Timmins News in Brief

Mr. Digby Salkeld is visiting in Montreal.

During the illness of Mr. Hoggarth, Miss Inglis is in charge of the Principal's Room at the Public School.

Mr. R. T. Regnall is laid up with an attack of rheumatism, but is making good progress to recovery.

On Ash Wednesday, March 5th., divine service will be held in the St. Matthew's church at 7.30 p.m.

Miss Marjorie Briden and Miss Hennessey of Haileybury, were Timmins visitors last week.

Mr. P. H. Stock left yesterday for Toronto after conducting a successful ten days' sale at the W. N. & P.H. Stock Jewelry store here.

Owing to the absence of the Mayor in Toronto on town business the regular session of the Town Council on Monday evening this week was deferred until later in the week.

Mr. C. W. Philbrooke, of Toronto, came up on Tuesday to take a place on the J. R. Gordon staff in the meat department.

All will be pleased to know that the condition of Mr. D. A. Hoggarth, principal of the public school here, is improving. At the time of writing he is making good progress to recovery.

Since the organization of the Timmins D.Y.B. Club to the close of the work of this helpful patriotic club last week the young ladies made over 1700 pairs of socks for use overseas.

Sergt. Geo. Willey, one of the old-timers of the Porcupine, returned on Monday night after some years' service overseas where he was through many of the strenuous engagements of the war and was wounded several times.

Mr. Fairhurst, recently discharged from service after several years overseas, is up from Haileybury. He went overseas with the 159th and saw much active service, being transferred to the machine gun section when that department was about the liveliest branch of the service.

Sapper Alex. Borland left on Monday for Toronto in connection with the necessary routine relative to his discharge from the Army. On his way to the city he is stopping off for a day or two at Cobalt to renew old acquaintances and visit friends in the Silver City.

Frank McGuire was in Cobalt last week and went up to New Liskeard with the hockey team of the Silver City on Thursday night. In the report of the game The Cobalt Nugget says: "Cobalt took down a new line-up, calling on Timmins to supply a star in McGuire. This centre player from the northern town played stellar hockey throughout and won approbation on all sides by his clever work." New Liskeard won with a score of 12 to 7. Of Cobalt's seven goals McGuire sent in three.

Chief Wilson, assisted by Chief C. Melnis, of Tisdale, and Officers D. Melnis and R. Allen, raided a shack on Birch street on Sunday evening and placed eleven Austrians under arrest on charges of gambling on the Lord's Day. When the police entered through the front door the Austrians attempted to leave by the back door but only one got by Officers D. Melnis and R. Allen, and even that one was re-captured after a lively chase through back yards and past clothes lines that impeded the way. The men were allowed out on bail and will come before Magistrate Atkinson on Thursday.

Cobalt is to have a Government Employment Office opened there in the next few days with H. P. Charlton, at present secretary of the Cobalt Y.M.C.A., in charge. This action follows protests recently made at a public meeting in Cobalt, where indignation was expressed at the lack of any provision to direct the proper kind of labor to the silver camp. Cobalt will have soon the first and only Government Employment Bureau in the North Land. That may be all right, but it should not be overlooked by the Government that the Porcupine district will be even more important as an employment centre than the Cobalt district. Not only is the great demand for men for the gold mining industry to be considered, but there is also the need of men for the important lumbering operations centering on Timmins. It might be well for the Board of Trade to seek means of impressing on the Ontario Government the necessity of always considering Timmins when looking after the interests of the North Land.

Miss Francis Tripp, of Cobalt, is visiting her sister, Mrs. J. S. Wilson.

Mrs. J. W. Fogg returned last week from an extended visit at Portland, Maine.

All were pleased to see Mr. C. L. Heath out again this week after his recent illness.

Mr. and Mrs. Gordon Mitchell returned last night from their visit in the south.

Miss Maud Devine leaves to-day for the West to join her mother at Saskatoon.

Mr. and Mrs. E. J. Meyers left on Sunday's "National" for a holiday visit to the south.

