STOLE THE ROPE FROM THE TOWN FLAGPOLE.

When men will steal the very rope from the town flagpole,—well, that's going some. Yet that is what happened lately. This week Foreman J. D. Maclean discovered that some one had walked away with the rope from the town flagpole on the athletic grounds. The taking away of the rope was easier than the re-placing. None of the local pole climbers relished the job of going up the pole to make the necessary insertion of the rope through the pulley wheel, and eventually Jack had to call on a little Scotchman at South End. This will be joyous news for "Scotty" Wilson, who will be delighted to be able to say that Timmins had to call on South End for anything, but it was not because he was at South End that the pole climber was useful here, but because he was Scotch and so was not afraid to go "up in the air" without much support. In any event, he made a first-class job in no time of the work and thought nothing about it. As a consequence the flag may fly from the town flagpole again, until somebody else wants a good piece of rope to mend his harness or make a halter-shank.

FOREIGNERS BADLY CUT UP IN FIGHT IN MONETA

There was a wild old fight over in Moneta on Monday morning about eleven o'clock and as a result Tom Buderick is in the cells with a badly cut wrist and Fred Panzuk is in the same safe place with five knife cuts and one finger broken. There was a grand time for the two foreigners while the row lasted and it lasted quite a time and made a lot of excitement in Moneta Monday Morning. According to the stories told Panzuk had a fight on Sunday with Buderick's brother and Tom started in on Monday to clean up the family honor. He used a knife and Fred began to feel all cut up. Then Panzuk got a hold on a sharp triangular piece of stone and making his right hand into a sort of axe-handle he did some execution of his own. Buderick's wrist was cut through to the bone by the sharp stone and the wound is a painful one. Medical attention was necessary for both men after their arrest. Both men will be charged with wounding before magistrate Atkinson to-morrow.

BANQUET TO RETURNED SOLDIERS AT SOUTH END

There were about thirty returned soldiers of the district at the banquet given by the Ladies' Guild of the United Church, South Porcupine, on Wednesday evening of last week, several being present from Timmins and Schumacher. All report a very pleasant evening and speak in the highest terms of the hospitality of the ladies of South Porcupine. The dinner provided was of the best and the appointments of the banquet hall were attractive. The tables were tastefully decorated and the service given by the young ladies was much appreciated. After the excellent dinner had been enjoyed, there was a programme of much merit. This included well-rendered readings by Miss B. M. Shaw and Miss K. McDonald and a song by Mr. George Starling that touched the fancy of the gathering. The toast to "Our Boys" was ably proposed by Rev. W. J. Arms. For those who will return no more the audience stood in silent respect for a minute. The response to the toast to the returned men was capably made by Major Mac. Lang, M.P.P. Rev. J. D. Parks in a bright and telling address proposed the toast of "Our Allies," to which Mr. B. B. Sky, of the United States Army, made a very appropriate and well-worded reply. "Canada" was proposed by Mr. C. B. Morgan and responded to by Lieut. J. R. Myers, both addresses being interesting and to the point. Before the happy event closed a hearty vote of thanks was tendered the ladies for the very pleasing and successful banquet given. After the banquet the returned men enjoyed a few more hours of pleasure, being the "Unions" Club at a happy little dance in the Oddfellows' Hall.

Some excitement was created Monday afternoon in the vicinity of the Fire Hall when a pretty, healthy and apparently well-cared-for little girl of six, or three years of age was found in tears and distress, the child announcing that she was lost and being unable to tell where she lived or give intelligible account of who she was. There was a general disposition to believe that Jack Maclean should know who the little girl was, but Jack didn't know, so everybody else knew she had no grown-up sisters anyway. So starting with this as a clue, eventually the home of the dear little lost youngster was located and she was duly returned to her mother who was anxiously seeking her.

TOWNSHIP OF TISDALE

NOTICE.

The Council of the above-named Municipality invite Tenders for the purchase of the frame building with hose-tower, formerly used as The Fire-hall at Schumacher. Terms of payment to be arranged with the Council.

Tenders must be filed with the undersigned not later than 12 o'clock noon on Thursday, May 22nd., giving bank references.

Dated at South Porcupine this 12th day of May, 1919.

J. R. MYERS.

Clerk of the said Municipality.

Even Two Coats of Paint Give Less Than a Hundredth of an Inch Protection

When you know that you must depend on a paint film less than a hundredth of an inch thick to protect your buildings from weather's wear and tear you begin to realize the vitalness of buying the right paint.

An outside paint must be not alone waterproof but weatherproof. Making a paint weatherproof is the difficult part. If it is not weatherproof it will not long stay waterproof.

To be weatherproof, the paint film must be so elastic that it will expand or contract with the weather's changes—and do it without cracking.

Low Brothers
**HIGH STANDARD
LIQUID PAINT**

is specially made to meet these conditions. That is why it stands so many years of weather's wear and tear.

The picture above is taken from a photograph showing a two-coat film of High Standard Paint held in the hand. The film was over two months old when photographed; yet it was as flexible as a handkerchief.

If you have been having paint troubles, or want to prevent them, tell us about your painting needs. The expert advice given so gladly will cost you nothing. It may save you much.
