Timmins News in Brief

Mr. E. J. Meyers returned this week after a visit to the south.

Mr. D. L. Jemmett, of Cobalt, was a business visitor to the Camp last week.

Miss L. Maltais returned last week from a three weeks' visit to Toronto and other points south where she attended the big millinery openings and displays of the most modern styles of headwear.

Among the Dominion Police station here this week is Constable Anderson who was here last year in a similar capacity and who made many friends in the town and district at that time.

A number of the young people of the town enjoyed a very pleasant evening at the home of Mr. and Mrs. J. E. Wilson last week, the occasion being a party in honor of Mrs. Wilson's sister, Miss Francis Tripp who is up from Cobalt on a visit here.

Mrs. Norman Burke and children left last week for Kirk's Ferry, Que., where they will reside in future. The many friends made in this Camp during the family's residence here, as well as the many who knew and esteemed them in the Cobalt Camp, will regret Mrs. Burke's removal from the North Land.

Nearly fifty from Timmins went over on Monday evening to the St. Patrick's Night dance at South Porcupine, attracted thither by the original advertising of the "O'Boyles, the O'Wilson and the Scotty O'Wilson." All had a good time. Colombo's orchestra supplied the music, and all the other features of the evening were of the same pleasing type.

The Town of Cobalt and the Township of Coleman are combining forces to give a big banquet to the returned soldiers of the Camp on April 22nd. Bucke Township may also join in the plan, and the event on April 22nd may then be made the first of a series of banquets to the returned men. The Cobalt Soldiers' Reception Committee have adopted this banquet idea as the best available plan to show the soldiers the "Welcome" thoughts of the municipalities towards the returned men.

The Timmins Open Discussion Club met on Thursday evening last in the basement of the Presbyterian church with about fifteen men present. The subject for discussion was "Immigration," and Mr. J. A. Devaney gave the law on the question. Both Mr. Devaney's address and the following discussion were interesting and informative and many new lights on the immigration problem were developed. The next meeting of the Timmins Open Discussion Club will be held on Thursday evening of this week.

Marshall-Ecclestone, Limited, this week delighted the Timmins Firemen's Club with the handsome donation of a cheque for \$50.00 to be used for the purposes of the Club. Mr. J. P. McLaughlin has promised the boys also a cheque for \$100.00. "When we get that we will be Jake," the fellows say. At the Club now there is a liberal supply of newspapers, magazines, etc. A Sonora gramophone and a long list of good records are on hand. A shower bath and toilet have been installed, and the Club is going along in splendid fashion.

Chief Wilson was busy this week in connection with a Dominion Veterinary Inspector sent here because of reports that there were cases of hog cholera or swine fever in the district. The Inspector, under the guidance of Chief Wilson, found no less than seven cases in town and the animals were condemned and ordered disposed of. The Veterinary Inspector also directed special attention to the law against feeding garbage to pigs, except under certain special conditions. The feeding of the refuse from restaurants is a fruitful source of spreading disease among hogs, and the practice must be stopped in the district.

An alarm of fire was sent in on Wednesday evening last about quarter to nine, and the Fire Brigade made a very prompt response. The fire was at the house of Dan Samovitch, Fifth Avenue, and was no more serious than the ordinary chimney fire. Apparently it was due to stovepipes that needed cleaning, and so, after the danger was over, Fire Chief Borland had the offending stovepipes taken down and thoroughly cleaned before being put up again. Dan was not any too well pleased about this procedure, but he should comfort himself with the thought that it is better to clean stovepipes than to build a house.

Lenten services will be held in St. Matthew's Church on Friday evening at 7.30 p.m.

Mr. J. O. Stewart, of Toronto, was in the Camp some days ago in connection with a mining venture in the Porcupine.

Mr. Robt. Brown, formerly of the Porcupine Crown, but more recently of Sudbury, returned to the Camp last week and has taken a position on the staff of the Hollinger Gold Mines.

All will regret the illness of Miss Sharpe, nurse at the Cottage Hospital, and will wish her a speedy and complete recovery. At the time of writing Miss Sharpe is improving and on the way to recovered health.

Mr. and Mrs. T. H. Leverton returned on Friday evening last from their extended visit to the south, accompanied by their baby daughter. Mr. and Mrs. Leverton were visiting at their old home in Shannonville, near Kingston.

Last week Cobalt Council appointed W. Stinson, formerly driver of the Cobalt Fire Team, as Fire Chief of the Town of Cobalt on six months' trial dating from January 1st. He has been acting as Fire Chief since the first of the year.