Mr. Len. Hill was a visitor to Timmins last week in connection with the contract for the building of fifty new houses for the Hollinger Consolidated Gold Mines.

Mrs. W. S. Carter, Mrs. Rumford and Mrs. R. V. Fraser, of Cochrane, were guests over the week-end of Mrs. Fraser's mother, Mrs. John Clark.

A dainty birth announcement card was received in town this week telling of the arrival of a daughter, (Laura Gertrude), on Wednesday, February 26th., 1919, to Mr. and Mrs. I. E. Dunn at Provost, Alberta.

The Town Council will meet to-morrow (Thursday) evening in regular session. On account of the absence of the Mayor and other members of the Council out of town on municipal business, the regular meeting on Monday was adjourned until to-morrow evening.

On account of the illness of his father, Mr. D. A. Hoggarth, Mr. D. Hoggarth came up from Toronto last week, returning to the city on Monday, his father's condition being much better and the immediate danger being apparently safely passed.

Mr. J. K. Moore has bought the block, now occupied by the barber shop and F. Bucovetsky's store, opposite Dalton's livery. Mr. Moore intends to remodel the building and will have a large and up-to-date confectionery shop and ice cream parlor, as well as his bakery business on the premises. He will move in the course of a few weeks to the new and enlarged premises.

Lieut. Len Smith, formerly a popular member of the Hollinger staff, has been the guest of Mr. D. Loughrin while renewing acquaintances in the Camp. Lieut. Smith went overseas in the early days of the war when the engagements were many and serious. Returning to Canada for a brief leave on account of illness in the family, he went back again to France for service the second time.

The Stitt Block, Main street, Haileybury, has been leased for a year by the Haileybury Service League. The League will furnish and equip the premises for Club Rooms, and then turn over the building to the Great War Veterans for the use of that Association. Further, the Service League is seeking a suitable building or site to be purchased and presented to the G.W.V.A. as permanent quarters for the returned men.

Some of the local Italians have been after the police because The Advance last week said that it was three young Italians who were concerned in the illicit still case, while the facts later developed to show that it was three young Frenchmen instead. Other newspapers in the district, one under the heading "From Our Own Correspondent," made the same mistake AFTER The Advance made it, and the police say that they were not responsible for these other errors in regard to nationality. The Advance now makes the correction, "it was three young Frenchmen," and all good Italians will now say no more to the police, while the Frenchmen can go after them if they wish, until further notice.

Mr. Joe Brisson, the winner of the first Dog Team Race here, and well-known among the old-timers as a lover of good dogs and always the owner of a good team, is in town. "That is a good plan, that idea of a three day winter carnival here," he says, "and it would be a good thing if it were carried out next year. It would give good encouragement to the breeding and training of good dogs." Mr. Brisson has his well-known old leader, "Diamond," with him, and "Diamond" seems to join his master in regretting that they were not here in time this year to compete again for the A. R. Globe trophy and the other prizes.

There was a large attendance at a carnival at the rink last night with a number of clever and interesting costumes.

Mr. W. J. Fox, of the Ostrasser staff, was called home last week to Barrie on account of the serious illness of his father.

All will regret the illness of Mrs. A. Freeman which necessitated her removal to the hospital last night, and all will hope for her a speedy and complete recovery to health.

Mr. Fred Kenning, formerly of South End, who went overseas with the Borden Battery, is back to Canada and is expected in the Camp this week.

Mr. J. W. Reed returned last night from a two weeks' visit to Sudbury, Toronto, New York City and other points south.

Chief Wilson has a man named Maurice Laflamme under arrest under the O.T.A., and other charges may follow as a result of what appears to have been a drinking bout in which other valuables beside liquor disappeared.

Mr. D. Cogrove, of the Fire Department, left this morning for his home in Buckingham, Quebec, called there by a telegram received yesterday telling him of the serious illness with influenza of his son, Albert, and that his wife was also ill.

All will be interested and pleased to learn that a letter from the West gives the pleasing news that Mrs. G. A. D. Murray and baby are both in good health now, Mrs. Murray having made good recovery from her recent serious illness.

