## How Good are Your Eyes?

A good many people are mistaken regarding their vision. Are you one of them? How good are your eyes, anyway? Can you see properly or do you only think you can? The only way to know definitely whether your eyes are good, bad or average is to have a thorough examination made. We can do that for you. How about your children's eyes? Do they ever complain of Headaches? If so, it is in all probability caused by defective eyesight.

## Bring the Child to us and Let us Make an Examination

We can tell you just whether the eyes are the cause of all the trouble or not. To the sufferer from eye strain and headache, we say this—Do not Delay. Have your eyes examined before it is too late. Call us up and make an appointment.

## Timmins News in Brief

**BORN**—In Timmins, on Saturday, March 14th 1920 to Mr. and Mrs. P. Dougall, Third Avenue, a son.

Remember the new date for the Dog Race—Saturday of this week, March 20th.

Mr. Geo. W. Eedeestone, M. P. P., of Bracebridge, paid a visit to the Camp over the week-end.

Dr. McInnis Mayor of Timmins, and Mrs. McInnis are expected back to town on this evening's train, after their vacation in Florida, Cuba and other points south.

Mr. Guy McChesney, who has been on the Hollinger staff for some time past, left yesterday for Gowganda district where he intends doing prospecting work.

The passengers on the stalled-in-the-snow train on this branch line of the T. & N. O. last week were well fed at the Reamsbottom & Edwards camp at Connaught, just as the delayed passengers the previous week at the same point. One of the engineers says that if the season were not so late he could buy regular meal tickets for Connaught.

The Ladies of Schumacher are giving a Grand Concert in the Schumacher Theatre on Wednesday, April 14th at 8.30 p. m. The programme will include many high class literary and musical features, and will be a genuine treat. After the concert there will be dancing and refreshments served. Accordingly, it will be seen that the ladies intend to make the evening of April 14th an unusually attractive and pleasing event, and it will be one that none in the district can afford to miss.

Mr. J. D. Maclean, Town Foreman and Deputy Fire Chief, returned to town on Monday evening after several months spent in hospital at Toronto undergoing treatment for injuries suffered to his back some years ago. All his friends (meaning everybody) are delighted to see "Jack" back again and looking to be in the best of health and strength. This treatment was successful, and though Jack will have to continue to wear a plaster cast for his back for the next couple of months, after that he will be his old self again.

Mr. G. E. Fairbairn, clerk of Teek Township, Kirkland Lake, renewed acquaintances in the Camp last week.

Mr. Frank Francis of the Hill-Clark-Francis firm, left on business to New Liskeard on Tuesday.

Miss L. Maltais returned on the week-end train from a visit to the south where she was visiting the spring millinery displays and seeing the latest in new styles and modes in ladies' headwear.

The sittings of the Division Court announced to be held at Timmins on March 25th has been postponed. The next session of this Division Court will be held at Timmins on April 29th.

Mr. Geo. M. Black, formerly of the Porcupine Crown office staff, left here on Sunday's National for Sudbury where he has a responsible position on the office staff of the C. P. R. Divisional Superintendent.

Mr. W. J. Asseltine, of Cobalt, was a visitor to the Camp to-day and renewed old acquaintances here. Mr. Asseltine is connected with a firm dealing in mining supplies. Their head office is in Cobalt, and at the present time they are considering the opening of an office in Timmins.

In the Provincial Court at Cobalt on Saturday last Leopold Niebudehuk faced two charges of selling liquor. There was also a charge against Nik of illegally having firearms being an alien enemy. The latter charge was laid over as he claimed to be a British subject and that his papers proving this were in Ottawa. The one liquor charge was dismissed but on the other he was fined \$1000.00 and costs. He paid. There is a moral in this paragraph, if you can find it.

Major Pullen, Conservative candidate for the by-election in this riding, was a visitor to the Camp last week, as was also Mr. Angus McDonald, of Cobalt, the Labor candidate. Mr. A. G. Slaght, the Liberal candidate, was here a couple of weeks ago, and Mr. D. Bertrand, of South End, the Independent Liberal Farmer candidate, is always in the Camp, so the election pot has started to boil. This week a regular galaxy of stars of outside political talent is expected here, with some special public meetings.

Official T. & N.O. Watch Inspector.

# Influenza

## Precautions Recommended to Avoid Influenza

- Avoid contact with other people as far as possible, especially crowds indoors, in street cars, theatres, motion-picture houses, and other places of public assemblage.
- Avoid persons suffering from "colds" sore throats or coughs.
- Avoid chilling of the body or living in rooms of temperature below 65 deg. or above 72 deg. F.
- Sleep and work in clean, fresh air.
- Keep your hands clean, and keep them out of your mouth.
- Avoid expectorating in public places, and see that others do likewise.
- Avoid visiting the sick.
- Eat plain, nourishing food and avoid alcoholic stimulants.
- Cover your nose with your handkerchief when you sneeze, your mouth when you cough. Change handkerchiefs frequently. Promptly disinfect soiled handkerchiefs by boiling or washing with soap and water.
- Don't worry. Keep your feet warm. Wet feet and prompt attention. Wet clothes are dangerous and must be removed soon as possible.

### What to do for Influenza and Colds

Oftentimes it is impossible to tell a cold from influenza. Therefore: If you get a cold go to bed in a well ventilated room. Keep warm. Keep away from other people. Do not kiss anyone. Use individual basins, and knives, forks, spoons, towels, handkerchiefs. Use soap, wash plates and cups. Every case of influenza should go to bed as under the care of a physician. The patient should stay in bed at least three days after fever has disappeared and until convalescence is well established. The patient must not cough or sneeze except when a mask or handkerchief is held before the face. He should be in a warm, well-ventilated room. There is no specific for the disease. Symptoms should be met as they arise. The great danger is from pneumonia. It is established by while actually ill and until convalescence is well established. The complications of influenza are many. It is improbable that influenza vaccine can prevent the disease, but the Combined Vaccine issued by the B. C. is believed to be of value in preventing complications such as pneumonia.