As on previous occasions the free earnings given on Friday and Saturday by the Curtis Drug Co. proved an attractive business drawer. The Curtis Drug Co. had a large and pleasing display of flowers on hand for the occasion.

The St. Patrick's Night dance in the Miners' Union Hall on Monday evening was a very successful and pleasant evening. The attendance was large, the hall being crowded, and all present had a very enjoyable time. The Women's Auxiliary, under whose auspices the event was held, are to be complimented on the success and enjoyment of this dance.

The Pas Herald does not seem to be pleased because the hay dealers in the Pas, Manitoba, are charging \$20 and \$21.50 a ton for baled hay, while hay in the stack is offered from \$9 to \$16 per ton. What would The Herald say or think if it had to consider the hay question in Timmins? In the North Land hay in the stacks brings no more than it does at the Pas, but baled hay runs from \$30 a ton up.

On account of the illness of Magistrate Atkinson last week there was no regular session of the police court here. All the cases to come before the court here were adjourned for a week and will be heard by Magistrate Atkinson this week when he comes to Timmins. All will be pleased to know that Magistrate Atkinson has recovered from his indisposition and is able to look after his duties as usual now.

The International Clothing and Gents' Furnishings Company is opening an up-to-date men's wear store in the stand recently occupied by Geil's the Tailor, next to Duncan's Limited, Pine street. The formal opening of the new store of the International Clothing and Gents' Furnishings Co., as will be seen by the advertisement elsewhere, is to take place on Saturday of this week and the event should be an attractive one as there are big new stocks of the best goods for men and everything is to be sold at cost price for the opening day and in addition the firm is giving a cap free as a souvenir to every purchaser of a suit.

Late on Wednesday evening and early on Thursday morning last week the thermometer registered the lowest this year, 26 degrees below being the record. The mildness of this winter is illustrated by the fact that in this country this year 26 below zero is considered almost as much of a record as the figures reversed (62 below) would have been thought in some years past. Miss Hoggarth returned on Sunday from Toronto. Mrs. Hoggarth intends to remain in the south until her son, Robt., returns from overseas. He is expected back within the next few weeks.

The question of the advisability of proceeding now with the construction of a sewerage system for the Town of Timmins will be the chief question before the meeting of the Ratepayers' Association on Friday evening of this week in the Council Chamber. This is a matter of very great interest to all citizens, and the opinions and ideas of all are desired. At the meeting of the Town Council on Monday evening it was suggested that the Ratepayers' Association meeting would be a good place to learn the feelings of the people on the matter and for this reason a specially large and representative meeting is to be hoped for on Friday evening.

A steam laundry is one of the new businesses promised for Timmins in the near future. A gentleman who formerly conducted a steam laundry at Cochrane has a site here and other preparations made for the commencement of a steam laundry here.

Mr. Duncan Gray, graduate druggist of Blind River, last week joined the staff of the Curtis Drug Co. here. Mr. C. M. Auer and son, Frederick, left last week for Toronto, where the latter will undergo specialist treatment for his eyes.

The T. & N.O. Commissioners private car came in last night on one of the monthly visits over the line. In the party were:—Mr. W. H. Maund, secretary-treasurer of the Commission; Mr. Geo. W. Lee, Mr. A. J. Parr, Mr. W. A. Griffin and Mr. S. B. Clement.

Sapper Alex. Borland returned on Monday afternoon from his visit to Toronto where he went recently to see about his final discharge from military service. He was about two years and a half in khaki, and saw much dangerous service overseas, so has more than earned the right to get back to civil life and a peaceful calling.

Marshall-Ecclestone have purchased the building opposite the National Fruit and Produce Company, Pine St., and recently used by the latter concern as a warehouse. The building was previously used as a shooting gallery and prior to that was one of the Chas. Pierce & Sons warehouses. Marshall-Ecclestone will alter the front and turn the building into an automobile display show room.

At the R. C. Church on Monday Rev. Father Theriault united in marriage Mr. Roger Todhunter and Miss S. Lafleur, two popular young people of this Camp. The bride and groom were accompanied by Mr. J. B. Pare and Mr. Emil Everard. In the evening there was a very pleasant wedding supper enjoyed by a number of the near relatives and friends at the home of Mr. and Mrs. Emil Everard. The many friends of the couple in the Camp will extend sincere good wishes.

Novelties