Miss Laura Brazeau gave a farewell party last night in honor of Miss Maud Devine who is leaving to-day for the West. About fifteen young people were present and a delightful evening was passed, the only regret being the thought of the expected departure from the circle of their friend, Miss Devine.

Mr. D. Ostrasser is giving the hand some silver cup, valued at \$80.00, recently displayed in W. N. & P. H. Stock's jewelry store for competition in the bowling league series. If won three years in succession the trophy will be the property of the winning team. Marshall-Ecclestone Limited and others are also giving special prizes for the bowling games.

PRESBYTERIAN SOCIAL CLUB HAS BIG DEBATE.

The basement of the Presbyterian church was crowded Tuesday evening at the meeting of the Social Club, the special attraction being the debate, "Resolved that an efficient but bad-tempered wife is preferable to a good-natured but lazy one." All who attended were more than pleased and amused by the debate, and the debater, and the event was thoroughly enjoyed throughout. The addresses of the debaters were remarkable for wit and clever twists and some of the local and personal allusions convulsed the audience. The affirmative was supported by Messrs. M. B. Scott, J. W. Faithful and T. Blackman, while the negative was upheld by Messrs. D. Mackie, P. Douglas and W. Nicholson. The judges were Messrs. Noble, J. K. Moore and C. Kemsley, who decided that the side upholding the good-natured but lazy type had won the debate. Judge Noble gave a minority report dissenting from this judgment. Rev. J. D. Parks presided and contributed a good share to the humorisms of the evening. All present voted the event a very entertaining one, and the Social Club Committee was generally complimented on its success. A vote of thanks was tendered at the close to all who had contributed to the successful and amusing event.

AT THE NEW EMPIRE

Coming March 14 and 15: Hearts of the World

Important Announcement

The Curtis Drug Company, have been made sole agents for the London Times History & Encyclopaedia of the War, for this Northern District of Ontario

Undoubtedly you and everyone interested in the past history, and future progress of the world, will buy a history of the War. But before taking this important step, you should investigate thoroughly the London Times History.

Do not place an order until you have looked over this great work, compiled by the leading writers of the world, and edited by Lord Northcliffe, whose ability and advice has done much to bring the war to a successful termination.

The Times is the leading paper of the British Isles. Throughout the war its viewpoints have been under the fiercest limelight of public criticism, its articles, from which the major part of this history is drawn, entirely authentic and passed by the military censors, who have allowed the Times organization, be it said, a greater latitude than has been accorded less responsible organs.

This London Times History of the War, may be considered as official. It is being used in every Library of Note, every record office is installing it, and in the short-time it has been on sale in Canada, practically every public man in the Dominion has purchased it.

Besides the hundreds of Maps included in the Work, there are no fewer than 10,000 illustrations drawn from Northcliffe publications. The sets are all imported and are the very acme of the English binders art.

This great work should be in every home, as a work of reference, and to hand down to your children as something to be treasured above all War works.

Call and see the books at the Curtis Store. They will be glad to show it to you.

There are sixteen volumes in all. Ten ready for immediate shipment, the other six to be sent to you after the Peace conference is finished.

The Cloth Edition is \$6.00 a volume, the 3/4 Morocco is \$8.00 a volume, the Full Morocco \$10.00 and the Persian leather \$12.00 a volume. All payable at the price of the single volume per month. In other words the sum total is spread over a period of 16 months.

The books are sent you prepaid. 30 days after you receive the books, you make the initial payment. From that on, you pay your monthly instalments.

The Curtis Drug Company will be glad to show you the work. We ask you to call and see it.

THE CURTIS DRUG COMPANY

Agents for the Northern District for The London Times History of The War

WILSON'S "The National Smoke"

BACHELOR

So long as the Bachelor cigar represents better value than any other brand on the market, you will continue to smoke it—not a day longer. This we know.

For Your Protection Every "Bachelor" Cigar is stamped as above
