UNANIMOUS PRAISE OF THE FIREMEN'S DANCE.

All who attended the annual dance of the Timmins Fire Brigade are enthusiastic in their praise of the success of the event. The dance was specially successful in every way. There was a big crowd and the right kind of a crowd. Everyone had a pleasant evening. The dancing was of the best, and the music by Appel's orchestra worthy special mention. Of course, the refreshments were of the very best, and lots of them,—regular Timmins Fire Brigade hospitality. The dance even started promptly on time, and from start to finish was a credit to the Committee in charge. A feature of the evening was the pleasant sociability of all. "You cannot say too much nor speak too highly of the Firemen's dance," was the substance of more than one comment since Thursday evening. There were about seventy couples at the Masonic Hall for the event, and now the question is quite eagerly asked, "When will the Firemen hold another dance?" In brief, everybody seems satisfied, except ten couples from Iron-quois Falls who were coming out to Timmins to this dance. They got as far as Porcupin Junction only to find that the train was so late that they could not hope to reach Timmins until the next day, so they had to return to the Falls much disappointed. Several in South Porcupine were similarly disappointed through the train service. From a financial standpoint the dance was a success, over \$55 being netted from the event.

NEW TEAM ORGANIZED FOR BOWLING LEAGUE.

Interest and enthusiasm continues in the Timmins Bowling League, and the matches bring out good crowds of spectators. The War Veterans have found it impossible to play the games of the schedule and so have retired from the League, their place, however, being taken by a new team organized this week, so the schedule will be carried out as decided upon at the commencement. The War Veterans have been handicapped by the fact that some of their best bowlers are unable to follow the game on account of their health at times and it is not possible to draw on the outside public to fill in places. The new team organized will play the games of the War Veterans. It will be called the "Left-Overs," and includes—Ed. McDonald (captain), Geo. A. Smith, W. D. McIntyre, A. Lego, G. Angelo, F. Alex, A. Marruchet. The "Left-Overs" in their game Monday night showed a class that is making the other teams sit up and take notice. The following are the games now played in the League:—Hollinger vs Clerks, Hollinger won 2, Clerks 1; Timmins vs. Firemen, Timmins won 3; Clerks vs. Timmins, Clerks won 1, Timmins 2; Left-Overs vs Firemen, Left-Overs won 3. The only game on the schedule up to date not yet played is that of the Hollinger and the Left-Overs. The date for this game is to be arranged by the captains of the two teams concerned, to take place as early as possible. The Firemen have been travelling in hard luck so far, but the season is early yet. Monday night for instance, they had only three men to play on the Firemen's team.

Mrs. Borland, Sr., mother of Mr. A. Borland, Fire Chief of Timmins, died at her home in London, Ontario, on Monday of this week. She was 86 years of age at the time of death. On account of the distance and the train service here, Chief Borland was unable to go to London in time for the funeral, which took place to-day.

DESIRABLE ROOM WANTED BY young lady. Apply Miss McKenna, Box 448, Timmins. 10p

TENDERS WANTED.

Tenders will be received up to Feb. 3rd, at 5 p.m., for Scavenger contract for Town of Timmins for the year 1919. Scavenger to furnish all his own equipment. Will visit Timmins on request at any time
Ask your dealer for Dr. Gagnon's Vet. Medicines.

Timmins News in Brief

Sheriff Calbeck was a visitor to town this week on business.

Miss Olive Pearce last week joined the office staff of the Hamilton B. Wills business in Timmins.

His many friends are pleased to see Mr. Geo. Coffey able to be out again after several weeks' serious illness in hospital from Influenza.

Mr. J. Gorman, secretary of the Miners' Union at Cobalt, is among those ill with the "Flu" at Cobalt, but is making satisfactory progress to recovery.

Mr. W. R. Lowery came up from Cobalt on Wednesday evening last to take charge of his wholesale business here, Mr. J. A. Howse being called to the south on account of the illness of his mother.

Some people are most contrary in their spirit. One Timmins man this week says:—"Well, now that the Government has rescinded the Order-in-Council against illness, I guess I'll go to work now."

Mr. Joseph Legault, formerly of North Cobalt, but recently conducting a lumber camp about 20 miles from Matheson, died one day last week while driving from the Camp to the town. His death was due to heart failure.

The Social Committee of Byrnes Presbyterian Church have planned a Social Evening for Tuesday evening, February 4th. The purpose of this "Social" is for all to get better acquainted and a hearty invitation is extended to all to attend.

The Dome Lake is hoisting about 50 tons of ore a day to the bins, and it is understood that the mill will resume operations in the near future.

