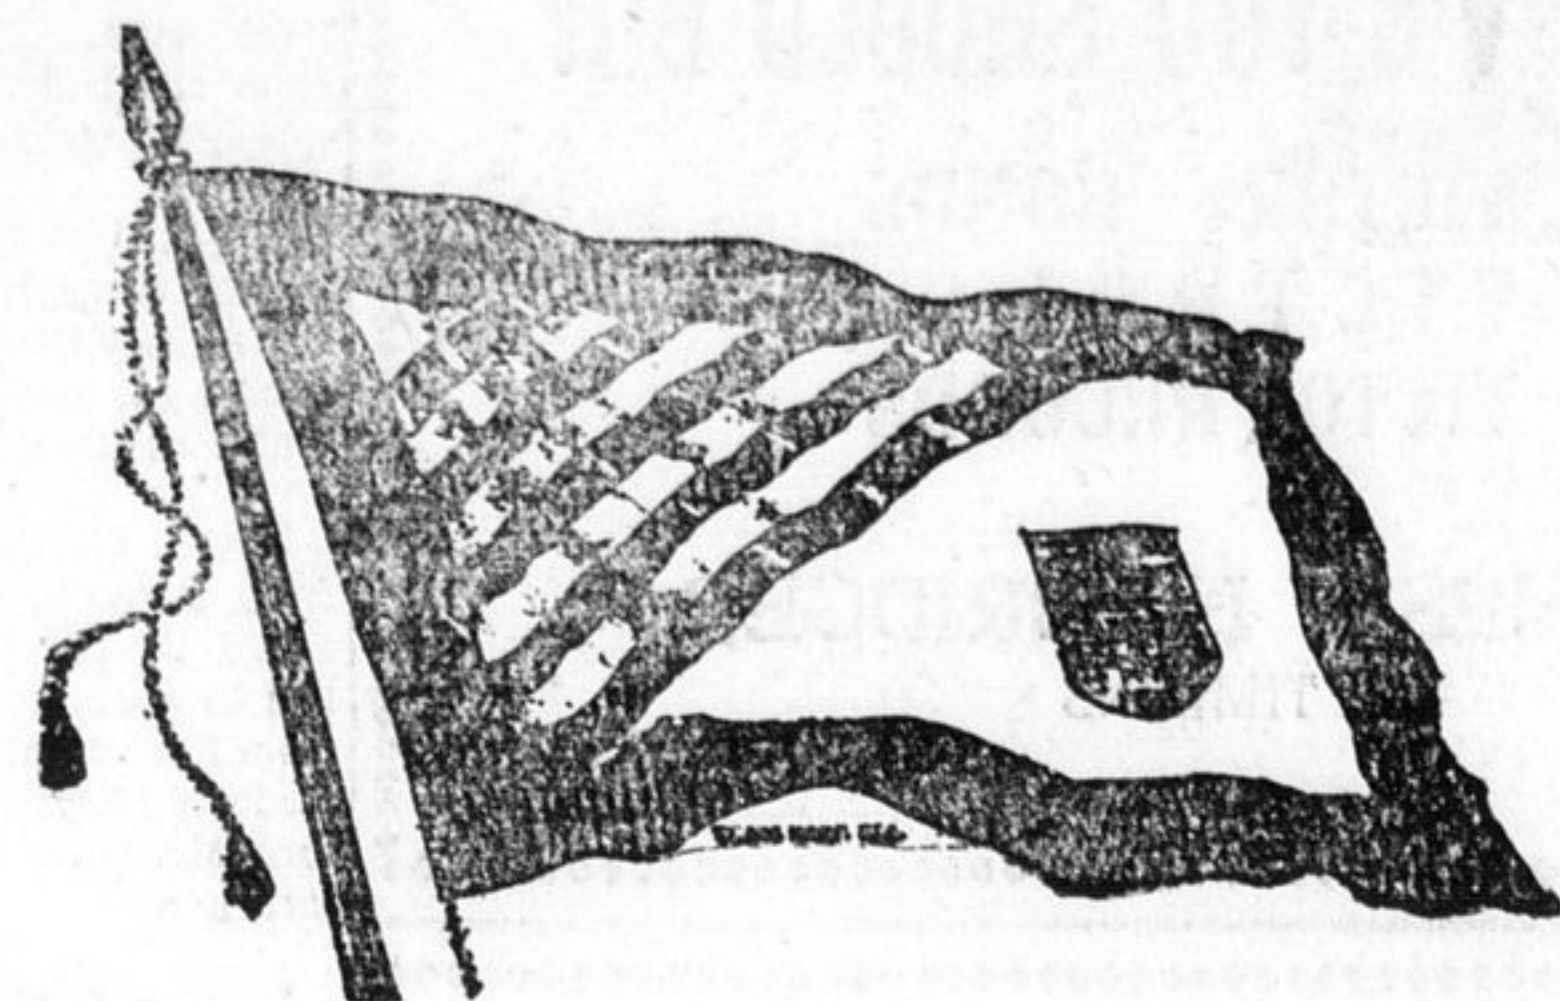

In the issue of The Advance of October 16th., there was a passing reference to the judgment then just handed out by the Supreme Court of Canada in the case of the Maple Leaf Lumber Company and Reamsbottom & Edwards vs. Sheriff Caldbeck and Chas. Pierce. A firm of solicitors in Toronto reading the item in The Advance thought the complete story of the case might be of interest and so have sent a brief review of it which may correct some false impressions or deductions that the brief reference in these columns might cause. The case arose out of a sale under execution of the Maple Leaf Lumber Company, Limited, held by Sheriff Caldbeck at Barber's Bay on May 22nd, 1916. Mr. Chas. Pierce, of Timmins became the purchaser of some logs at Barber's Bay and in the woods, the logs having been advertised as "about 300 logs in the woods." In August, 1916, the Lumber Company commenced an action against Mr. Pierce and Sheriff Caldbeck to set aside the sale and for damages, claiming that there were over 4000 logs in the woods, and that no proper seizure nor advertisement had been made. Subsequently Reamsbottom & Edwards were added as plaintiffs, suing on behalf of themselves and all other creditors of the Plaintiff Company. The seizure had been made under a writ of execution against the Maple Leaf Lumber Co., issued by Reamsbottom & Edwards. The case was tried before Mr. Justice Clute in Toronto, in March, 1917, and he gave judgment awarding the plaintiffs \$2400.00 damages against both the defendants. Messrs. Caldbeck and Pierce appealed the case to the Appellate Division of the Supreme Court of Ontario, when four judges heard the appeal. These four judges could not agree and the case was subsequently re-heard before a full court of five judges. The majority decision of these judges allowed the appeal of Messrs. Caldbeck and Pierce, but two of the judges dissented, holding that the Sheriff was liable to the plaintiffs for damages, but as this was a minority judgment the Sheriff was also successful in this appeal. The plaintiffs then appealed to the Supreme Court of Canada and, as noted in The Advance, Messrs. Caldbeck and Pierce were again successful. This is likely to be the end of this interesting and expensive lawsuit. Mr. J. Y. Murdoch, Jr., of Grover & Holden, Toronto, represented Mr. Pierce in the cases; Mr. F. L. Smiley, Haileybury, and H. M. Mowat, K.C., Toronto, were the solicitors for the Sheriff; The Maple Leaf Lumber Co. was represented by Mr. Gordon Grant, Toronto; while Messrs. Gordon H. Gau-

