Timmins News in Brief

Mr. W. F. B. Cadman, Superintendent of Northern Ontario Light & Power Co. and Porcupine Telephone Lines, has returned to Camp and will reside in Timmins.

The Misses Caroline E. Smallecombe and Leila B. Gott, of Cobalt, made a surprise visit to Mr. and Mrs. E. V. Hughes, 46 Fourth Avenue on Wednesday last.

Remember—Annual Meeting of the Northern Ontario Football Association, in the Council Chamber, Timmins, Friday of this week, April 16th at 1 p. m. sharp.

Mr. John Metcalfe, of Haileybury, has secured the patent for Canada for a new snow plough which he has invented. He has applied for a U. S. patent, and is now trying to arrange for the manufacture and sale of the plow. The plough is designed for use on sidewalks, and is reversible, so that the snow may be spread to either right or left. An ingenious arrangement makes it easy to reverse, and saves many turnings, and also does away with the necessity for ploughing up hill.

A Finlander on Fifth Avenue attempted to commit suicide last week by drinking muriatic acid. He either took too much or too little and now is on the way to recovery. No reason is known at present for the attempted self-destruction. Perhaps, he felt that he had nothing to live for. Now he has something to look forward to,—a charge of illegally attempting suicide. The only known legal method of committing suicide in this country is to pawn all your winter clothes at the first advent of beautiful weather.

The executive of the Timmins Football Club met on Thursday evening last and continued their plans for a big football season here this year. Among other topics touched upon was the question of having a Junior Football League. This question was left over until after the meeting of the Northern Ontario Football Association, with the understanding that the Timmins Football Club is hearty in sympathy and will give all possible assistance to Junior Football teams.

Mrs. Craven and children leave this week on a visit to the Old Land where they will spend a few months visiting relatives and friends in Scotland and England.

District Deputy Brand Master Bro. C. G. Williams will pay his official visit to Golden Beaver Lodge A. F. & A. M. this evening.

The Annual Meeting of the Timmins Amateur Athletic Association will be held in the Council Chambers on Thursday, April 22nd, at 8 p. m.

Mr. Grills, of the W. N. & P. H. Stock jewelry store, returned on Friday last after a two weeks' visit to Toronto, Hamilton and other points south.

There was an auction sale at South Porcupine on Monday of the hospital supplies secured there for the "Flu" epidemics. This sale of hospital supplies is taken by many to suggest that South Porcupine is not intending at present to proceed with the proposed plans to establish a hospital in that part of the Camp.

Mrs. Jas. D. Cockburn, of Schumacher, returned last week from a visit of several months to the Old Country accompanied by her daughter who has been completing her education at course in England. Mr. Cockburn and son met them in Toronto on their way here and the family will take up residence in Schumacher in the house formerly occupied by the pastor of the Schumacher church.

The executive of the Porcupine District Hockey League had a meeting last night and wound up the business of the league for the season. A division was made of the funds on hand, each of the three clubs,—the Timmins, McIntyre and Hollinger,—were given \$25.00, and the balance of around \$35.00 was left in the Treasury to pay the initial expenses of the next season. The season was a successful and pleasing one, and great hopes are held for a still better season for the sport next winter.

Mr. W. Twaddle returned on Sunday from a visit to Owen Sound, Toronto, and other points south, accompanied by his bride, formerly Miss M. Thompson of the Public School staff here. Their many friends here will extend best wishes to them. Mr. and Mrs. Twaddle will take up residence in Rochester Township, in the house occupied recently by Mr. and Mrs. H. J. Martyn. Mr. Martyn, who is on the Express Co. staff on the Porcupine branch expects to be transferred to another run in the near future.
