After the heavy rain on Friday, the rainbow appearing was one of the most remarkable and beautiful ever seen here in this land where rainbows and Northern Lights are noted for special distinction. The rainbow on Friday night was a beautiful arch running across the eastern sky. The blending of colors gave a beautiful showing while there was also something unusual about the double effect appearing.

There are four games yet to play in the District Football League series, Timmins and Iroquois Falls playing here on Wednesday (to-night); Porcupine-Dome and McIntyre playing at South Porcupine on Friday; Porcupine-Dome and Iroquois Falls at South Porcupine on Wednesday, July 16th; and the protested game between Timmins and McIntyre to be played here at a date not yet decided upon.

Chief of Police J. E. Wilson left on Wednesday evening's National on a two weeks' leave of absence. The Chief says that this is the first regular holiday he has had in four full years and that he intends to make the most of it accordingly. Mrs. Wilson and children also went to Cobalt last week, and the family will spend the vacation in the Silver City and other points south. Officer P. Collins is acting Chief during Mr. Wilson's absence.

At the Anglican Church, Timmins, last week Miss Lilian Neal, eldest daughter of Mr. and Mrs. John Neal, of Englehart, and Mr. W. James Gray, eldest son of Mr. and Mrs. John Gray, also of Englehart, were united in marriage by Rev. Mr. Cushing. The wedding was a quite one, only the immediate friends and relatives being present. Friends and acquaintance will extend sincere good wishes to Mr. and Mrs. Gray, who will take up residence in Timmins, where Mr. Gray is employed by the Hollinger Consolidated Gold Mines.

Mrs. B. E. Martin and children left last week for a holiday in the south.

The Banner of the Temiskaming Volunteer Firemen's Association put up each year for the Wagon Race contest has now been won twice by the Timmins Fire Brigade. There are spaces on the banner for only five names and counting the present year three of the names are filled in, Timmins having two of the spaces. When all the spaces are filled the team whose name appears the most times as winner of the Banner takes the trophy permanently. If Timmins wins the Banner one more year it comes thus permanently to this town. The Firemen here have the idea that the Banner would look well in the Hall here and for this and other reasons fully intend that it will find a permanent home in Timmins.

Mr. D. Steward, of New Liskeard, was a visitor to town this week.

Mr. W. E. McCoy left on Friday morning for a visit to Toronto.

Mr. Curtis, of Barrie, is visiting his son, Mr. D. Curtis, town.

The regular meeting of the Town Council is dated for next Monday evening.

Mrs. E. H. Bridger and children left on Thursday morning for a visit to relatives and friends in Ottawa.

The boys of the Hollinger Staff House are giving an At Home in the Masonic Hall on Friday evening, July 18th.

Work has commenced on the crowning of Third Avenue and Pine Street in preparation for the oiling of the streets.

Miss Laura Peters returned last week from a visit to Toronto where she attended the Grand Lodge sessions of the Rebekahs.

The six-foot sidewalk to the Matagami is now connected up, and the improved walk thus made to the river is much appreciated by the many who use this pleasant route for a stroll.

At the recent meeting of the Grand Lodge of the I. O. O. F. held at Toronto, Bro. W. H. Pritchard, of Timmins, was appointed one of the Grand Lodge officers, being made Grand Herald for the ensuing term.

Mr. Robert Simpson, brother of Mrs. A. Roberts, and formerly solution man at the Vipond, has won high honor in the Great War. He was with the United States army, and for bravery and special coolness in the field he has been awarded the Distinguished Service Medal of the U. S. Army.

At the South End Police court last week Chief McInnis had a fighting case, a drunk case and a drunk and fighting case. The fighting case arose from a squabble between some men at the Dome and was settled by a payment of costs and an agreement to squabble no more. The drunk and the drunk and disorderly each paid fines and costs.

The young ladies of the town have planned to hold a baseball match in the near future and the event will be looked forward to with much interest. The young ladies have two good teams chosen and expect to show the boys how baseball should be played. Last year the young ladies had a couple of baseball matches and the spectators voted the lady baseball as among the best events of the season.

A new general repair and machine shop has been opened by Messrs. La Casse and Bouchard in Moneta, opposite the Union Coal Co. They are advertising in this issue to repair anything from a gramophone to an automobile, and specialize in machine work, carriage repairing, office and stores fixtures, and furniture repairing are other lines of their business.

The special at the New Empire Theatre for Friday and Saturday this week is Douglas Fairbanks in "Mr. Fix It." The name of Douglas Fairbanks and the name of the play assure something specially enjoyable. Douglas Fairbanks will make the greatest "Mr. Fix It" that could be imagined. Anything that his smile could not fix would not fix at all.

For the information of returned soldiers and members of the G. W. V. A. coming to the Camp from other places, it is pointed out that the Club Rooms of the Veterans may be found over King's Amusement Parlors and that all returned men are welcome there. Mr. H. C. Garner is the Secretary of the Goldfields Branch of the G. W. V. A., Timmins, and may be found at his office, Government Employment Bureau, opposite the post office, Pine Street.

At the last meeting of Cochrane G. W. V. A. reference was made to the need for a Government Employment Bureau in Cochrane. It was pointed out that Cochrane being a junction point such an employment branch was needed there more than at Timmins where there is a branch. This is a poor way of putting it. Cochrane may need the employment branch all right, but there is no necessity for unfounded references to the needs of Timmins. At Timmins the Government Employment Bureau has more than justified its founding here, for it has filled a great need in most desirable way and has been of great service to returned soldiers and others.
