BANQUET TO IROQUOIS FALLS FOOTBALL CLUB

After the football game between Iroquois Falls and Timmins last Wednesday evening there was a supper given by the Timmins Football Association, to the visiting team, several members from South Porcupine and McIntyre Football teams being among the invited guests. The event commenced at 9.30 p. m. at the Goldfields Hotel where Mr. Kurt provided a very appetizing supper, the service being of the best and this feature of the evening being enjoyed by all. After the supper, cigars, cigarettes, etc., were supplied by the host of the Goldfields and a very enjoyable evening passed by the forty or fifty present. G. A. Macdonald acted as toastmaster, and the responses to the toasts were of an unusually high quality. There was also a pleasing musical and literary program during the evening. Mr. H. W. Martin and Mr. W. H. Wilson favored the gathering with selections on the piano that were much appreciated as well as adding much to the success of the musical program by their work as accompanists. One of the special features of the evening was the singing of Mr. ("Slim") Hallowell whose good voice and spirited rendition of a couple of selections enthused the gathering, the choruses being heartily joined in by all. "There's a long, long, trail" was one of the special favorites of the evening. Mr. Jas. Staples and Mr. J. Stevens also contributed well-rendered songs to the evening's program and received well-merited applause. Mr. J. K. Moore made a hit with his rendition of "The Boys of the Old Brigade," while Mr. Hall of Iroquois Falls, pleased all with his song. Another special contribution to the program was the "Sermon" given by Mr. W. H. Wilson. As mimicry of the old-style form of preaching it was unusually clever and well sustained throughout. Mr. C. Neal, of Iroquois Falls, in an Irish recitation, caught the fancy of the gathering, all present enjoying the witty selection and its capable rendition. The toast list, both in the speeches of those proposing and in the responses, was very interesting, and amusing reminiscences of the early days in the North Land were referred to, especially in regard to Football and other sports. "The King" was proposed by Mr. J. Staples and was responded to by the hearty singing of the National Anthem. "Our Visitors" was proposed by Mr. W. Field, who took occasion to refer to the good sportsmanship evidenced by Iroquois Falls on every occasion, a sentiment very heartily agreed with by all present. Mr. Hill and Mr. A. S. Fearn responded for Iroquois Falls, expressing the appreciation felt for the hospitality shown by Timmins and the good sportsmanship evidenced here. Mr. Fearn gave a special invitation to the Timmins boys to attend the sports at Iroquois Falls on the 19th promising them a good reception on this or any other occasion. "The Northern Ontario Football Association" was proposed by Mr. Oscar Robertson in a very capable way. He made a special reference to the necessity for the right spirit of sport not only in the players but in the spectators. Mr. T. Moseley-Williams and Mr. C. Neal made excellent responses to this toast, Mr. Neal emphasizing the appreciation felt by the visitors for the hospitality of Timmins and also referring to the leading part taken by Timmins in the organization of football in the district this year. Mr. Moseley-Williams urged all to keep up the true spirit of British sportsmanship and good fellowship and referred briefly but aptly to some of the differences and difficulties encountered and showed how good sportsmanship would overcome these and Football would prosper and grow in popularity. "Our Country" was happily proposed by Mr. H. M. Martin who showed how sport in general and the British sport of football in particular had effect on the national character. He also gave interesting reminiscences of early days here in football. Mr. J. K. Moore, president of the Timmins Football Club made appropriate response, touching on football's standing and progress here and overseas. Mr. J. White made a neat proposal of "Other Sports," to which Mr. Macgregor, Mr. Wayland and others were asked to respond. "Our Sister Clubs," proposed by Mr. W. Fields, brought brief but bright replies from Mr. W. P. Black, Mr. Blewey, Mr. Williams and Mr. Macgregor. Mr. Snell was asked to propose the toast "The Rooters," and he aptly pointed out their value to the game. In responding Mr. E. H. Bridger and Mr. Hatton showed the encouragement given the players and the interest aroused by the rooters. Mr. Hatton also spoke very interestingly on football in the district, its past, present and future prospects as a good sport. In responding to "The Ladies" Messrs. W. H. Wilson and

Hallowell made a decided hit, both emphasizing the help given the game by the interest shown by the ladies. In this connection Mr. Hallowell took occasion to impress on the players the necessity for very carefully guarding their language on the field. As good sports they should show their appreciation and respect for the ladies present by seeing that offensive language was avoided at all times. Another toast that was enthusiastically received was that to "The Referee," given suitable reply by Mr. Oscar Robertson. After a toast to the chairman, and the expression of appreciation to the Goldfields for the good banquet served and the attention shown the guests of the evening, the gathering concluded with the singing of "God Save the King." All present expressed themselves as having an unusually enjoyable evening. One of the noteworthy features of the evening was the fact that the whole program was extempore, and on this account the general excellence of the addresses and the superior quality of the musical and literary features were specially worthy of note.

BLACKSMITH SHOP AT MATTAGAMI HEIGHTS

Mr. James Brough, well-known in the Camp as a competent general blacksmith and mechanic, has opened a blacksmith shop at Mattagami Heights in the building used last year as Hill's garage. The stand is right near the landing and should be convenient for the settlers along the river, the lumbermen and for others in the district. The new blacksmith shop should fill a very necessary place at Mattagami and in charge of a competent and skilled a man as Mr. Brough should do a big business. The new blacksmith shop is making a specialty of horse-shoeing, while boiler work, carriage work, etc., are also given special attention.

A large roasting plant and mill are to be erected at Driftwood near Cochrane, and the works are expected to be in operation this coming winter.

The National Grocers Limited, of North Bay, (formerly the A. W. Young wholesale grocery concern), have commenced the erection in Cochrane of a solid brick warehouse, 40 by 100 feet, at a cost of probably \$18,000. This warehouse will be used to supply this part of the North Land and the trade built up along the Transcontinental east and west.
