PRELIMINARY WORK FOR BRIDGE OVER MATTAGAMI

"Yes," said Mr. F. M. Wallingford last week, "the Mountjoy settlers are well pleased with the result of their efforts, aided by the Timmins Board of Trade to secure a suitable bridge over the Mattagami River. The work is apparently being taken up with energy and promptness and this year it is likely the settlers will have the needed convenience of a good bridge."

It is understood that the structure is to be of steel and modern and permanent. Last week Mr. C. Gallagher, C.E., of South Porcupine, spent several days with three assistants, taking soundings of the river and doing other preliminary planning in connection with the proposed new bridge. Soundings were taken at the landing and also at the Third Concession Line. Where the bridge placed at the latter place it would be necessary to build a connecting road to it, while there is a suitable road on each side of the river to connect with a bridge built at the landing. For this and other reasons of convenience and economy, it is likely that the new bridge will be built at or near the landing.

"If there were the same promptness, shown regarding the building of the spur line to the river," said Mr. Wallingford, "this would be a nice old world, wouldn't it?"

SUDDEN DEATH OF MRS. HARRY SPENCELY.

Friends in the Camp were shocked last week to learn of the death of Mrs. Harry Spenceley, the sad event taking place at her home on Thursday afternoon, January 23rd. She had been ill with a light attack of influenza from which she seemed to make good recovery. Then a relapse occurred and bronchial pneumonia developed, death following very quickly. The late Mrs. Spenceley was less than eighteen years of age. She was an attractive young woman of pleasant disposition that made her popular and esteemed by all who knew her. The sincere sympathy of all will be extended to the bereaved husband in his untimely loss. A little baby, ten months old, also survives. On hearing of the illness of his daughter, Mr. Hawey, of Toronto, came up to the Camp a few days before Mrs. Spenceley died. Her mother, being ill herself in the city, was unable to come.

The funeral of the late Mrs. Spenceley took place on Saturday afternoon, interment being made in Tisdale cemetery. Rev. W. Armes conducted service at the home, and the Oddfellows had charge of the funeral arrangements. Mr. Spenceley being a valued member of the Order. The large attendance at the funeral testified to the esteem in which the late Mrs. Spenceley was held and the sympathy felt for those bereaved. Mr. Spenceley, who is now on the staff of the Dome Lake Mine, was formerly a popular resident of Timmins, and his many friends here deeply regret the sudden sorrow that has come to him.

PLEASANT SOCIAL EVENT AT MR. AND MRS. J. DALTON

Mr. and Mrs. John Dalton entertained a number of their friends at a very pleasant party at the Dalton home on Friday evening last. As host and hostess, Mr. and Mrs. Dalton were most efficient and agreeable and the evening was a very enjoyable one to all present. There were a number of very attractive prizes for the card games. Mr. J. Sullivan won the gentleman's first prize and Mr. J. E. Sullivan was awarded the consolation prize. Mrs. LaForest was the lucky winner of the lady's first prize and Miss Coyne won the lady's consolation award.

Pte. John Nicholson returned from overseas to his home at Golden City on Wednesday evening last and spent Friday in Timmins with Mr. J. K. Moore and other friends here. His many old friends and acquaintances were delighted to see him looking so hale and hearty after his three years' strenuous service overseas. He left Canada with the Grenadiers and was transferred to the First Canadian Battalion, being almost three years on active service in France. For two and a half years he was one of the expert snipers doing such effective service in the 1st Battalion.

TWO DAYS' SESSION OF DIVISION COURT HERE.

After there being no Division Court held here for about six months there was a two days' session before Judge Hayward in the Miners' Union Hall last Thursday and Friday. Mr. H. W. Warren acted as Clerk in the absence of Mr. Hill who is ill with the "flu." There were about 200 cases, apart from the garnishee cases. The actions were chiefly in regard to pulp wood and wages. Many cases were adjourned to the court in March.

NEW MINING INSPECTOR FOR THIS DISTRICT.

