

**HAILEYBURY BURGLARY  
MYSTERIES CLEARED UP.**

Once more Haileybury may sleep peacefully and serene. The annoying and mysterious burglaries in that town have ceased and those responsible have been duly punished. In the course of a month or so Haileybury had a series of about a dozen burglaries or attempted burglaries. The evil did not lie so much in the value of the money and goods secured in the burglaries, but rather in the loss, annoyance and inconvenience that comes from a series of mysterious and undiscovered crimes. Indeed, the total value of money and goods secured by the Haileybury burglaries was hardly worthy of note. But night after night places were entered, or attempts evidently made to enter them, and as the police apparently were unable either to arrest the culprits or stop the crimes, the people of the town were very naturally excited and annoyed. There were so many peculiar features to the burglaries that last week The Advance suggested that it looked as if the

crimes were the work of some one mentally unbalanced or on a blind search for booze, or a little of both. Well, it was from some stolen liquor that the police first secured the clues that led to the arrest of two young men, Daniel McParland and Reginald Devine, on the burglary charges. Two other young men were found in an intoxicated condition and questioning led to the discovery that the liquor had been secured from McParland. Further police work brought evidence to show that the liquor was stolen, and soon McParland was facing five different charges of housebreaking. He pleaded guilty to the five charges before Magistrate Atkinson and was sentenced to three years in the Kingston Penitentiary. His confederate, Reginald Devine, pleaded not guilty and elected to appear before the District Court Judge. Appearing later last week before Judge Hartman, Devine was sentenced to three months in North Bay jail. Judging from the evidence, McParland committed the burglaries, Devine being chiefly used as a scout or watcher.

**CAPT. TOM MAGLADERY AGAIN THE CANDIDATE**

As was generally expected and merited, the Liberal-Conservative Convention at Cobalt last Thursday unanimously appointed Capt. Tom Magladery, M.P.P., as their candidate for Temiskaming for the coming election. Five others—Mrs. Geo. Mitchell, Cobalt; John Clark, Englehart; R. T. Shillington, Haileybury; D. Montfort, North Cobalt, and W. A. Gordon, Haileybury, were also nominated, but all withdrew. There were many returned soldiers prominent at the Convention and the number of ladies present was also noteworthy. Capt. Tom Magladery made a very effective address, reviewing the good work done by the Ontario Government, with especial reference to the work in this part of the Province. Hon. G. Howard Ferguson, Minister of Lands, Forests and Mines also gave an excellent address. Among other things he said that the day was not far distant when there would be a trunk highway from North Bay to Cochrane, connecting at North Bay with the road systems of the older parts of the Province.

**APRIL FOOL TIME TO CHANGE OCTOBER 27th.**

There have been many enquiries from readers of The Advance as to when the time, as shown by the clocks and watches in this country, will go to the old standard time. In reply, it may be said that the railways intend to set their clocks back again one hour on Monday morning, Oct. 27th. It may be noted that in Canada this year Daylight Saving Time so called was not officially adopted by the country as in 1918. This year Parliament indeed decided not to endorse the so-called Daylight Saving Time, and all official schedules were made on the regular time. Down in Old Ontario the old time prevailed in a great many places outside the big cities. The railways, however, adopted the Daylight Saving Time so-called on the plea that they were forced to do so to avoid confusion with railway connections with U. S. railways. In the U. S. the so-called Daylight Saving Time was in force according to law, but after this year it will not be unless another change is made, as the U. S. Senate upset the measure.

# The Expenditure of \$610,000,000

**How the last  
Victory Loan  
was spent**

**For  
Demobilization**

**For Trade  
Extension**

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000 for paying them feeding them bringing them home separation allowances to their dependents maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster

+ + + + + + +

Other disbursements were not strictly speaking expenditures but National Re-investments

To Great Britain for example

\$173,500,000 was loaned for the purchase of our wheat and cereals

\$9,000,000 for our fish

\$30,000,000 for other Foodstuffs

\$2,900,000 for Canadian built ships

\$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain

To our Allies we loaned \$8,200,000 for the purchase of Canadian foodstuffs raw material and manufactured products

The Re-investments will be paid back to Canada in due time with interest

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice had we not made these credit loans.

As far as money is concerned 1919 has been and is still—just as much a wat year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.
