COMMUNITY BUILDING
THOUGHT NOT PRACTICAL.

(Continued from page 1.)
ample accommodation for the Veterans, and with the distinct understanding that if the amount for this could not be secured as expected, the amount obtained should be used to provide suitable quarters for the G.W.V. A. alone. This plan would show whether the people were willing to finance the larger or the smaller plan. In answer to Chief Borland, Mr. Reed thought the town could not build any community building when citizens for years had to go without water, sidewalks, roads, etc., for reasons of finance. He also said he was afraid the people were "tired of giving." He thought present conditions did not warrant the erection of a big community building.

Regarding the issuing of debentures by the town, Councillor Longmore explained that any money by-law of this kind would have to be submitted to the people and approved by a majority of those voting.

Mr. C. G. Williams said that he fully appreciated the advantages of a Community House here, but he did not think there was a hope in the world for getting it at present. The matter, therefore, he thought narrowed down to providing accommodation for the G.W.V.A. He did not know whether it could be secured or not, but there was a building at the side of the Goldfields that was owned by the Hollinger and might be given by them for the Veterans. It might be suitable, if fixed up. At any event it was worth considering as a present measure for supplying the need.

"Forget it" was Mr. T. F. King's advice regarding a Community Building, which he termed a "dream." "There is not a church here in keeping with the town," he remarked, the

suggestion being that money would not be obtainable for the other public purpose.

Mr. J. W. Reed thought a cottage building might be erected for the Veterans for the present. The Mayor was opposed to any makeshifts for the war veterans. The town owed them more than that.

After some further discussion with remarks and suggestions from Messrs. L. S. Newton, H. Charlebois and others, Messrs. A. Borland, W. T. Curtis and J. W. Reed were named as a Committee to see about the Goldfields Annex building, whether it could be obtained, its suitability, etc. Dr. McInnis and Mr. E. L. Longmore were named as a Committee to enquire into putting up a \$15,000 or \$20,000 building for the Veterans on the debenture plan by the municipality.

Another public meeting is to meet next Tuesday evening, May 18th, to hear the reports of these two committees.

IT IS A SAD AND FUNNY
WORLD.—THIS NORTH LAND.

To be lost a thousand miles from home and dead broke is a terrible thing but it is infinitely more pathetic to be lost within sight and sound of home, and perfectly sober. Ed. Leslie once got lost in Rochester, New York, many a many years ago, but Jack Bellevieux and Stan Miller last week had a still more terrible experience. They got lost in Rochester—Rochester alongside Timmins. They started out to attend a party that was to gather at a house in Rochester at 9 p. m. Jack knew just exactly where the house was. He could walk right straight to it, he thought. He walked right straight, all right, but they couldn't locate that house. From one street to another they trudged, in and out of Rochester, in and out of Timmins, making one after another valiant start. Eventually about midnight they finally did locate the house. You can always trust those T. & N. O. employees never fail to arrive time or another. Indeed, the incident is only mentioned to show that the T. & N. O. employees never fail to arrive despite all difficulties, and also to point the moral that Timmins and its suburbs are growing and spreading beyond the ken of the main line and single Mattagami spur of the T. & N. O.

Miss May McCallum and Miss Nora Miller, of New Liskeard, were guests last week of Mrs. J. Perrault.

BRIGHT MUSICAL COMEDY
AT NEW EMPIRE THEATRE.

An extra special event will be at the New Empire Theatre on Friday and Saturday of this week, May 14th and 15th. This is the musical comedy "The French Models," with 17 people. This is the first musical comedy to visit the Porcupine these many, many, moons, and as the press and people down below all speak in the highest terms of the show the event should be very welcome here. "The French Models" is described as a "musical comedy de luxe." Among the features are Fogarty and Leggett, high-class singers and dancers. Dot Leggett is described as a "dashing, dainty dancing soubrette," while Jack Fogarty is a lyric tenor. They are ably assisted by Frankie Russell, one of the latest vaudeville sensations and fifteen "dainty, dimpled dancing dolls" as the bills say. The gowns are many and beautiful, the scenery and electrical effects something special, and the music is catchy and sparkling.

Notes of Interest

The body of Mr. Shields, who was drowned at Kenogami Lake last October, when he and Mr. Harry Brooks met death in the capsizing of a canoe, was recovered from the lake on Monday of this week.

The Mayor Dr. J. A. McInnis, left yesterday for Toronto to attend the big conference of representatives of the Navy League of Canada, and for other public business. He will be away from town for a few days and during his absence his medical work will be looked after by Dr. Sinclair, B. A., M. D., as on previous occasions.