thier, South Porcupine, and Mr. McGregor Young, Toronto, appeared for Reamsbottom & Edwards.

ANNUAL REPORT OF THE
SCHUMACHER MINES.

The third annual report of the Schumacher Gold Mines Limited is just to hand. It covers the period to March 31st, 1918, with a supplementary financial report to July, 1918. There is to be a special meeting of the shareholders of the Schumacher Mines held at the head office of the company, Toronto, on Thursday, November 14th at 2.30 p.m., for the considering of a by-law providing for the sale of 100,000 Treasury shares at a discount of not more than 55 per cent. The annual report explains that the abnormal conditions prevailing made the closing down of operations necessary. Only by "selective mining" could the property have been kept running, and this would have necessitated the taking out of the high-grade lenses and leaving only the low-grade for future mining. Mr. F. W. Schumacher, the president, says that the success of the Hollinger and McIntyre at depth has been so marked that the Schumacher's directors have mapped out a program along similar lines, as the properties have this same formation. The Schumacher looks for resumed operations and good profits when conditions again return to normal in the gold mining industry.

Half a dozen Austrians employed by the G.T.R. at Hamilton last week refused to buy Victory Bonds though they had the money in their belts. Men who do not know enough to buy Victory Bonds are not safe men to have in the employ of a Canadian Railway, said the Company, and they promptly let the Austrians find other positions. It is always interesting for British Canadians to learn these little incidents that show how long their safety

How Many Crowns for
Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

That it was a real factor in the huge success of CANADA'S VICTORY LOAN 1918.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

Money for
Victory Bonds

THE money you can save in a year by using Klim—pasteurized separated milk in powder form—will go a long way towards buying Victory Bonds.

Besides this saving, Klim is 100% nutritive value. It has the natural fresh milk flavor and being in convenient powder form enables you to use all the separated milk on the table and in cooking that your needs demand. No waiting for the milk man, no tickets to buy, no bottles to wash.

Use Klim as you need it. It is always fresh. The tins have handy covers. In baking mix dry with flour, sugar, etc. For table use in liquid form, whip into water. Make just the quantity required for each meal.

In 1 and 10 lb. tins at your Grocers.
