## SUDBURY WANTS SENIOR RECOGNITION IN O. H. A.

Sudbury is not well pleased with the way matters have gone in the hockey line this year. In a recent issue the matter is unburdened in the Sudbury Star. Among other things The Star says:—"The decision of the O. H. A. to place the senior series of the new Northern Ontario Hockey Association on a par with the intermediate series of their association comes as a distinct surprise and disappointment to hockey players and fans in Sudbury, and the fight of the Sudbury Club for a senior rating has just commenced. At a meeting of the local executive it was decided to press Sudbury's claim for senior recognition vigorously and a telegram of protest has already been sent to President Campbell, of Cobalt, the head of the new association which the O. H. A. has just taken under its wing. Just how the amalgamation of the new association with the O. H. A. came about is something that the Sudbury executive cannot understand. It was always the intention to make the Northern Ontario an independent league, with C. A. H. A. sanction, so that the winners of the senior series might challenge for the Allen Cup, emblematic of the highest hockey honors of the country. On the day of the organization meeting of the new league at Cobalt the Sudbury Club sent a wire insisting on an independent league and a resolution was passed by the meeting to this effect. Any representations, therefore, that have since been made to the O. H. A. have been made without the consent or knowledge of the Sudbury Club and in direct variance to the wishes of the clubs of the league. Even at that, Sudbury has no strong objection to affiliation with the O. H. A., but resentment to being classed with O. H. A. intermediates is expressed on every side. That is why the Sudbury club will continue its fight for either a senior rating with the O. H. A., or an

independent league such as the O. H. A., Thunder Bay League and the amateur leagues of the western provinces, all of whom each year get a chance in the elimination contests for the Allan Cup."

Sudbury seems to be unduly annoyed over nothing. There is surely nothing disgraceful about intermediate standing and a good season's sport in hockey is more to be considered than even the possibility of competing for the Allen Cup or any other trophy. Sometimes ambitions lead to teams and towns forgetting the fact that the idea of sport is primarily to provide clean, wholesome exercise and healthy amusement and to cultivate the true sporting instincts of generosity "give and take," and consideration for others. No doubt the N. O. H. A. and the O. H. A. did their very best to make the most suitable arrangements under the circumstances and conditions. Sudbury had the fullest opportunity to express its opinion and advance its ideas in the N. O. H. A.

Graduate Nurse in Attendance  
Maternity Cases especially solicited.

## FILM OF "CHECKERS" EQUALLING FAME OF PLAY.

At the New Empire Theatre on Friday and Saturday, December 5th and 6th the famous motion picture play, "Checkers" will be shown. In addition on the evening shows, there will be a matinee on Saturday afternoon at 2:30. The play, "Checkers," was one of the most striking of theatrical successes, and the motion picture version by William Fox is even more noteworthy. Advance reports promise a picture of great pretention, superbly executed. Richard Stanton directed the work. As a stage play, "Checkers" was a classic. There are many big spectacular scenes in the film, such as an actual race at one of the large tracks, a thrilling train wreck in which a freight car containing several persons and a race horse topples into a river, and a sensational scene in New York's Chinatown.

## The Nujol Treatment as Sickness Prevention

Science, with anti-toxins, serums, and modern sanitation, has done much to prevent dangerous disease; but the diseases so checked are comparatively few. On the other hand, 90% of all diseases have one common origin—constipation.

The dangers of constipation are so far-reaching, because the blood receives poisons from an infected mass within, and carries them directly to every organ of the body; and because constipation itself keeps the system in a run-down condition so that any infectious germs from without readily gain foothold.

Keep clear of constipation and you guard against serious disease. Nujol will remove constipation and prevent its return.

The action of Nujol is entirely different from that of any other constipation remedy. It is not a drug. Nujol softens the food waste and encourages the intestinal muscles to act naturally.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health facts—"Thirty Feet of Danger"—see, write Nujol Laboratories, Standard Oil Co., (New Jersey) 30 Broadway, N.Y.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark, as shown here. Beware of products represented to be "the same as Nujol". You may suffer from indigestion.
