There may be some confusion as to the date of the annual church parade of the Golden Beaver Lodge on account of announcement being made at South Porcupine on Sunday last that the event would take place on the last Sunday of this month. The church parade of the Golden Beaver Lodge will take place to St. Matthew's Anglican church, Timmins, on the fourth Sunday of the month, Sunday next, May 23rd, for divine service at 7 p. m.

In a letter from Attleboro, Mass., Mr. Ralph T. Regnell, in renewing his subscription, says:—"Am still laid up, unable to use my legs at all, but get some use of my hands. Life has been rather monotonous for the last year or so, and I long for the old times of the North Country. I drop everything else when The Advance arrives to get the news of the North." His many friends in the Porcupine will very sincerely wish "Reg" an early return to his old-time good health and strength. In the meantime his many old friends here might help along the good work and relieve the tediousness of his situation by cheering the old-timer with breezy letters from the corrugated camp. ### UPPER AND LOWER.

"Let me have sleeping accommodation on the train to Ottawa," I said to the man at the window, who didn't seem at all concerned whether I took the trip or stayed at home.

"For single passenger?" he finally said.

"No," I replied, "I'm married but I'm not taking anybody with me. A single shelf will answer."

"Upper or lower?" he asked.

"What's the difference?" I enquired.

"A difference of fifty cents," came the answer.

"Our prices to Ottawa are \$1.50 and \$2.00."

"You understand of course," exclaimed the agent, "the lower is higher than the upper. The higher price is for the lower berth. If you want it lower you'll have to go higher. We sell the upper lower than the lower. It didn't used to be so, but we found everybody wanted the lower. In other words the higher the fewer."

"Why do they prefer the lower?" I broke in.

"On account of its convenience," he replied. "Most persons don't like the upper, although its lower, on account of it being higher, and because when you occupy an upper you have to get up to go to bed, and then get down when you get up. I would advise you to take the lower, although it's higher than the upper, for the reason I have stated, that the upper is lower than the lower because it is higher. You can have the lower if you pay higher; but if you are willing to go higher it will be lower."