Mr. A. H. Brown, formerly manager of the Hudson Bay Mine at Cobalt and of the Dome Lake in the Porcupine Camp, has been appointed Mining Inspector to succeed Mr. E. A. Collins who has resigned to accept the position of Safety Engineer with the Canadian Copper Company. Mr. Tims, Sutherland, of Toronto, the Chief Mining Inspector of the Province, is at present visiting the various camps in the North Land.

ANOTHER PLEASANT MEETING OF D.Y.B. CLUB.

On Monday evening of this week the D.Y.B. Club held their regular meeting at the home of Mrs. A. Gagne Third Avenue, and a very pleasant evening was passed by the thirty members present. The work turned in included 34 pairs of socks, and the social features of the evening were very enjoyable. The next meeting of the D.Y.B. Club will be held at the home of Mrs. M. A. Ellis next Monday evening.

TOUGH-OAKES DISPUTE IS NOW SETTLED.

According to official announcement the litigation in connection with the Tough-Oakes Mine at Kirkland Lake is now all settled. The former directors have abandoned their appeal against the judgment of Mr. Justice Kelly awarding control of the property to the board elected in January, 1916. The latter directors have had no opportunity to examine the condition of affairs and so are not accepting responsibility for anything until a thorough investigation and report can be made. Then, a program of development and other work will likely be decided upon. There was a special meeting of the shareholders last week and by-laws were confirmed changing the head office from Haileybury to Toronto and reducing the number of directors from seven to five. The meeting was attended by shareholders representing 410,000 shares of the stock of the Company, and the proceedings were unanimous on every point. The following were elected as the directors for the ensuing year:—H. Oakes, R. J. Robins, John B. Holden, J. Y. Murdoch and A. Burt. None of the former directors, —C. A. Foster, G. W. Kearney, Geo. Tough, T. B. Tough, J. H. Tough or J. Jones,—were present at the meeting last week.

Mr. and Mrs. G. S. Lowe entertained a number of friends on Monday evening last with bridge.

After a day or two's indisposition, Mr. D. A. Hoggarth returned to his duties at the school this afternoon.

"Italy's Flaming Front," is the title of the official Italian war film to be here on Friday and Saturday of next week, February 7th and 8th. This wonderful picture is brand new in Canada, and the New Empire has been able to secure one of the first bookings for this country. Moving picture exhibitors and the press in the United States where this picture has been shown describe it as a most remarkable production that no one can afford to miss.

OLD-TIMERS AND NEW BOYS TO PLAY HOCKEY GAMES.

Two hockey games are planned for the near future, the proceeds to go to the Children's Aid Society. The teams will be composed of hockey old-timers and "new boys" at the game. The team for the old-timers will include:—McIntyre in goal, Leonard, Lowe, Bill Smith, Geo. Lake Lavereau, Briden and others. The newer team promises to be a whirlwind, but the names of those to play are being kept from publicity for the present.

LAKE SHORE PRODUCTION OVER \$45,000 LAST MONTH.

The Lake Shore Mine at Kirkland Lake continues to keep up its very creditable record in production. According to the report issued last week the production for December totalled 1801 tons of an average value of a little over \$25 in gold to the ton, the total production being \$45,101.34 for the month. The mill ran 95 per cent. of possible time during the month. The report also gives a summary of the month's work as follows:—Drift at the 200-foot level on No. 2 vein, from 194 to 281 feet, producing ore of milling grade the entire distance. On the 400-foot level the north drift on the No. 2 vein east advanced from 405 to 429 feet. The south drift advanced from 405 to 425. On the No. 1 vein west the north drift was advanced from 332 feet to 399 feet.

Material enough for thirty shirts and one hundred and sixty pairs of socks.

Mr. Fred Wadsworth, of Renfrew, brother of Mr. N. E. Wadsworth of Timmins, had a peculiar malady recently. The Renfrew Mercury says:—"For a number of days during the past week Mr. Fred Wadsworth was speechless. His palate relaxed and he could not speak a word. The peculiar disorder is said to have come from a cold and the attendant coughing." The Mercury goes on to say that the Renfrew medical men had experience with previous cases of a similar kind in Renfrew and so were not alarmed at what to the ordinary citizen would seem like a most startling case,—a man being rendered speechless with little apparent cause.
