**PORCUPINE HOCKEY TEAM**

was felt by the meeting that the attitude here in regard to the League would depend considerably upon Iroquois Falls. If Iroquois Falls entered the League, a team or teams from the Porcupine could play in a Northern Group with the Falls. Otherwise, the team here could play with the Central Group. Mr. Briden, of Schumacher, said that they expected to have a good McIntyre team and enter it in the League. He had interviewed Mr. Ennis about the matter and Mr. Ennis had promised fullest support, except that he would not encourage professionalism in any way. Mr. Briden understood it was the intention to have an open air rink at the McIntyre this year for skating and hockey practice. According to O.H.A. rules games would have to be played in the nearest covered rink, and this rule would apply to both Iroquois Falls and McIntyre if they entered the League. The general feeling of the meeting was that it would be best to have one team from the Porcupine in the N.O.H.A., particularly if it were necessary to play in the Central Group. The matter of the local league was decided by the following motion:— "Moved by W. Wylie, seconded by S. McCoy, and carried. That a local league be formed of the Hollinger, McIntyre, and a Town Team." The residence rule of Nov. 1st will apply to the players in this local league, and a list of players is to be submitted at a meeting called for Oct. 17th. In cases where a man worked, say at the Hollinger, and lived at Schumacher, or whether he worked at the Hollinger and lived in Timmins, thus being eligible to play in either team, it was thought that the best way would be to let the player himself choose in which team he would play. The matter of the entering the Northern Ontario Hockey Association was decided by motions by Messrs. Wylie and Lowe, to the effect that in case of Iroquois Falls joining the League we enter a team in the Northern Ontario Hockey Association to be grouped with Iroquois Falls, and in case Iroquois Falls does not enter that we accept grouping with the Central Group. On motion of Messrs. Briden and Sullivan, of Schumacher, the team to be entered in the N.O.H.A. will be known as the Porcupine Hockey Team. On motion of Messrs. W. Wylie and G. S. Drew, it was unanimously decided that Mr. G. S. Lowe be the representative from here on the executive of the N.O.H.A. After a general discussion on hockey matters and prospects, the meeting adjourned.

**VICTORY LOAN CAMPAIGN OPENS ON MONDAY NEXT**

Campaign to Obtain Three Hundred Millions Soon Under Way.

The campaign sheets sent out by the Canadian Press Association for the 1919 Victory Loan announce Monday next as the day that the 1919 Victory Loan opens. They also take occasion to point out that, "Be sure you don't start anything you can't finish," is good advice for anyone; if it is good for them individually it is good for them collectively; it is good for Canada. Canada entered the war determined to see it through. The war is over, but the results of the war are not over yet. It is up to Canada to stay with the game until the affair is all over, and the last light out. The aftermath of the war includes obligations to soldiers and the dependents of the fallen. These are debts that cannot be left unpaid. The wounded man in the hospitals look to Canada for health again. The crippled veteran expects that Canada will see that he can earn his living well, in spite of his handicap. In addition Canada needs money for working capital, as it were. On Monday the Victory Loan 1919 opens. By this means Canada expects to get the needed money to carry on until these results of the war are wiped out. It is expected that every citizen will see to it that this last and final loan is a complete success.

**KIPPAWA FIBRE PLANT NEARING COMPLETION**

The big \$4,000,000.00 plant of the Kippawa Fibre Company, a subsidiary weeks the power development is being rushed to completion at South Temiskaming, at the foot of Lake Temiskaming. With the exception of the bleaching plant, the construction work is practically all completed and the work of installing the machinery is now proceeding. It is learned that the mill is expected to turn out upwards of 25,000 tons of bleached sulphite pulp during 1920. In a few weeks the power development is expected to be completed, followed by the immediate operation of the whole plant.

**The Navy League of Canada**  
Its Vital Work for Canada

THE Navy League of Canada fosters the splendid spirit that made the British the greatest of maritime nations. It organizes loyal Canadians so that practical work may be accomplished for the development of Canada's direct interests at sea.

The human side of Canada's Mercantile Marine is the League's especial interest—training Canadian boys to become the sturdy type of British manhood that won its laurels again and again in the great war—relieving distress among victims of the submarine warfare—and giving the sailor ashore an alternative place for rest and recreation to the places of doubtful entertainment that abound in port.

*Why the \$500,000 is needed*

On Nelson Day, October 21st, starts a 3-day campaign throughout the Dominion to raise \$500,000 necessary to finance the coming year's work of the Navy League of Canada. Help the work by giving liberally. As a nation whose expanding trade will depend on exports, we must educate our boys to the highest type of seamanship so that they will be equipped to man our ships to carry our exports to foreign markets.

You will do your part in this work by contributing liberally to the support of the Boy's Navy Brigades, the organizations by which the Navy League trains boys for our merchant marine.

Every dollar subscribed will be used to further the work of the Navy League in Canada—the work in which you are personally interested as a patriotic citizen. Help by giving.
