Timmins News in Brief

Mr. Thos. A. McDonald, Employment Supervisor at the Abitibi Power & Paper Company's plant at Iron-ore, Mr. Thos. A. McDonald, Employment Supervisor.

A Special Meeting of Gold Leaf Lodge, O. Y. B., will be held in the Oddfellows' Hall on Monday, June 30th. General business and conferring degrees, and to complete arrangements for July 12th, and also for the Church Parade on July 6th.

Work was commenced this week on the construction of an additional storey on the Reed Block. The addition will be the full size of the present building and like the rest of the building will be brick and fitted and furnished in the best modern style. The new storey will be arranged for use as office buildings.

Mr. and Mrs. C. L. Wedgerfield of Little Current, Ont., announce the marriage of their daughter, Eva I., to Mr. J. M. McGill, on Wednesday, May 14th. Mr. McGill is well known in the Camp where he was manager of the Carr Hardware Store at South Porcupine for some time, and his many friends here will extend heartiest congratulations and good wishes.

In a letter to a friend in town, Mr. Ivan C. Stadelman, now living in Brantford, Ontario, but formerly conducting Stadelman & Co's store in Timmins, sends best regards to his friends and acquaintances here. The letter also incidentally refers to the fact that Mr. and Mrs. Stadelman are now the proud parents of a fine son and heir.

Speaking of the flight across the Atlantic by airship made by Capt. Aleck and Lieut. A. W. Brown in sixteen hours, Friend Irish Pete now suggests a week-end trip from Porcupine to Belfast, leaving here Saturday, getting half-seas-over overseas, and being back at work in the mines for the first shift on Monday.

The Miners' Union in securing lumber to make the boxes needed for the Mucking Contest on July 1st, for which the Union is giving three prizes of \$30, \$15, and \$10, were nicely treated by Knight Bro. & McKinnon who generously donated the necessary lumber when the firm learned what the material was to be used for and the circumstances under which the event was to take place.

Angelo Guiseppe was the winner of the two beautiful hand-made centre pieces made by Mrs. G. Robertson, of Haileybury. Mrs. Robertson's husband has been ill for a year or more and she has been doing fancy work of this kind in the minutes that could be spared from attention to him. Friends here took the plan of drawing for a couple of these centre pieces, and a goodly sum was retted. The winner of the lucky number was Mr. Guiseppe who won with Number 49.

A gentleman from Iroquois Falls in town last week said that the Fire Brigade, the Band, the Baseball Team and a big group of supporters were going down to New Liskeard on Dominion Day for the Firemen's Tournament. "There will be quite a number at the Falls, however, who will want to come in to the Big Day All Day at Timmins, so you can expect a good representation from the Paper Town at your July 1st day of sports.

Mr. James Freebairn left last Wednesday for Philadelphia where he intends to take up residence, his wife coming out from the Old Country to join him there. During the past few months "Curly," as he was familiarly known, has been a resident of this Camp and one of the valued members of the Timmins Football Team. He will be much missed here in football and other circles, but the friends he made here join in wishing him the best of success and prosperity in his new location.

A group in the smoker of a T. & N. O. train were recently discussing the crossing of the Atlantic by airship, and great praise was given Capt. Aleck and Lieut Brown for their wonderful exploit in making the first successful non-stop flight across the ocean. "Well, anyway, it took the Yanks to show them how to fly across," boasted one enthusiastic fellow from the U. S. A. This was too much for one old prospector who had taken little part in the conversation up to this point. "Get out, you mutt," he interrupted, "the Yanks never made any flight across the Atlantic." The Yank looked very puzzled at this statement. "What do you mean? Wasn't it the Yanks who—" But the old prospector interrupted him again. "Naw," he said, "they didn't fly across at all; they just 'portaged' across."

Mrs. Dayton Ostrosser and children are spending a few weeks at Grimsby Beach, near Hamilton, Ont.

Work is in progress on the enlarging and improvement of St. Matthews tennis court.

Mr. and Mrs. J. Perrault, of New Liskeard, formerly of Timmins, were visitors to town last week and this.

Born—In Timmins on Friday June 20th, 1919, to Mr. and Mrs. N. E. Wadsworth,—a daughter.

Owing to the dance in the New Empire Theatre basement last night, the Iroquois Falls Orchestra holding the dance in the Union Hall decided to call the latter event off, and instead will hold it on July 1st.

Mr. J. A. Howse received a wire Tuesday morning of this week informing him of the sad news of the death of his mother at Orillia, Ont. Mr. Howse left on the noon train yesterday to be present at the funeral which will take place on Thursday of this week.

Pte. E. Morgan is visiting his sister, Mrs. Geo. Lake, on his return from overseas service. Previous to enlistment, Pte. Morgan was at Monteseano, Washington, and crossed over to British Columbia to enlist with the Canadian Army and go overseas for active service.

Capt. W. B. Nicholson brought back from overseas a large number of very interesting souvenirs, including Belgian, French and German coins, firearms of different types captured from the enemy, African shield, African native spears, and many other items that are of great interest to all who see them. A collection of these souvenirs has been a special centre of attention this week in one of the windows of E. J. Meyers' store.

The boys having asked for a chance to play baseball and football games on the First of July, the Committee have made room for the two junior games, though the programme was all arranged and timed before the request came before the Committee. The boys football game will be run off in the morning at 9.00, and the baseball match in the evening commencing at 7 p.m.

Misses Lillian Wadsworth and Bertha Charette, having successfully passed the required examinations in Gregg Shorthand Writing, have received their complete certificates, officially testifying to their proficiency. Three pupils recently tried these examinations at the Separate School here, the answer papers being forwarded to New York. The two young ladies mentioned have received their certificates, but the third candidate has not yet received word as to her standing.

Messrs. George DeMagne and J. Mortenson, who have been conducting the Ideal Poolroom and Rooming House, opposite the theatre, for nearly two years past, last week sold out the building and business to Mr. J. Rouchon, who formerly conducted the theatre in Timmins in the early days. Mr. and Mrs. DeMagne and Mr. and Mrs. Mortenson intend to leave here in a few weeks for their old home in Belgium. They are among the early residents of the Porcupine Camp, Mr. DeMagne being especially well-known in the old Golden City days. They will be much missed here in many circles, but any from this district having occasion to visit in Belgium will hereafter feel they have good friends there that they know to show them round and help them in any way.

The League Football Game at Schumacher last Wednesday between McIntyre and the Porcupine-Dome resulted in McIntyre winning the game with a score of 3 to 2. The game was a closely-contested one and all present at the match agree that though they were losers of the game the Porcupine-Dome certainly played a fine brand of football. The Schumacher grounds are difficult for a visiting team especially. At times both the ball and the players were lost from view in the clouds of sand and dust that the play stirred up. Both teams worked hard, as did also the goodly bunch of rooters on each side. A number from Timmins were over to see the game. McIntyre has lots of ginger and plays a fast game as well as having a winning streak at present. In point of play the Porcupine-Dome team gave them a good run for their money, however, and on a better ground the result might have been different. The McIntyre now heads the League for wins not having been defeated at all this season.
