Timmins News in Brief

Mr. James Grant, who has been at Kirkland Lake, has returned to the Camp.

Mrs. J. W. Fogg left last week for Portland, Maine, called there by the death of her mother.

Cobalt Town Council last week made a grant of \$300.00 to the Cobalt Board of Trade.

Mrs. E. J. Meyers returned on Saturday from a visit to the south, Mr. Meyers remaining over a few days in connection with the buying of new goods for the store here.

Mr. D. W. O'Sullivan left last week for a holiday trip to the south, and it is understood that he will return in about three weeks accompanied by his bride.

Among the soldiers returning from overseas to South Porcupine last week were Messrs. Frank Smith and Edgar Racicot. The latter was a visitor to his brother, N. Racicot, Timmins, this week.

Kitchener Rebekahs are giving a euchre party in the Oddfellow's Hall, South Porcupine, on Friday evening of this week and all enjoying a pleasant social evening are invited to attend and share in the good of the evening's program, including a tasty luncheon.

Official announcement is made that the Ontario Government will proceed this summer with the construction of a good road from Boston Creek station to the various mining properties being opened up in the Boston Creek district.

Lieut. Howard Barton, formerly of the Camp, but now of Cobalt, was a visitor to Timmins during the weekend and was warmly greeted by his many old friends most of whom had not had opportunity to greet him since his return from service overseas.

Mrs. Norman Burke returned to town last week and has been busy since packing up her household furniture for shipment. Mrs. Burke expects to leave the end of this week with her children for Kirk's Ferry, Quebec, where they will reside in future.

Mr. L. Halperin of Timmins, has been elected as the delegate from the Porcupine, Cochrane, Sudbury, Cobalt, Englehart and North Bay and other centres in the North Land, to represent this big district at the Jewish Congress to be held in Montreal on Sunday, March 16th.

While in Toronto last week Mayor McInnis was promised the fullest co-operation of the Government in all measures for preventing the forest fire menace. The Government has plans perfected for the removal of all timber and slash that may be around the different communities in the North Land and these plans are expected to avoid the danger of disastrous forest fires. The present intention is to start the work of removal of timber and slash in the early spring.

The sad news was received here last week that Albert Cosgrove, formerly employed by the Hollinger here, and a son of Mr. Dan Cosgrove, recently of the Timmins Fire Department, died last week at his home in Buskingham, Que. Mr. D. Cosgrove left here ten days ago when he learned of the illness of his wife and son who were suffering from the prevalent epidemic of influenza. The son succumbed to the disease, but Mrs. Cosgrove is making progress to recovery according to the latest word received. The sympathy of all will be extended to the family in their bereavement.

Messrs. W. Johnston and Oscar Robertson were delegates from the Grand Army of Canada, South Porcupine branch, to the South Porcupine Patriotic Society meeting last week. After the delegates had explained the aims and purposes of the Grand Army of Canada, the South Porcupine Patriotic Society made a grant of \$200.00 to the South End branch of the G.A.C. The South Porcupine branch of the G.A.C. has now a membership of about 25. Its aims and objects, as stated in its literature, are much the same as those of the Great War Veterans Association. The chief difference between the two bodies is that the Grand Army of Canada announces itself as an independent political body that will have candidates at the next Federal and Provincial elections, while the Veterans avoid all political connections as a body while leaving the members free to follow their own opinions and feelings in political matters.

The regular meeting of the Timmins Town Council will be held on Monday evening next.

Mr. W. F. Richardson returned on Tuesday evening from the south.

Mr. and Mrs. H. J. Letcher, now of Sudbury, but formerly of this Camp, sail for England on March 22nd.

Mr. A. H. Cook, who has been in the south for about six months past, returned last week to the Camp.

Mr. Jack White, of the Imperial Bank, Kirkland Lake, spent the week end in Timmins.

Born—In Timmins, on Tuesday, March 11th, 1919, to Mr. and Mrs. A. Sims—a son.

A Lenten service will be held in St. Matthew's church on Friday evening at 7:30 p.m.

Mr. R. E. Leonard is visiting in the south, his place at J. P. McLaughlin's being taken by Mr. McKinley, of Englehart.

Rev. J. D. Parks, pastor of the Byrnes Presbyterian church, was in Cobalt last Thursday attending the meeting of the Temiskaming Presbytery.

General sympathy will be extended to Mr. Jacob Shulman, Jewish Rabbi here, in the death of his infant daughter, aged 1 year, 2 months. The death was due to bronchial pneumonia. Interment was made at Krugersdorf this week.

