The young people of the town and district were delighted last week at the announcement made that there are to be weekly dances here each Saturday night. Commencing Saturday, December 28th, and every Saturday night during the winter months there will be dancing in the Miners' Union Hall, 6 Second Avenue. There will be good music by local musicians. Dancing from 8.30 to 12 o'clock. The floor will be under the able management of Mr. Courtney Perault. The admission fee has been placed at the low figure of 50c for gentlemen, with ladies free. No doubt these social evenings will provide much enjoyment for the young people during the long winter months.

RIGHT and WRONG.

What is Right and what is Wrong, can we truly say? Question our Philosophers of the present day: Ponder well the answers then, sung in choruses by these men. Listen to their great Amen, these things are without our ken.

Ancient Sages oft disputed, as their lines they bravely footed, Right was Right as each computed, if his argument it suited; Wrong as Wrong was instituted, nor could ever be commuted Into Right as constituted, Wrong would perish so transmuted.

Can then by-gone Right be Wrong, or seem so to-day, Things once thought supernal, now show feet of clay: What our Fathers thought was Right, struggled for with all their might Seems now Wrong in modern light; what they loved to, we must fight.

May we then a standard raise, and by that all deeds appraise? Human wisdom shrinks aghast, facing such Herculean task, All the learning we've amassed can't supply the answer asked.