Some boys recently entered the Timmins Rink and caused considerable damage. They interfered with the piano, removing parts and otherwise injuring the instrument to an extent that will cost many dollars to repair. In addition they lowered the electric lights, cutting and carrying away the ropes and stealing the bulbs. Officer Allen has been working on the case, and found the boys concerned, all of whom admit some part in the affair, but at present blame the leadership on a lad out of town for the present. As soon as the boy returns, the matter will no doubt be straightened out with the help of that expert in the art of getting the truth from boys—Magistrate Atkinson.

SUDDEN DEATH OF MR. T.
HAWKINS LAST WEEK.

Mr. T. Hawkins, a former well-known resident of the Porcupine Camp, was found dead in bed at the Star Hotel, South Porcupine, on Thursday morning of last week, evidently having passed away in his sleep from heart failure. The late Mr. Hawkins was recently employed at Iroquois Falls with the Abitibi Power & Paper Co., and had been on a visit to friends and acquaintances in Timmins and South Porcupine a few days before his death. He was well-known, very popular and highly esteemed in the Camp. He had been connected with the staffs of the Goldfields Hotel at Timmins and of the Connaught Hotel at South End and so was well known to the general public in the district. He was a native of England, and a little over 40 years of age. The funeral took place on Sunday to Timmins cemetery & was with Masonic honors. There was a large attendance of the Masons of the Camp, with a number coming over from Iroquois Falls Lodge. The L. O. L. of which Order the deceased was also a prominent member, was also represented at the last sad rites, a number of the local Orangemen being in attendance and taking a part in the services. Many friends and acquaintances in the district also paid the last mark of respect and esteem for the late Mr. T. H. Hawkins by their presence at the funeral.

The deceased was for many years a resident of the North Land, but his immediate relatives, including a son in England, are resident overseas.

Mrs. T. Moseley-Williams and family, of Schumacher, are visiting in New Liskeard.

Remember the Baseball meeting Friday evening of this week in the Council chamber.

In the early part of February this year four men were accidentally drowned at Iroquois Falls when a section of the dam gave way. On Sunday afternoon one of the staff of the Forestry Dept. of the Abitibi Co. found the body of one of the men thus drowned. The body was about half a mile from where the accident occurred. The remains were sent to Beachburg this morning for interment.

Why?--and What For?

The Salvation Army
Activities in Canada

If we are to carry on and extend our work in Canada we must have funds for the maintenance of the following institutions:
Maternity Homes for poor mothers and their babies.
Orphan's Homes, not "orphanages" or "institutions," but small homes where parental care can be most closely approximated.

Rescue Homes for wayward girls and unmarried mothers and their babies.
Women's Shelters for temporary care of dependent cases.

Police Court Work where men and women, not habitual criminals, are taken in hand, induced to go straight, and followed up.

Prison, Jail and Penitentiary Work, visiting prisoners and their families.
Working Men's Homes and Shelters where men may have clean beds and surroundings at nominal charge, or, if they have not the price, free.

Free Labor Bureau.
General Hospitals.
Home Mission Department.
Hospital Visiting Bands.
Industrial Workshops where derelict men support themselves and work out their own Salvation.

Lost and missing friends world-wide enquiry.
Training College for Candidates for Officership.
Visiting and Supplies to Poor People in Their Homes.
Young People's Work.

These institutions are manned by officers whom gold cannot buy. They would not consider their service to be a joy unless it involved day-to-day, life-long, personal sacrifice for God and their fellow-men.

The Salvation Army
Activities Abroad

From a personal point of view; from a business point of view; from any point of view, THINK WHAT IT MEANS to operate in sixty-six different countries, and forty-two different languages.

It is a work that you should have a part in. You may not be in the mission field but you should be behind this great, unselfish force of men and women who are on the ground doing the actual work. Work which obviously cannot be fully self-sustaining is carried on by us among:

Argentines	Lapps
Basutos	Malays
Belgians	Marathis
Bengalis	Mashanaves
Bhils	Mashonas
Chilians	Matabeles
Chinese	Mexicans
Cingalese	Peruvians
Costa Ricans	Punjabis
Doms	Sansias
Guzeratis	Sikhs
Haburas	Tamils
Hindus	Telugus
Hottentots	Uruguayans
Japanese	West Africans
Javanese	West Indians
Kaffirs	Xopas
Kanereese	Zambesians
Koreans	Zulus

Part of the Self-Denial Fund has always been used to further our work among these and many such peoples.