Mr. C. D. Kaeding, general manager of the Dome Mines, returned on Monday to the Camp after a visit to New York.

Mr. Alex. Stirling, Superintendent of Ontario Government Roads for this District, returned to the Camp last week after a few months spent with his family in Renfrew. He is now busy planning and preparing for the extensive work to be done this year in this district.

Mr. Hamilton B. Wills, the well-known stock broker, of Toronto, spent Monday in the Camp. He was well pleased with the progress already made by his new branch office in Timmins, and expressed himself as very optimistic as to the prospects and advancement ahead in the near future for the Porcupine Camp.

Mrs. H. Leng returned to Schumacher on last Wednesday's National after a sad visit to her old home in St. George, Ont., to which she was called by illness in the family. Both her father and her sister died from the prevalent Influenza, the father passing away on December 30th, and the sister dying on January 15th.

Commissioner Geo. Lee and Mr. A. J. Parr, of the T. & N.O. were in Timmins last week. They were accompanied by the former Roadmaster of the T. & N.O., Mr. Ryan, who has returned recently from overseas where he gave useful service to King and Country, being in charge of a Railway Construction unit for many months in France.

The Christmas window of the Northern Canada Supply Company, Timmins, won third prize in the competition open to towns of 5,000 or less throughout all Canada. "Hardware and Metal," the Canadian hardware trade journal in its last issue reproduces a photograph of the window with accompanying praise for the design and its competent working out. The prize-winning window was the work of Mr. Gilbert Eldridge of the local store.

On account of the fact that there is not proper accommodation at the Haileybury jail for an up-to-date and complete hanging ceremony, it is stated that in the case of the death penalty passed upon Charles Cooper the event will be transferred to North Bay. Many people in North Bay object to this proposal. "Let Timmins attend to its own hangings," they say, with more or less justice. However, if Cooper is really hanged in May, it is probable that the proceedings will take place in North Bay, whether North Bay likes it or not, as Haileybury is not equipped for all the fine touches of a modern hanging event. In the meantime, however, there will likely be the usual petitions and other efforts to save Cooper's life, following the usual plan of the present-day world.

Mr. Frank Cassie, of Cobalt, is a visitor in town this week.

Mr. P. H. Morgan, of the Northern Canada Supply Co., Cobalt, is a business visitor this week to the Gold Camp.

Mr. Ronald Vary has returned to the Camp after several months spent at Thedford Mines, Que.

Mrs. "Lefty" Farr and son, of Toronto, are visiting her parents, Mr. and Mrs. James Monaghan, Schumacher.

Mr. H. Browning, publisher of The Cobalt Nugget, was a visitor in town last week, and paid The Advance a fraternal call.

Mr. I. B. Iliffe, of the Curtis Drug Company staff, left on Friday for his home in Haileybury, on account of illness. His many friends here will wish Bert a speedy return to health and to Timmins again.

Mr. G. D. Mitchell is in North Bay in charge of the head office of Duncan's Limited during Mr. Duncanson's absence on holiday for a month in Florida. Mr. Nicholson has charge of the Timmins branch in Mr. Mitchell's absence.

Councillor Brazeau is getting together a team of bowlers to go to South Porcupine on Friday evening and meet a picked team of the experts of that town. A return match will likely be held here in the near future.

The annual Dance and Social Evening of Golden Beaver Lodge, A.F. & A.M., will be held in the Masonic Hall, Timmins, on Friday evening, February 14th. Dancing will commence at 8.30 prompt. Invitations to Masons only.

Air Mechanic Ernest Schellier, of the Royal Air Force, returned to Camp on Tuesday evening of this week. He has received his honorable discharge from service and intends re-opening the garage and auto mobile repair shop here.

Those in Timmins interested in the annual Dog Team Race might take a pointer from The Pas, Manitoba, where plans are already under way for the annual dog team race from The Pas to Sturgeon Landing. The date has been chosen, rules agreed upon and other preparations made. The annual dog race for The Pas this year is scheduled for March 17th.

A recent item in The Advance regarding the sale of Mr. F. M. Wallingford's dog team for \$259 has brought many enquires as to the normal price for good sleigh dogs. It is generally known that Mr. Wallingford's dog team was an unusually good one, and so the price would be high. The answer to the question as to what is the normal price for sleigh dogs is perhaps furnished by The Pas, Manitoba, Herald. The Herald says that sleigh dogs are fetching from \$15 to \$50 this season. "Jimmy Moore," says The Herald, purchased a team of five for \$60, and a few days later he sold them to an Indian for \$85." The Herald, however, believes there will be a big rise in the price of sleigh dogs in the next few weeks.