When Mr. J. P. McLaughlin learned of the organization of the Firemen's Club he at once signified his intention of presenting the boys with a gramophone for their club room, and when he found that a Sonora had already been secured he still showed his interest in the Club by promising that he would help on their good work by sending them a cheque for \$100.00.

The Hollinger Consolidated Gold Mines intend to build twenty or twenty-five houses this spring for the accommodation of employees of the mine. The new houses will be located in what is now termed the swamp, north west of the fire hall. The swamp will be drained, and the houses while not large or pretentious will be comfortable and of modern style. The expected building of these new houses will help in the solving of the probeble housing problem that is looming up with the advent of so many new people to the town.

"It's a great thing to be on the Soldiers' Reception Committee these days," says one local citizen. "You see," he explains, "now I can go out any night around eleven, or stay out after that hour and the wife doesn't kick at all. If she asks where I have been or where I am going, I tell her that the Committee is expecting some soldiers home again on the late train, and everything is all right." To the patriotic wives The Advance would give this tip—turn out yourselves to the receptions to the returning heroes. The soldiers themselves would be delighted to have you, and your presence would also have a tendency to keep the old man straight and truthful.

An alarm of fire between eleven and twelve on Wednesday night brought a prompt response from the Fire Brigade, with about fifteen members turning out at the start. The alarm was due to a chimney fire at the Ideal Rooming House. No damage was done, and the fire was extinguished without turning on the water, though the hose was coupled and ready for use if necessary. This chimney fire looked like a dangerous fire for a few minutes, partly on account of its location in a prominent block of wooden buildings and partly because the cold and heavy air of the evening made the blaze show up. It was soon put out, however, by the brigade.

Arrangements have been made by Hon. Wm. Sloan, Minister of Mines in British Columbia, and Hon. Dr. MacLean, Minister of Education, for the establishment of a system of instruction by means of correspondence which will give all miners who are British subjects and residents of British Columbia an opportunity to qualify for positions of trust and responsibility in the mining profession. In the past night schools have been conducted in British Columbia for those in the mining industry, but the shift system has made it difficult for ambitious miners to take full advantage of night study. The correspondence course will be accessible to all young men of British citizenship in the Province and much advantage to the men and to the industry is expected.

Free Carnations

We again offer you the springtime gift of flowers.

What could be more appropriate for the opening of spring than the beautifully scented carnation.

We have ordered several thousand blooms and for Friday and Saturday, while they last, we shall give free:

With each Dollar purchase	:	6 carnations
With each 75c purchase	:	4 carnations
With each 50c purchase	:	3 carnations
With each 25c purchase	:	1 carnation

There will be no restrictions. Buy what you need and get your flowers free.

Friday and Saturday only. Shop early to avoid disappointment.

After a long winter without flowers, what nicer than a fine big bouquet of fragrant carnations? They make home brighter and bring with them the thoughts of spring.

Free Carnations for Friday and Saturday

THE CURTIS DRUG COMPANY

Near the Post Office, Timmins

HALF MILLION PRODUCED IN YEAR BY LAKE SHORE

This week the Lake Shore Mine at Kirkland Lake reached the end of its first year as a producer and the record is a decidedly good one. During the year the mine has produced over a half a million dollars in gold and is going stronger than ever to-day. Apparently the mine is one of the wonders of the North Land as a high grade producer. When production opened a year ago the average grade per ton was about \$23.00 per ton and some thought operations must be conducted from specially selected ore,

but during the year the average grade in each month was higher than the first one, the January record of this year being a recovery of \$26.12 in gold per ton. It is a high-grade mine with large ore bodies of unusually high gold contents.

HUNDRED HAD TO BE TURNED AWAY WEDNESDAY.

Fully a hundred people had to be turned away from the New Empire Theatre on Wednesday evening, while every available seat was taken in the big theatre and all the legal standing

room utilized. Wednesday night was amateur night as usual and the amateur items being carefully selected and coached by the management are proving very popular and a big drawing card with the crowds. The amateur program last week was varied and interesting, including "Cohen on the Telephone;" Jean Roberts in Scotch Songs; singing and dancing by Dolly Varden; and a three-round boxing bout between two lads who put up an interesting exhibition, with Sol. Shankman and I. Levitski seconds and C. J. Appel as referee.

WILSON'S "The National Smoke"

BACHELOR

Steadily, year by year, the demand for this cigar has grown. Convincing proof to us of its uniform quality and value.

For Your Protection