According to trappers and others around Fort William even the moose are dying in that district from the "Flu." A large number of cases have been reported recently of moose being found dead or dying in the bush, and the old-timers say that the disease affecting the animals seems to be of the same type as the "Flu" among human being. Some people, of course, scoff at the idea of the moose having the "Flu," but whatever the disease may be it certainly is playing havoc with the moose in the Fort William district.

Prescription Service

Your physician will be pleased if you bring your prescriptions to us to be compounded. This is true because we have every thing prescribed by physicians. Our compounding is conducted with skill and utmost care. No drug store is better equipped for scientific prescription work. There is no worthy device or apparatus for facilitating the work that is not here.

In fact, our prescription department is modern to the minute, and a double check system is used as an additional guard against errors.

Purity of drugs and skill in handling have given our store a reputation for superior prescription service

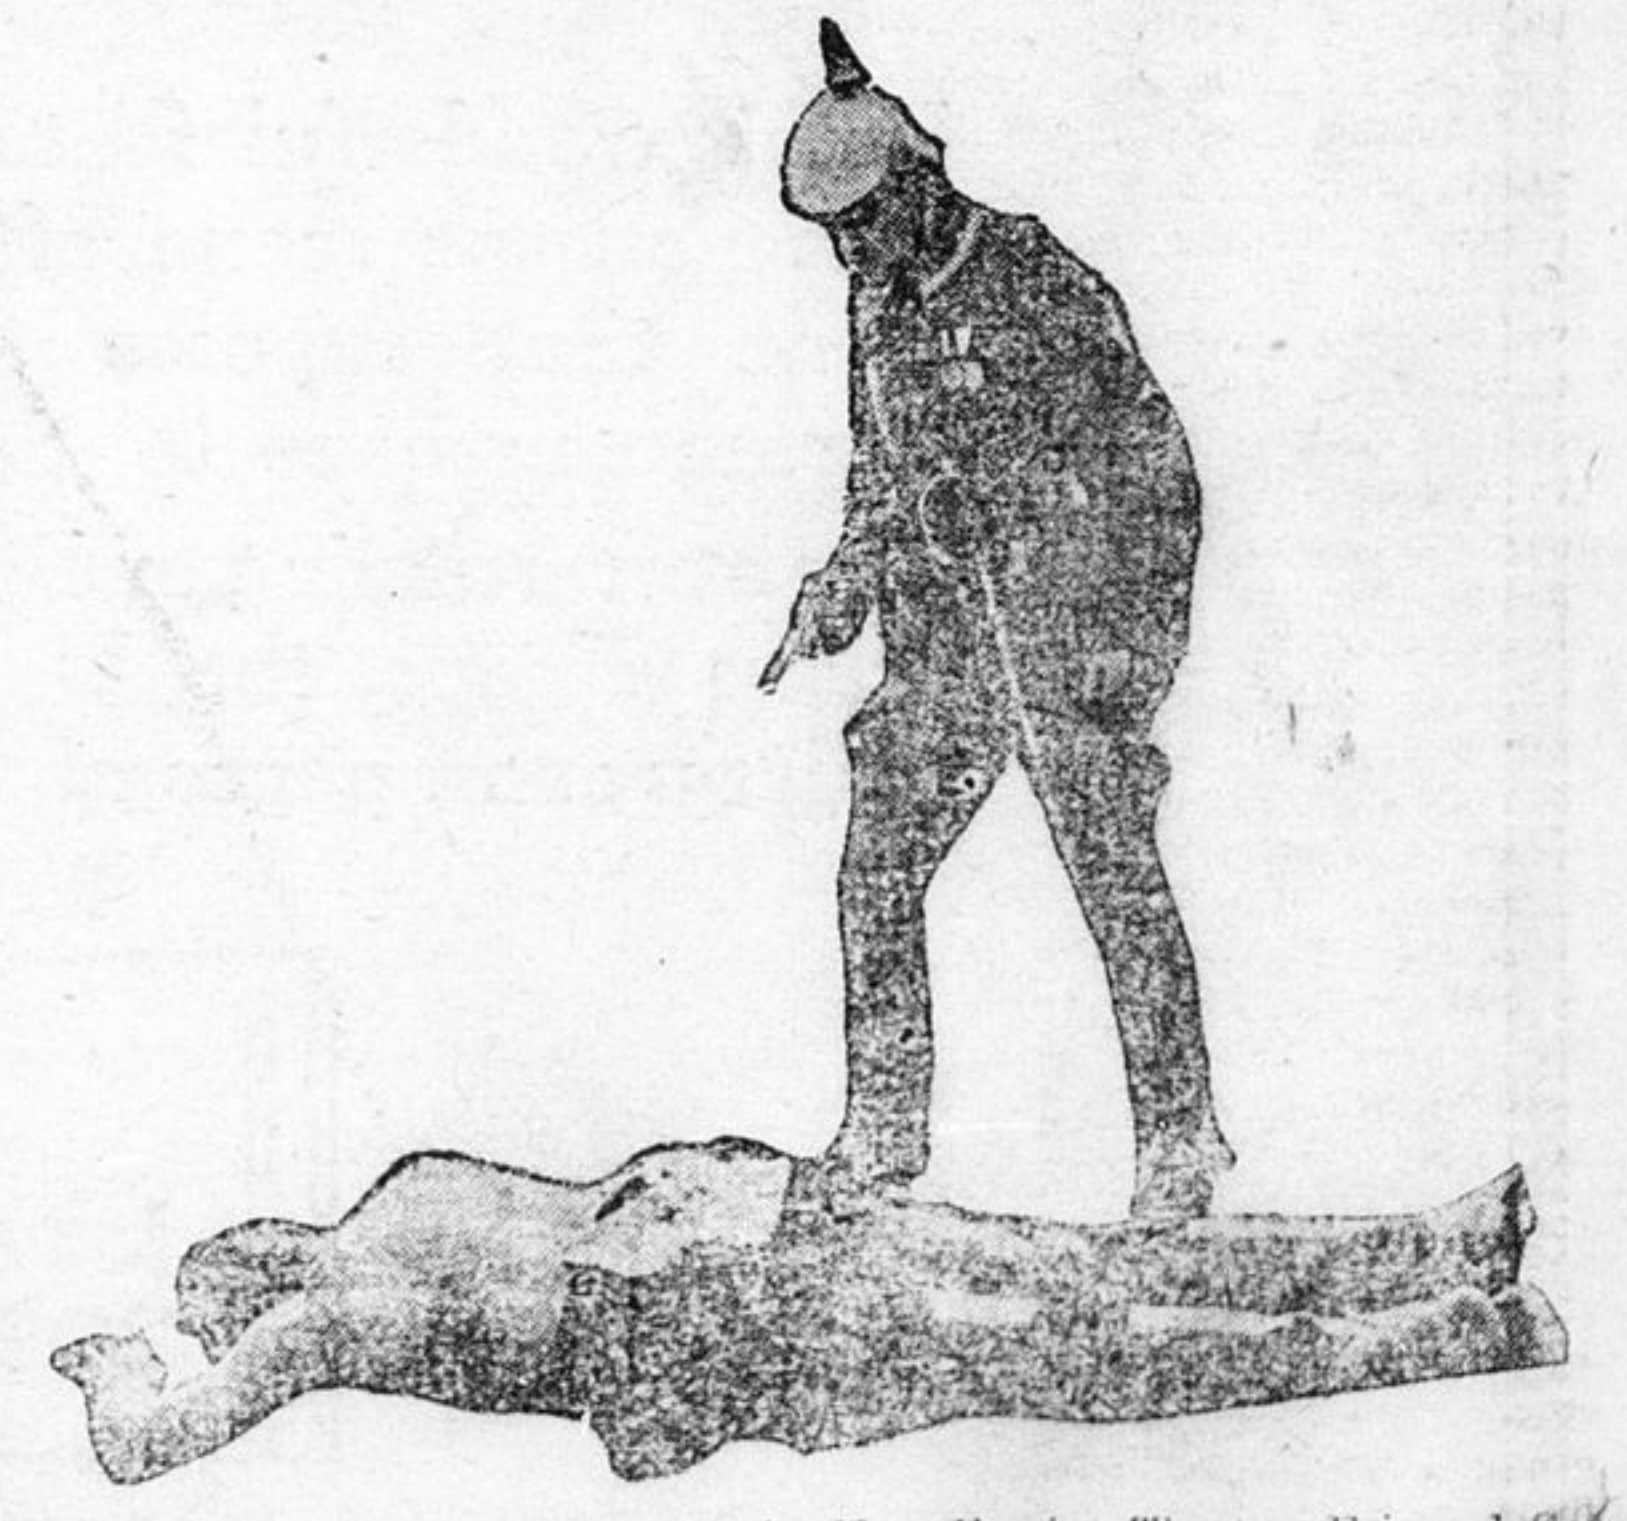

Let us fill your next prescription

In drugs and sundries you will find our prices lower than elsewhere. How about a guaranteed hot water bottle? We have them at \$2. Absolutely guaranteed
